The dairy princess will be selected on the basis of appearance, personality, natural beauty, health and photogenic qualities. Tentative sites for regional contests include Thief River Falls, Cloquet, Battle Lake, Browersville, Lewisville, Little Falls, Detroit Lakes, St. Cloud, Rochester, Willmar, Anoka and Farmington.

Anyone may send in entries—as many as they like—suggesting a name for the princess. Each entry should be on a separthe name and address of the person submitting it. The entry must be accompanied by 25 words or less explaining why the suggestion will best describe a dairy princess for Minnesota.

Entries should be sent to the Minnesota Dairy Industry Committee, 2239 Carter Avenue, St. Paul.

Optometrists to Hear 2 Speakers at State Meeting

Two nationally prominent visual specialists will headline educational sessions of the 54th annual meeting of the Minnesota Optometric association scheduled for April 25, 26, 27 at Leamington Hotel in Minneapolis, according to Dr. Harold L. Carlson, Mankato, president of the group.

First among the featured speakers will be Dr. Maurice D. Pearlman, consultant in ophthalmology at Northern Illinois College of Optometry in Chicago.

Dr. G. N. Jessen, who is a practising optometrist in Chicago, will discuss practical work in visual training, a subject which is becoming more and more important to vision specialists.

Potatoes Now One of Best Food Buys

"U" Marketing Agent Advises Greater Use

Food shoppers who are looking for bargains will find potatoes among their best buys, Mrs. Eleanor Loomis, extension consumer marketing agent at the University of Minnesota, said today.

Many families could have better and cheaper meals by taking advantage of the large supplies of good-quality, old-crop potatoes now on markets in Minnesota at budget prices, she declared.

Potatoes are in the spotlight the country over as National Potato Week, April 1-10, focuses attention on one of the most nutritious, versatile vegetables used daily in food preparation.

For the amount of money spent, potatoes have more energy-giving value than any other vegetable, according to Mrs. Loomis. Eaten daily, they furnish a substantial amount of vitamin C, some of the B-vitamins, iron, calcium and phosphorus and starch.

Since much of the important food value lies next to the skin, potatoes should be baked in their jackets to save the valuable nutrients.

Contrary to popular opinion, potatoes in themselves are not fattening. A medium potato contains less than 100 calories, no more than an apple, or banana. But watch the "trimmings," cautions Mrs. Loomis; it's the gravy butter or other fat used on potatoes that makes the calories mount up.

States in the Middle Atlantic area, including New York, New Jersey and Pennsylvania, are expected to show an increase in coal consumption in 1956 by 5,300,000 tons for the use of electric power generation alone.

Eighty per cent of America's fatal highway accidents involve cars traveling in the same direction, with faulty depth perception on the part of drivers getting the most blame.

Suggest Better Diet for Old Folks

Minnesota University Specialists Give Tips

Many men and women who have passed their 60th or 70th birthdays would be healthier and happier if they had better diets, extension nutritionists at the University of Minnesota said today.

Lowered resistance to flu, colds and other troubles often results from poor food habits, according to the nutritionists. The "tea and toast" diet, too common among the elderly, is often the reason for such complaints as a chronic tired feeling, loss of sleep and excessive worry over trivial things.

A nutritionally well balanced diet for the elderly is similar to that for any adult. Because elderly people are less active than younger adults, they need less food solely for energy. However, since they use repair materials less efficiently than those who are younger, they do need as much or more protein, vitamins and minerals for bodily repair and upkeep.

For the sake of good health, the University nutritionists advise adults from middle age and on to include in their diets generous amounts of milk and milk products, lean meat, poultry, eggs or fish as well as vegetables and fruits, especially leafy green and yellow vegetables and tomatoes and citrus fruits. Older people would do well to limit their intake of rich desserts, gravies and starchy foods.

'U' of M. Booklet Lists Hybrid Corn Maturity Ratings

The maturity date of any hybrid corn variety offered for sale in the state can be checked by looking in a new, free University of Minnesota publication now available at county agents' offices.

The booklet, Miscellaneous Report 20, issued by the University's agriculture experiment station, lists about 700 varieties of hybrid corn, gives the maturity rating for each and the zone for which the variety is best adapted.

The testing program is carried on under provisions of a state law which requires that the University test each variety sold in the state and publish its maturity rating.

According to E. H. Rinke, University agronomist and co author of the report, agronomists determine a variety's maturity rating by checking its ear moisture content at harvest time and comparing it to that of already tested varieties.

Rinke also has some tips for farmers buying hybrids for 1954 planting. "Plant two or more varieties—seasons vary and each hybrid responds differently," he says.

Social Security Benefits Require Correct Reports

Representative of Grand Forks Office Will Visit This City Next Tuesday

Correct reporting for social security was urged in a statement made today by Walter D. Kistler, manager of the Grand Forks social security office. "It is essential to the future of workers and their families, that quarterly reports of employee's wages be right," Mr. Kistler declared.

The social security old-age survivors insurance program provides protection for 4 out of 5 of the nation's workers, including the self-employed. It provides old-age benefits for workers and their families upon the worker's retirement at age 65 or later, and survivor benefits for families should the worker die at any age. Whether or not any benefit is payable, and if so, the amount of the benefit, depends on the amount of covered wages credited to the individual social security account of the worker.

Therefore, it is the obligation of the employer, Kistler stated, to report all the covered earnings of each of his employees, under his correct name and social security number. Any failure of the employer to fulfill this obligation may result in a failure to credit the earnings to the employee's social security account and consequently, in failure of the employee to qualify for any benefit or for the full amount of his benefit.

The self employed person, whose net earnings from a trade or business covered by social security are $400 or more in a year, has the obligation to file a report of his self employment income. This is done in connection with the individual's regular yearly income tax return, and is required regardless of whether he is otherwise required to file a regular income tax return.

A representative of the Grand Forks social security office will be at the employment office in Thief River Falls on Tuesday, April 13, at 10:00 a. m. Mr. Kistler urged any individuals who may have questions relative to the social security act to call on him at that time.

FARMER'S WORK, LIKE WOMAN'S, NEVER DONE

Surveys by experts on University Farm Campus indicate that Minnesota farmers work nine to ten hours a day on work days, about four hours each Sunday and holiday, totaling between 3,000 and 3,300 hours of work a year; about a fourth report more than 3,500 hours a year, nearly the same number less than 2,500 hours a year. Dairy farmers put in more hours than cattle feeders and hog men. Dairy farmers spend an average of 8.8 hours per year per acre of crops, other farmers 6.6 hours. Corn silage takes 10.7 hours per acre, husked corn 6.7, alfalfa hay 6.2, barley 5.3, oats 5.1, flax and soybeans each 4.6 hours per year per acre.

Coal production in Great Britain in 1953 declined a million-and-a-quarter tons compared with 1952, with total saleable output of coal 223,518,000 tons, about half the 1953 production of U. S. bituminous mines.

Evelyn Chandler, who electrified bigtime skating audiences of other years with her sensational acrobatics, has transferred her talents to roller skates. Evelyn, now on a coast-to-coast tour, will appear at the Northwest Sports, Travel and Boat Show at Minneapolis Auditorium April 18-25, still doing the gazelle-like leaps, splits and jumps which won her nationwide popularity. She is seen here in her poodle dog routine. She will appear as part of an 18-act water and stage show.

During our stay in Minneapolis, while attending the State High School Basketball Tournament. We (my wife and I), had the good fortune of visiting with Donnie Johnson at the Sheltering Arms Hospital. I thought his spirits were unusually good, considering his condition. It appeared to me that he really was determined, and doing his utmost to regain his strength, so that he may be able to walk again. As we were leaving, (11:00 A. M.) he was to go down and have another treatment. He expected to come home this last weekend for a visit with his family.

I thought that this would be of some interest to his many friends, that we also think of him.

Sincerely yours,
Reaume Ste. Marie, Plummer
North Minny League Sec-Treas.

TWO YEARS IN THE LIFE OF A GAME WARDEN

In the Minnesota department of conservation the bureau of warden service has a staff of 150: superviser, assistant, stenographer, account clerk, six field supervisors, and 140 wardens. How do they put in their time? Over a two-year check period Minnesota game wardens spent 232,000 hours checking fishermen, 108,541 hours on public relations, 52,368 hours checking hunters, 28,824 hours checking trappers, 28,044 hours planting trees, 10,886 hours predator control, 10,096 hours checking commercial fishermen, 7,984 hours making game and fish surveys, 6,626 hours sealing beaver, 6,608 hours issuing bounty certificates. Other occupations included posting game refuges, feeding pheasants, settling game damage complaints, blowing beaver dams, investigating water pollution. Oddest occupations perhaps were 5,808 hours spent in court, 1,072 hours spent looking for lost persons.

America's production of bituminous coal last year would make a wall 23 feet high and ten feet thick entirely surrounding the boundaries of the United States.

Farm Accidents

Forty five Minnesota farmers were killed in tractor accidents last year and almost 2,000 were injured. This sobering fact should remind us that we are now approaching another tractor work year. I sincerely hope that Pennington county farmers won't have the sorrow and expense involved in farm accidents. Here is a quote from Glenn Prickett, extension safety specialist at the University's Institute of Agriculture in St. Paul, who says the 1953 figure is an increase over 1952. Injuries included loss of legs, hands, feet and fingers as well as broken legs, arms and backs. Some of the victims were hospitalized several months with painful injuries.

Prickett says a recent survey of how tractor accidents happen shows that speeding and allowing youngsters to play around and ride along on tractors are two leading accident causes.

Among other causes are fueling while the tractor is running, hitching above the drawbar, pulling up steep banks and trying to back or "rock" out of a mudhole. The last three can unbalance a tractor and tip it backwards onto a driver in a matter of seconds. If you're stuck in the mud, get someone to pull you out—don't risk an upset.

Everyone feels that it can't happen to him and it is a natural reaction, but the fact is that if you operate your tractor under risky conditions mentioned above you are very susceptible to accidents.

Keep these tips in mind to help prevent costly accidents.

1. Keep tractors lighted and implements lighted or reflectorized when on highways at dusk, after dark or early morning.

2. Shut the tractor off and let it cool before fueling. Make a habit of gassing up first thing in the morning or right after lunch when the tractor is cool from the overnight rest or noon shut-off.

3. Keep children off and away from tractors.

4. To avoid chance of explosion and fire, keep the gas lines tight from gas tank to carburator. They can leak, too, so mount a fire extinguisher on a bracket at the front or rear of the tractor, so you can get at it easily.

5. Finally—probably most important—don't speed with a tractor. It's designed for careful, slow pulling, not as a "Hotrod."

The U. S. last year accounted for more than 42% of all electricity generated throughout the world, and coal supplied the power for about half of this enormous generation of 513 billion kwhs.

Scientists say more than a million earthquakes occur in the world each year, but only a fraction are recorded.

It requires about 8 tons of coal in the production of each ton of magnesium.

ANIMAL ANTICS

For her superb performance in the stage fantasy "Bell, Book, and Candle," as produced in Duluth, Yasmin, a Proctor Siamese, was awarded a Puss 'N Boots medal.—In a litter of five kittens Marvetta Lewis, Delaven, found one with normal feet, another with 7-toed front feet, three with 7-toes all around.—Rex sunbathes 95 pounds of dog in front of Paul Amundson's Willmar furniture store—clad in sun glasses.—A Holstein calf on the R. From where I sit ... by Joe Marsh
Easy Does It—Again!
Ladies Aid Society had their rummage sale the other night—and as soon as the doors opened, "Easy" Roberts was inside.
Without a word, he headed straight for the coat counter, picked out a shabby old tweed jacket, and paid for it. "Easy" told me a little later that buying his jacket back was getting to be a regular habit.
"That's been my favorite smoking jacket for years," he said. "And my wife talks me into giving it away regularly. Then I get to thinking how much I like it and hurry down to buy that jacket back. This is the third time I've done it!"
From where I sit, everyone's entitled to his own likes—whether it's a sports jacket, a baseball team, or the beverage he likes for dinner. For example, the wife likes coffee along with Saturday night spaghetti while I like a glass of beer. We never try to "sell" each other on our personal preferences.

Pioneeer Days in This Area

By Oldtimer

According to the records in the Marshall county auditor's office, school district No. 41, New Solem township, was organized on September 4, 1886. The south room of the Martin Nordagen home was used as school room for a number of years. There were three long tables that served as desks and long benches for seats.

I well remember my first day at school in he fall of 1889. Nick Nelson was the teacher, and he did quite a good job with the limited facilities that were provided. Mr. Nelson ruled his school with the proverbial hickory stick, and when we look back to those years we will admit that stern measures were necessary to handle such a group of mischievous youngsters. At that time children of school age between six and sixteen years were required to attend school 40 days each year, so that the school district could qualify for state aid for each child enrolled. The older boys were kept home to help with the farm work so the required 40 days was about all the schooling they got each term.

About 1892 a one room school house was built, and it was located across the road and a little south of where the present Rosebank School now stands. This building had four windows and regular school room desks were provided. This was a great improvement over the long tables.

The building was heated by a large box model heater, with a large heat circulating drum on top. This was not a satisfactory way of heating a school room as the children nearest to the heater were too warm, while those farthest away from the heater were cold. The school house soon became the center of religious and social activities, and church services were conducted by some denomination or group Sundays and midweek.

During the summers bands of Indians would pass through the community while digging snake root. They were peaceful and did not harm anyone. The Indians did scare the wits out of the women folks when they looked in the windows. They often begged for food, usually meat and potatoes.

From 1889 to 1895 more settlers arrived, including Carl Iverson, Iver Krogstad, Michael Johnson, Iver Westby, Enoch Nelson, Martin Lee, Sven Haugen, Axel Axelson, Axel Larson, Charley Bergman, Gust Nakken, Lars Lee, John Hartman, Robert Boehme, John Meyer and John Halder.

The Fred Wendt family arrived about this time. They were musicians, and they were clever playing the violin. Martin Lee and Charley Bergman were mechanically inclined. They operated steam thresher engines and did other repair work. Martin Lee also operated a grocery store during the '90's in the Even Anderson homestead house. Enoch Nelson and Axel Axelson were carpenters, and they were kept busy building homes and farm buildings.

To be continued.

OUR LAND

Prepared by the Minnesota Soil Conservation Service
In cooperation with
University Farm, St. Paul

Sleeps Better Now

"I used to think 35 bushels of corn per acre was good," says Herb Banlson of Nerstrand. "Now, I'm averaging around 80. But the best thing of all is that my soil stays in place because of a carefully planned soil conservation program that builds up the land. When I wake up at night during a summer thunderstorm, I don't worry about topsoil sliding off my fields into the creek. It stays in place now, because I know how conservation helps keep it there and build up my total enterprise."

Trees in Your Future

Have you thought about the advantages of raising trees on land not good or needed for food crops? You can sell when markets are most profitable, at a time of year when other farm duties are usually not heavy. According to Parker Anderson, Extension forester at the University of Minnesota, wood management is no road to quick riches. But considering the time and labor involved it pays very well. Demands for forest products are growing. Our growing population will need more paper, clothing, rayon, plastics, furniture—all of which come from wood.

Soils Judges Selected

Three Twin Cities men will judge the 1954 Goodyear Awards Program for soil conservation districts. They are Truman Nodland, assistant professor of agricultural economics at the University; P. J. Penn, general manager of J. I. Case Co., Minneapolis; and Harry Peterson, secretary of the Minnesota Association of Cooperatives. If your district would like to enter the contest, see your county agent for details.

Pres. Eisenhower Said This

"All peoples must learn to gether to make proper use of the earth on which we live. Hovering over us even now is a specter as sinister as the atomic bomb—because it could depopulate the earth and destroy our cities. This creeping terror is the wasting of the world's natural resources and particularly the criminal exploitation of the soil." It sounds grim, but it's true.

QUESTIONS answered for VETERANS

Q: I have a $10,000 National Service Life Insurance term policy, and I'm thinking of converting to a permanent plan. Do I have to convert all of it, or could I convert part and keep part as term insurance?

A: You may convert part of your insurance to one or more permanent plans, and keep the rest as term. You may convert in multiples of $500, starting with a minimum of $1,000.

Q: I'm planning to take a correspondence course under the Korean GI Bill. How large a GI allowance can I count on getting from the VA?

A: Your GI education and training allowance will be equal to the amount that the school requires non-veterans to pay for the same course.

Q. When I was in service, I was told that the only persons I could name as beneficiaries for my GI insurance indemnity were wife, children, parents, brothers or sisters. If I apply for the GI term insurance available to Korean veterans, will the same restrictions on beneficiaries apply?

A: No. For the GI term insurance, you may name any person or persons, firm, corporation or other legal entity, including your estate. The restrictions on beneficiaries apply only to the free in-service indemnity.

Q: I am a disabled World War II veteran taking Public Law 16 training. After I finish my course, will VA find me a job?

A: No. Under the law, VA's responsibility has to end after it has trained you to the point of employability. However, your VA training officer will refer you to an appropriate State or Federal employment agency for assistance in finding a job.

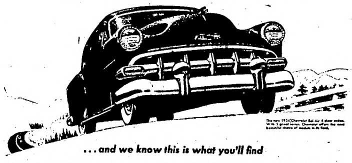
NORTHERN CHEVROLET

Make your own "proving ground" test



The new 1954 Chevrolet Bel Air 4-door sedan. With 3 great series, Chevrolet offers the most beautiful choice of models in its field.

. . . and we know this is what you'll find

Chevrolet is out ahead in powerful performance

You can easily tell the difference between engines when you drive—and the difference is all in Chevrolet's favor! That's because Chevrolet's great engines deliver *full horsepower* where it counts—on the road. What Chevrolet *promises*, Chevrolet *delivers!*

Chevrolet is out ahead in economy

There's new power, new performance and new economy in both 1954 Chevrolet engines—the "Blue-Flame 125" in Powerglide models and the "Blue-Flame 115" in gearshift models. And they bring you the highest compression ratio of any leading low-priced car. That's why they can deliver a big gain in power, acceleration and all-around performance, along with important gasoline savings!

Your test car's ready now . . . We'll be glad to have you compare the smooth, quiet performance of this new Chevrolet with any other car in its field. Come in and put it through any kind of "proving ground" test you care to, and judge its performance for yourself. Your test car's ready now and we hope you are, too.

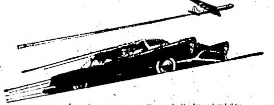
Secretary of the Interior McKay has declared that coal is the fuel the nation "must rely upon in the years to come."

Imports of foreign residual oil, which hit American coal markets hardest, have risen to nearly 300% of the 1946 level.

Last year Oklahoma, a state noted for its production of natural gas and oil, mined 1,890,000 tons of bituminous coal.

In building jet planes and civilian cars, one Kansas City plant uses enough electric power to supply a city of 80,000 people.

A NEW KIND OF POWER!
PHILLIPS 66
Flite-Fuel
FOR YOUR CAR



Phillips 66 brings you the benefits of a super-powered aviation gasoline component—Di-isopropyl (pronounced di-iso-pro-pull). A Phillips exclusive, proved in high performance combat aircraft!

Today, start enjoying the exciting step-up in performance you get from new Phillips 66 Flite-Fuel containing Di-isopropyl.

Phillips originated Di-isopropyl and HF Alkylate so valuable to smooth motor performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now military authorities have released these restrictions, and Phillips can give their customers the benefits. New Phillips 66 Flite-Fuel provides increased power, smoother acceleration, higher anti-knock performance, greater fuel economy and freedom from stalling . . . plus Phillips 66 Controlled Volatility, and the clean burning qualities for which Phillips 66 Gasoline is famous.

Only Phillips 66 Flite-Fuel contains Di-isopropyl. Get it at stations where you see the Phillips 66 Shield.

Navy Recruiter at Grand Forks Asks Volunteers

According to Chief A Walstad, recruiter in charge of the Navy recruiting substation at Grand Forks, N. D., the Navy waiting lists in this area are nearly depleted for men who wish to volunteer for enlistment and who fall in the proper mental category.

During the past several months many men volunteering to enlist have faced a waiting period which was discouraging to the applicant. Men who are desirous to join the Navy and who are high school graduates are encouraged to contact their nearest Navy recruiting station.

Chief Walstad states that undoubtedly more rapid processing of qualified high school graduates can be accomplished than in past months, due to the present situation.

Engineers Sought for Duty Overseas

Army Engineers Seek Men to Build Air Bases

The East Ocean Division of the Army Corps of Engineers has openings for more than 100 civilian engineers, inspectors, administrative officers, accountants, clerks and typists at construction sites in Canada, Iceland, Bermuda and Greenland, Brig. Gen. Robert G. Lovett, Division Engineer, announced today.

The East Ocean Division is building overseas defense bases, usually airfields and related installations, Gen. Lovett said, at Thule, Keflavik, Newfoundland, Labrador and Nassau.

Wanted, for one and two-year tours of duty, are construction, civil, construction management, general, mechanical, electrical and supervisory construction engineers, stenographers, cost accountants and equipment specialists.

Persons interested in applying should obtain application Standard Form 57 immediately from first or second class post offices or any other federal government office and write to Mrs. Dorothy B. Krehl, Central Personnel Office, East Ocean Division, Corps of Engineers, 346 Broadway, New York City.

Opportunities for Jobs Here Due to Pick up Soon

With an estimated 425 Thief River Falls workers unemployed as of April 1, the outlook is for a gradual increase in job opportunities beginning this month, weather permitting, it was reported in the monthly bulletin of the local employment office. R. S. Eldevik, manager, stated that the construction industry here, in particular, is looking forward to a very good season, with a number of new projects ready to start.

Kentuck's bituminous coal mines in 1953 produced more than 61 million tons.

Missionary Film Shown Thursday

Given at Evangelical Free Church at 8 p. m.

REV. H. G. RODINE

"Regions Beyond," a 45-minute color film which has been rated as one of the outstanding missionary films of the past decade, will be shown at the Evangelical Free church at 3rd st. and Kendall av., on Thursday, April 8, at 8 p. m.

On hand to present the film and speak briefly at its showing will be the Rev. H. G. Rodine of Minneapolis, missionary of 11 years experience in China and now secretary of foreign missions of the Evangelical Free Church of America.

The film, produced by Gospel Films, Inc of Muskegon, Michigan, was taken for the most part on the missionary stations of The Evangelical Free Church of America in the Belgian Congo. The two young missionaries who play the lead parts are Mr. and Mrs. Virgil Bergman of Minneapolis, Free Church missionaries in the Congo. Concluding shots were taken in the Muskegon studios.

The narrative is based on actual fact, being to a large degree the story of the life of one of the Free Church missionaries who now is serving her fourth term on the Congo field as a nurse.

There is no admission charge for the film. A free will offering will be received for missionary work in the Congo.

N. Y. Grand Opera Given May 14-16 in Minneapolis

With its casts the strongest ever brought here, the Metropolitan Opera Company will come to Northrop Auditorium in Minneapolis for its annual spring festival of four productions May 14 through 16.

The company again will number more than 400 people and will be complete with orchestra, chorus, stage hands and dressers, electricians and seamstresses, wig makers and property men and the administrative staff in additions to the stars.

Personnel will require two complete trains on tour while three additional trains will be required for scenery, lighting effects, costumes, properties, music and instruments and administrative office equipment.

The season will be under the sponsorship of the University of Minnesota, the Orchestral Association of Minneapolis and a state-wide committee of guarantors, James S. Lombard and Boris Sokoloff, managers, announced.

Casts and dates and times for performances are as follows: La Forza Del Destino: Friday, May 14 at 8 p. m. Lucia di Lammermoor: Saturday, May 15, at 2 p. m. The Marriage of Figaro: Saturday, May 15 at 8 p. m. Faust: Sunday, May 16 at 2 p. m.

Good Friday Rites Set at Newfolden

The churches of the Newfolden Lutheran Free church parish, Bethlehem, Folden, Westaker, Bethania and Middle River, and the Evangelical Free church of Newfolden will conduct a Union Good Friday service at 8 p. m. at the Newfolden school auditorium.

Special music will be provided by the participating churches. Dr. Bernard M. Christensen, president of Augsburg College and Theological Seminary in Minneapolis, will deliver the message on, "The Cross on the Hill and the Cross in My Heart."

The offering will be given to the American Bible Society.

Everyone in the Newfolden community is cordially invited to the service.

New Ornamentals for Garden

Each year adding something new in our gardens makes gardening challenging and more interesting. This year there are many good additions for the flower garden.

* * * * *

Hearts and Honey vine is a valuable new annual vine which is a selection from Cardinal Climber. The trumpet-shaped flowers seem to change during the day. In the morning they are pinkish orange and gradually the color changes to pinkish red, then in the evening to a rose color. The dark green lacy foliage makes this an excellent addition to the landscape picture.

* * * * *

For those who like asters, the Improved Queen of the Market asters are considered superior. The new Powderpuff Mixture is excellent, too, and comes in a wide range of colors. Flowers are large and double. The long, upright stems give the appearance of a bouquet when they are in bloom. The Princess varieties including Alice, Virginia, Nancy and Goldilocks, are another of the better types of asters.

* * * * *

Dianthus or pinks add an old-fashioned charm to the flower garden. They are very satisfactory for bouquets and flower arrangements also. Brilliant is an outstanding variety of large flowers with dark centers.

* * * * *

Gardeners may be interested in trying the dwarf phlox variety Globe which blooms thruout the summer and the dwarf verbenas which grow in to compact, neat plants. Good dwarf varieties of the verbina include the white Crystal, scarlet red Sparkle or the Rainbow mixture.

Missouri last year produced slightly in excess of 2½ million tons of bituminous coal.

WRINKLE RESISTANT!

Dress him like a little prince for less than a "five spot." This handsome outfit consists of a wool-rayon check front jacket with solid color sleeves and back . . . plus a pair of half-belted, half-elastic, solid color gabardine slacks. Available in spring shades of blue, brown and green.

Thy KING Cometh

Amid joyous hosannas and waving of palm branches, He rode into the city of Jerusalem, past these same walls which are standing today.

Long ago in ancient Palestine, the prophet had heralded the coming of a king. But now few thought it more than the usual procession of some new earthly ruler. Yet no king ever came as He came. No king ever built such a kingdom.

This was the King of Heaven who rode into the hearts of men and built there a Kingdom of Love!

They crucified Him, but death could not stop His coming. He comes in every age to all who will believe. He comes to you.

Go to church this Palm Sunday, for "thy king cometh." Let the King of Heaven ride into your heart.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Strandquist . .

By Mrs. Oscar A. Johnson, Strandquist Phone 3F13

Here's a correction for last week. Instead of Mrs. Bert Trone being ill in the Greenbush hospital it was Mrs. Bert Grahn. She was very ill from cancer and passed away at the Greenbush hospital Monday, March 29 after being confined there for a month. Mr. Grahn, who had been a patient at the Thief River Falls sanatorium has now been out to take care of funeral arrangements. The Grahns have lived at Roseau and have been members of the Swedish Vesterbottning organization.

On Saturday afternoon as I was busy with my work I heard a very familiar drone overhead. *I thought, what can that be* Hjalmer back in Strandquist again? I ran from one window to another to get a sight of the plane and sure enough, there they were, the silver plane with Hjalmer Gustafson at the controls. Then we knew that he had returned from his winter stay in the west.

The Marvin Boen home was filled with lady friends on Monday evening, March 29 who had come to honor Mrs. Boen with a pink and blue shower. She was the recipient of many useful and beautiful baby apparel. Sponsors of the party were Mesdames Minnie Carlson, Grace Boen, Mildred Nelson and Amy Wallin.

Mr. and Mrs. Wm. Wikstrom attended the funeral for Mrs. Bert Grahn at Roseau on Sunday. They also visited with Mrs. John Erickson at Salol.

Fred Dahlin returned home Friday afternoon from Minneapolis after having spent the winter with his children at South Bend, Ind., Laurence, Mich., Chicago, Ill., and at Minneapolis. Fred says this was one of the nicest winters he has ever had and he enjoyed his stay at each place very much.

Mr. and Mrs. Ole Nyflot of Lake Bronson were Tuesday afternoon luncheon guests at the Lizzie Kimbrough home.

Nine lady friends of Mrs. H. Hougard surprised her on Thursday evening by coming over to help her celebrate her birthday.

Rev. Reedy returned home Saturday evening from Minneapolis where he had spent a week atending Sunday school conferences of the Mission Covenant church.

We have been informed that Arvid Wikstrom of Holt broke one of his arms last week while at his work and is now carrying it around in a cast. Arvid is patrol maintainance operator of the Holt area.

Mrs. Hilda Peterson and Mrs. John Paulson and son Kenneth of Stephen were Friday callers at the Ew Stennes home.

Mr. and Mrs. Ludvig Throne of Karlstad were visitors at the Holger Hougard home Tuesday.

Donna and Dunne Gund of Salol were Thursday visitors at the Lang Gund home.

Mr. and Mrs. Lester Paulson and children, Lonna and Gale of Vergas, Minn., and Mr. and Mrs. Alton Henrickson and sons of Brooks were weekend guests at the Otto Paulson home.

Mrs. Hilda Peterson of Thief River Falls was weekend guest at the Chas. Kranz home.

Mr. and Mrs. Jonas Stromlund returned home from Minneapolis Sunday afternoon where they had spent a few weeks taking treatments.

Saturday visitors at the Ella Thun home were Mr. and Mrs. Rasmi Nelson and Iver Harstad of Newfolden, Mrs. Louie Hahn, Mrs. Marjory Doherty, Mrs. Gunnar Sundberg and Joyce and Mr. and Mrs. Douglas Thun and children.

Mrs. Ingvald Rokke and Ralph spent Sunday afternoon visiting at the Ben Fisher home at Newfolden.

Grover Christoferson is back in the Karlstad hospital again receiving treatments.

Lyland Erickson returned last Thursday from Minneapolis to take over the home farm as his folks, Mr. and Mrs. Conrad Wigen, have purchased the Foss Cafe here in town and after they get the place into operation will be too busy to attend to farm duties.

Medical Director Is Named by State Welfare Agency

Dr. Dale Camerone will take over as medical director for the Minnesota department of public welfare about May 15 to become the state's highest paid public official at a salary of $18,000.00 yearly.

The new post Dr. Cameron accepted Friday combines the state mental health directorship with a general stewardship over the ill in all state institutions, as well as the medical care of old age assistance recipients, the crippled and the blind.

Dr. Cameron since 1946 has been assistant chief of the National Institute of Mental Health, a division of the U. S. Public Health Service. He is married and will bring his wife and two children with him to Minnesota. Dr. Cameron is 41.

Scholarships to Be Given at Group Health Meeting

Two medical scholarships of $2,000 each will be awarded at the fifteenth anniversary meeting of Group Health Mutual, Inc. and Group Health Association at the St. Paul Hotel on Saturday, April 10. The awards will make a total of twelve students who are being aided by the George F. Feller Scholarship Fund of Group Health Association, a fund which has been created by ten-cent annual contributions of the members. The awardees, who will be announced at the annual banquet, are a St. Paul student at the University of Minnesota and a Superior, Wisconsin student planning to enter the University of Wisconsin.

Producer gas from coal has been used for the first time in the U. S. to fuel a diesel engine.

50 YEARS AGO

Leader of those who worked for the opening of the Red Lake Indian Reservation sems to have ben Frank Kratka. At any rate he carried the ball for the community politically and spent much time in Washington seeking favorable action on enabling legislation through three sessions of Congress.

Over a period of years Mr. Kratka had been active in city politics and had served both as president of the village and as mayor of the city. He had the unwavering support of John Eastman and the News but it is evident in his last campaign for reelection that the voters of the city were not unanimously for him.

After having served two terms as mayor he filed for a third term in 1903, and in his news of October 22, 1903, Mr. Eastman boosted his candidacy with the following statement that is interesting historically as well as politically:

"Twenty years ago Thief River Falls was a nice, smooth prairie covered with stakes. The stakes had been put in by the surveyor who had just completed laying out the townsite. The townsite was all right but the town was yet to be built. Near the west end of the present bridge stood old John LaBree's claim shanty. Down in what is now Hanson & Barzen's addition was a trading store conducted by J. W. Wallin. A few other claim shanties were in sight—and that was all.

To this embryo town came Frank H. Kratka and proceeded to stir things up a bit. He secured a blacksmith shop, a hotel, a church, several stores, a newspaper and, in fact the nucleus of a town. To these enterprises he donated sites and assisted them financially in becoming established.

"He established a central Indian trading post here with three branch stores out on the reservation. He induced the government to open a post office, and was himself the first postmaster. He talked Thief River Falls, thought Thief River Falls, dreamed Thief River Falls and hustled for Thief River Falls until people began to think Thief River Falls was quite a town.

"He induced a big lumber firm to locate at this point. He entered enthusiastically into the enterprise of securing the first railroad here and gave a large portion of the right-of-way through town. Ever since that time he has been prominently identified with every enterprise which has been for the advancement of our city.

"Always a leader in every work which tends toward progress, the people have delighted in the fact and will again take pleasure in honoring him with the office of chief executive of our city. Five times president of the village. Two times mayor of the city. And we will make it three. Vote for etc. etc."

Mr. Kratka's star shone brightly in the News of 1903. But while Mr. Eastman enthusiastically supported Kratka for reelection, he also spoke well of Mr. Kratka's opponent, Ira Richardson.

The election was close. The count of the judges gave Kratka a margin of four votes, as reported in the next week's issue of the News. Two weeks later however a contest was announced. There were charges of illegal voting. There would be a recount and Mr. Eastman predicted with uncanny forsight that in the recount Mr. Kratka's total would go either up or down and urged that "all should abide cheerfully by the result, providing of course that a fair hearing is given to all."

Mr. Kratka, in a prepared statement, said he would make no effort to protect his interests in the contest. Determining the right of certain citizens to vote involved the question as to whether they had perjured themselves in seeking citizenship. Such a search of the records might cause some to lose their homesteads. He would have no part of it.

The contest was heard before Judge Grindeland in several sessions extending of a period of several weeks up to the Christmas holiday. Many witnesses were examined. In a decision that reached Thief River Falls Tuesday evening Judge Grindeland found in favor of Richardson with a four vote margin and declared him elected. Mr. Kratka however had taken the oath of office as mayor that morning and when he learned of the court decision he stated that he would appeal to the Supreme Court.

After he had served two weeks as mayor, pending a decision by the Supreme Court, the council decided this was improper and named Louis Hanson to serve as acting mayor. Perl Mabey wrote to the Attorney General for an opinion. Kratka had qualified properly as mayor and would properly serve in that capacity until the Supreme Court held otherwise. So Kratka was mayor again.

In the October 6 issue the News stated that the election contest would come up for consideration by the Supreme Court which was then in session. The December 1 issue states that the council would fill the vacancy in the office of mayor at its next meeting, indicating that the Supreme Court probably ruled against Kratka. As far as the News is concerned however the vacancy was not filled and Thief River Falls finished the turbulent year of 1904 without a mayor.

There had been many issues and many differences and many bitter charges and counter charges. As the fortunes of individuals rose and fell and Kratka's bright star dimmed the community nevertheless went forward. The big objective for which he had labored, the opening of the reservation, became an accomplished fact.

Work Set to Beg on Armory, Court H se

Definite evidence that spring has arrived was furnished late last week when excavation work got under way in connection with the new armory building to be erected near the southwest city limits on Highway 32 near Arnold av.

Within the next few days, excavation is scheduled to begin for the basement of the new Pennington county court house, the work of clearing the site by removing the old structure having been completed last Wednesday by Adolph J. Wold of Sanders. A work shed is now being built at the south edge of the site.

These two major projects will do much to keep local building tradesmen occupied during the current season. R. S. Eldevik, manager of the local employment office, stated that local workers will be hired for the jobs whenever possible, and suggested that skilled and unskilled men seeking employment should register at his office.

Executing the contract for the armory project, which will cost a total of $174,468, will be Dean L. Witcher Co. of Minneapolis, with Larry Carlson of Argyle as foreman. The Witcher firm has built numerous schools in this area, including the Trinity church education building in Thief River Falls.

Armory plans, prepared by Bettenburg, Townsend & Stolte of St. Paul, provide for a one-story building with no basement, measuring 98 by 74 feet, and of face brick and concrete block construction. Provision is made for a large auditorium-drill room, store room, kitchen and toilet and shower rooms.

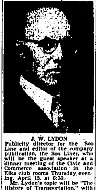
The building is being erected for the state armory building commission and the cost is defrayed with state and federal funds.

The general contract for the new court house was awarded by the county board January 26 to the A. C. Nasvik Co. of Bemidji, while the mechanical contract was let to Grudem Bros. of St. Paul, and the electrical contract to L. W. Best of Thief River Falls.

The three low bids aggregate slightly more than $355,000, to which is added the architect's fees and the cost of painting and equipment. The project will be financed largely with the proceeds of a $295,000 bond issue, together with funds on hand.

M. O. Foss & Co. of Moorhead designed the three-story structure, while a Mr. Suhle of Baudette is slated to be construction superintendent.

C. and C. Speaker



J. W. LYDON

Publicity director for the Soo Line and editor of the company publication, the Soo Liner, who will be the guest speaker at a dinner meeting of the Civic and Commerce association in the Elks club rooms Thursday evening, April 15, at 6:30.

Mr. Lydon's topic will be "The History of Transportation," with special reference to the 50th anniversary of the arrival of the first Soo Line train in Thief River Falls in September, 1904.

Also to be submitted at the session are further reports on the downtown street lighting project and the program for the 50th anniversary celebration.

Good Friday Rites Set; Stores Close from 12 Noon to 3

Three Lutheran Churches Plan Joint Services in Municipal Auditorium

Business places in Thief River Falls will remain closed Friday, April 16, between the hours of 12 noon and 3 p. m. in observance of the annual Good Friday services, which have been scheduled by several local churches.

Cooperating in joint services at 1:15 in the municipal auditorium are the Zion, Trinity and First Lutheran churches, while the Community Methodist church will hold services in the church at 1:30, with the Rev. E. C. Mead delivering the sermon. The Mission Covenant church has announced a special three-hour Good Friday service, starting at noon.

The Rev. Carl F. Johnson, pastor of the First Lutheran church, will serve as leader of the service in the auditorium, and also will deliver a short sermon, as will the Rev. J. J. Jacobson, interim pastor of Trinity church, and the Rev. Walter M. Pedersen, pastor of Zion church. Miss Floydeen Litstrom will serve as pianist and a student nurses sextet will sing. The offering will go to the support of Lutheran World Action.

Harvey McMahon, son of Mr. and Mrs. Harvey E. McMahon Sr. of Thief River Falls, was recently pledged to Sigma Nu fraternity at the University of North Dakota. He is a freshman enrolled in electrical engineering.

Auction Dollars Get Bonus Friday, Apr. 23

Patrons of Thief River Falls stores from thruout this area are eagerly accumulating Auction Dollars, given with purchases at 81 stores, to be used in bidding on 132 prizes valued at $1,800 Saturday, May 1, in the biggest community auction of its kind ever held in this locality.

Friday, April 23, will be Bonus Exchange Day, when every person turning in ten Auction Dollars will receive a $10 auction bill and an Auction Dollar in addition as a bonus. This offer is made to get the hoarded Auction Dollars back in circulation and thus avoid the necessity of printing an additional supply.

With four additional merchants joining the list of Auction Dollar distributors this week, the number of participating business places has now increased to 81, making it a city-wide promotion.

It still isn't too late to start accumulating Auction Dollars. They may buy a valuable prize in the auction May 1.

4-H Play and Music Contests Planned

Final Contest Slated for Thursday, April 29

The Pennington county 4-H play and music contest will be held in two weeks, reports Home Agent Marge Olsen.

Elimination contests will be held at the Goodridge high school auditorium on April 26 and 27, at the St. Hilaire school auditorium on April 27, and at the Steiner Community hall on April 28. The final contest will be at the Lincoln high school auditorium in Thief River Falls on Thursday, April 29.

It is expected that thirteen 4-H clubs in the county will enter plays in the contest, and the same number entering the music conest. The county good grooming contest will be held at the final performance on April 29.

Judges for all the contests will be announced next week, Miss Olsen concluded.

PUPILS WILL RETURN TO CLASSROOMS ON MONDAY

After enjoying a week's vacation previous to Easter Sunday, pupils and teachers in the local schools will return to their classrooms Monday morning for the final six-weeks stretch before the long summer recess.

22 Teachers to Give up School Posts in June

Replacements Secured to Date for One-third; S. D. Election May 18

A total of 22 members of the Thief River Falls public school faculty tendered their resignations before the April 1 deadline, the board of education was informed at a lengthy April session Monday evening by Supt. W. G. Claffy, who added that replacements already have been secured for one-third of the teachers who will leave the local system in June.

The number resigning this year is just double the total of 11 that left the schools here in the spring of 1953. Included in the departing group this year are ten high school teachers and twelve in the grades.

The board at its meeting made arrangements for the annual School District 18 election, which will be conducted in the city Auditorium Tuesday evening, May 18, from 7 until 9 o'clock. Next Monday, April 19, is the opening day for aspirants to file, and Thursday, May 6, is the last day. Incumbents whose terms expire this year are Andy Williamson and Fred Koop.

Architect Schlick of Toltz King & Day, St. Paul, presented to the board three suggested sketches for the proposed addi-

List Nominees in American Legion Election May 4th

Committee Offers Names of Harold M. Johnson and M. Howick for Post Head

Two candidates have been nominated for each office to be filled by Eklund-Holmstrom post of the American Legion in its annual election Tuesday, May 4, Steve Austin, commander, announced today.

Heading the list as nominees for post commander are Harold M. Johnson and Morris Howick. Nominated for other offices are Vernon Quam and Harlan Elseth, first vice commander; Halvor Ravenholt and Wilbur Maves, second vice; Clarence Peterson and Robert Wright, third vice; Dr. O. D. Belch and Robert Wright, fourth vice.

Other nominees are Robert Rasmusson and A. F. Berge, chaplain; E. O. Peterson and Milton Reierson, finance officer; while for the two places on the executive committee to be filled in the election, four candidates have been nominated, including Rudy Larson, R. S. Eldevik, Alex Cloutier and W. E. Dahlquist.

Banks and Public Offices to Close All Day on Friday

While Thief River Falls stores will remain closed only between the hours of 12 and 3 on Good Friday, April 16, the court house and municipal offices will be closed all day, as will the Carnegie public library. The post office, however, will remain open and will deliver mail as usual. The local employment office will close for the day at noon Friday.

Council Orders Plans for New Street Lights

Preparations Are Made to Seek Bids on $45,000 Business Area Project

After conducting a hearing at which no affected property owners were present to register objections, the city council at an adjourned session Monday evening acted to order City Engineer Douglas Stewart to prepare plans and specifications in preparation for calling for bids on the proposed modernized street lighting project in the downtown area.

Stewart presented a map showing the area proposed for inclusion in the program, which had been petitioned for by a majority of property owners. Included is most of the area as far north as Fourth st. and west to Knight av. Cost of the work has been estimated at slightly more than $45,000 of which owners of benefited property would pay two-thirds and the city one-third.

Use of 30-foot standards and mercury vapor type of lights has been recommended by the Civic and Commerce association thru its civic development committee. Members of the group, who were present at the meeting to urge an early start on the work, included Dr. M. D. Starekow, chairman; Dr. O. D. Belch, Ward Nichols and Clarence Mattson.

Harry Hendrickson, light plant superintendent, said that the present light standards could be used to improve lighting facilities in the city parks, as well as on certain streets near the business district.

A scheduled hearing also was conducted on the proposed installation of an eight-inch water main on Davis av. from Third to Eighth sts., following which the council voted to proceed with the work and instructed Engineer Stewart to prepare plans and specifications.

The project, estimated to cost $14,800, would replace the present inadequate four-inch main. Action on the matter has been strongly urged by the state fire marshal's office, which has called attention to the danger of large fires developing in the area, which includes several grain elevators.

Council members indicated that assessments for the eight-inch main would be based on the cost of a six-inch main, with the city absorbing the difference

Civil Defense Need Is Urgent Says Director

Col. E. B. Miller, State Chief, and Aides Address 200 Persons Thursday

Addressing 200 civil defense workers in the Auditorium Thursday evening, Col. E. B. Miller, state director of civil defense, declared that the world is faced by the prospect of a third world war between the forces of totalitarianism and those believing in the dignity of man.

The meeting, which attracted men from points as far away as Park Rapids and Bemidji and north to the border, was sponsored by the Northwest chapter of the Minnesota Society of Professional Engineers, and was opened by Joseph Seidel, Pennington county engineer.

Colonel Miller supplied a brief discussion of global strategy, and used a specially prepared map to show the possibility of an enemy attack on the United States from over the North Polar region. He predicted that the next war would bring a tremendous amount of sabotage by enemy sympathizers.

He also took occasion to chide the 1953 session of the state legislature for what he termed inadequate appropriations to develop properly a statewide civil defense organization.

Colonel Miller's deputy director, David G. Harrison, supplied a briefing on the air raid warning system in Minnesota, which, he said, now comprises 800 posts which are functioning efficiently.

Harrison stated that posts in the entire state can be alerted in 17 minutes in case of an air attack, but quoted the air force as saying that, despite this protection and present radar installations, 70 out of 100 enemy planes could get thru to their target areas.

Chief targets for enemy attack in this part of the nation, it was pointed out, would be the Twin Cities, Two Harbors and the Soo locks.

L. R. Bearnes, chief planning coordinator with the civil defense department, outlined the mobile support plan, designed to lend aid from thruout the state in the event a critical target area is attacked. The plan, he said, calls for mobilizing hospital, medical, fire-fighting and other facilities, and its effectiveness will depend on public support.

For organization purposes, Bearnes stated the state has been divided into five districts, with the one comprising Northwestern Minnesota having its headquarters at Bemidji.

Bell Telephone Co. Official Talks at Rotary Meeting

Guest speaker at the Rotary club luncheon Monday noon in the Elks club rooms was M. E. Lunn, executive assistant in the area headquarters of the N. W. Bell Telephone company in Minneapolis.

He spoke on new developments in the telephone industry as outgrowths of research in the Bell laboratories.

Plans Taking Shape for Dairy Day June 8

Plans for the fifth annual Northwest Dairy Day, to be held in Thief River Falls Tuesday, June 8, were advanced at a meeting of the directors in this city Friday night. Creamery operators, county agents and area newspapermen participated in the meeting which was addressed by Lou Conlon, Minnesota manager of the American Dairy association.

Presiding over the discussion was Stuart McLeod, president of the Northwest Dairy Improvement Association, sponsor of Dairy Day.

Conlon announced that William Moscrip, formerly president of the Twin City Milk Producers and of the National Holstein Friesian association, will head a distinguished group of leaders of the dairy industry of Southern Minnesota, who will attend the coming event.

A new feature of this year's Dairy Day show will be an exhibit of Northwestern Minnesota's highest producing cows, selected on the basis of Dairy Herd Improvement association official records. This exhibit will include both registered and grade animals.

The Dairy Princess selected this year will have an opportunity to compete for state honors, Conlon announced. There will be twelve Dairy Days in Minnesota this year, he said, and from the princesses elected at these widely scattered events will be chosen at the 1954 Minnesota state fair one princess to represent the dairy industry of the state.

In Wisconsin this young lady is designated "Alice of Dairyland" and a contest is being arranged to find a suitable name for Minnesota's official princess.

The state princess, said Conlon, will be presented at more than 30 dairy promotion events in Minnesota and adjoining states, and she will be paid on a per diem basis.

J. M. Roche, secretary of the association, reported that Ralph Wayne and C. L. McEnelly of the University of Minnesota, will serve as cattle judges at the 1954 show, and that Wayne will be the guest speaker at the Dairy Day banquet in the evening.

Elmer Bratsch, treasurer, said that an effort will be made to collect slightly more than $5,000 to finance the 1954 event, slightly more than the $4,500 collected in 1954 from Thief River Falls business places and from creameries and banks in the 12 cooperating counties.

Jaycees to Elect Officer Staff at Session Thursday

The local Junior Chamber of Commerce will elect a new slate of officers at a dinner meeting Thursday evening, April 15, in the Rex Cafe, it was announced today by Walt Kavanaugh, who will retire from the presidency. Nominated to succeed him are Roy Jorgenson and Milton Reierson.

Following the meeting the Jaycees will adjourn to the municipal Auditorium, where they will conduct a game night, in which numerous valuable prizes will be awarded.

Vernon Copp Dies Last Friday at 49

Had Been Member of Fair Board Past Seven Years

Death claimed Vernon Copp, popular resident of rural Thief River Falls last Friday at the age of 49. Final rites were held today at the Community Methodist church with Rev. E. C. Mead officiating.

Mr. Copp was born July 14, 1904 in Marshall county. He was a Lincoln high school graduate in 1921 and attended Hamline University for two years. He was married to Miss Elsie Geppert June 25, 1929 and has since lived on a farm in Excel township.

He served seven years on the Pennington county fair board and was secretary and superintendent of the Pennington County Poultry association and a member of the Steiner Community Club as well as a past president.

Surviving are his wife Elsie; two daughters, Mrs. Richard (Bernice) Walters of Lake City, Minnesota; Muriel at home; two brothers, Vivian and Harvey of this community. Two grandchildren also survive.

One daughter, his parents, one sister and one brother preceded him in death.

County Asks Bids on Highway Jobs

Proposes Graveling and Regraveling of 50 Miles

The Pennington county board last week issued a call for bids on approximately 20 miles of graveling and 30 miles of regraveling projects, estimated to cost about $18,000.

Bids on the jobs, which are located at various points in the county, will be opened Tuesday, May 5, at 3:30 p. m.

The board is also asking bids on three township road grading jobs in behalf of the town boards. To be opened May 4 at 2 p. m. are bids on 2.2 miles of grading in Norden, while at 2:30 bids will be considered on two miles in Smiley township, and at 3 o'clock on one mile in Deer Park.

Probate Judges Will Meet in City Next Wednesday

Probate judges from nearly a dozen counties in this area will attend a regional meeting in the Civic and Commerce room in Thief River Falls next Wednesday, April 21, it was announced today by Herman A. Kjos, chairman of Region 1 of the Minnesota Probate Judges association. Problems confronting probate and juvenile judges will be discussed.

Easter to Be Noted Here in Special Rites

Local Churches Arrange Rites in Observance of Resurrection of Christ

Marking the climax of the Lenten season, local churches will observe Easter Sunday April 18 by celebrating the resurrection of Christ in sermon and song.

Trinity church will hold an Easter sunrise communion service at 6 a. m., followed at 10:15 by a festival service. The Community Methodist church has scheduled identical services at 9:30 and 11 a. m., with special music by the choir.

Zion Lutheran church will hold an Easter sunrise service at 7 a. m., with music by the ladies sextet, followed at 10:30 by festival services at which vocal music will be supplied by the senior choir and the Deaconess Hospital ladies quartet from Minneapolis.

The Evangelical Free church Easter services will be at 11 a.m., while the First Baptist church plans for Easter services at 11 a. m., and for an Easter cantata by the choir at 7:45.

St. John's Lutheran church has arranged for identical Easter services at 8 and 11 a. m., as well as for a special service Good Friday at 8 p. m.

Services on Sunday at 11 a. m. in the Mission Covenant church will be followed at 7:30 p. m. by a special Sunday school program. The Church of the Nazarene will hold an Easter service at 11 a. m.

Following Sunday school at 9:45 at the Assemblies of God Tabernacle, a special Easter program will be presented at 10:45 by the children, followed by music by the choir and the sermon by Rev. Robert Abbott. Good Friday services will be held at 8 p. m.

The First Lutheran church has scheduled special Easter services at 9 a. m. and 11 a. m., with music by the church choirs.

Services Held for Carl Froseth, 54 Years Resident

Long-time Local Shoe and Harness Dealer Succumbs April 8 at Age of 86

Funeral services were held Tuesday for Carl Froseth, pioneer local businessman and former city alderman, who passed away April 8 at the age of 86. Rev. Walter M. Pedersen, conducted the services at the Zion Lutheran church. The body was laid to rest in Greenwood cemetery.

Mr. Froseth was born September 6, 1867 in Trondhjem, Norway, and came to the United States in 1888 to Cyrus, Minnesota where he lived for three years before he started a shoe and harness shop.

He was united in marriage to Miss Carrie Rust at Glenwood, Minnesota. They lived in Cyrus until 1900 when they moved to this city where they have since resided. He operated a shoe and harness store. He is a long time member of the Zion Lutheran church and has served on the church board for a number of years and also on the city council for 8 years.

He is survived by three daughters, Mrs. G. S. (Alice) Bergland of this city; Mrs. Ole (Ann) Thompson of International Falls; Mrs. Al (Ruth) Weber of Richmond, Washington; four sons, Perry and Ole of this city; Henry of Minneapolis; and Charles of East Grand Forks; one sister in Norway; one brother Ove of Landa, N. Dak.; twenty-two grandchildren and twenty-one great grandchildren.

Preceding him in death were his wife and two sons.

Richard Ostum Claims Bride In Holt March 28

Agnes Mae Schmitke, daughter of Mr. and Mrs. Carl Schmitke of Holt became the bride of Richard Ostum, son of Mr. and Mrs. Adolph Ostum of Lanesboro, at the Nazareth Lutheran church of Holt, Sunday, March 28. Rev. Raymond Brandt officiated at the ceremony.

The bride, given in marriage by her father, wore a white satin formal with low bodice and net yoke. Her long sleeves were tapered to a point. Her fingertip veil with wide scalloped edging was fastened to a tiara and her jewelry was a pearl necklace, a gift of the groom. She carried a bouquet of yellow tea roses.

Margaret Schmitke, sister of the bride was maid of honor. She was attired in a blue net skirt over taffeta with lace bodice and peplum. Her bouquet was of yellow tea roses. Mildred Schmitke, another sister of the bride wore a yellow net skirt over taffeta with lace bodice and peplum. The bouquet she carried was of salmon pink tea roses. JoAnn Ostum, cousin of the bridegroom was flower girl. Her gown was of pink taffeta and net. She carried a basket of mixed flowers.

Brother-in-law of the groom, William Bomert was best man. Jerome Ostrem, cousin of the groom was also an attendant. The men all wore boutonnieres.

Erlias Simonson of this city sang "The Lord's Prayer" and "O Perfect Love." Yvonne Haagenson accompanied her on the organ.

Immediately following the ceremony a reception was given in the church parlors by the bride's parents.

Waitresses were Mrs. Martin Corik of St. Thomas, Mrs. Wm. Bomert of Preston, Amy Schmitke and Mary Erickson. Marion Snakenbery of Hewitt poured. Julia Ostrom of Lanesboro was in charge of the guest book.

The groom is a graduate of Lanesboro high school and the School of Agriculture in St. Paul and is employed by the American Breeders Service.

Business Women's Club Addressed by State President

Mrs. Mable Rishovd of Minneapolis Is Guest Speaker at Dinner Here

Mrs. Mable Rishovd of Minneapolis, president of the State Federation of Business and Professional Women's Clubs, was the guest speaker at a dinner meeting of the Thief River Falls BPW club April 5 in the Rex Cafe. Thirty member and guests were in attendance.

Introduced by Miss Thora Skomedal, club president, Mrs. Rishovd outlined the history of the federation, which started in St. Louis, Mo., and said it has developed into the largest organized group of working women.

She also stated that the federation had been instrumental in securing for women the right to serve on juries in most states, and that it is now promoting the adoption of the equal rights amendment.

Mrs. Rishovd announced that the national BPW president, Helen G. Irwin, will attend the state convention opening April 29 in Winona. Myrtle Lendobeja and JoAnne Wedul were named to represent the local club at the Winona meeting.

The program opened with the club collect read by Kay Barzen, following which Karen King sang the Lord's Prayer, accompanied by Devera Borchert, the latter two each supplying another solo. Mayor Agnes Israelson extended a welcome to Mrs. Rishovd.

General arrangements for the meeting were handled by Mrs. Florence Anderson, while Myrtle Lendobeja had charge of publicity, and Kay Barzen and Mrs. Ann Johnson arranged the table decorations, which included green myrtle and pink carnations, with pink and green candles.

In a short business session, a nominating committee was appointed to submit a slate of officers to be voted on in the election in May. The committee includes JoAnne Wedul, Miss Barzen and Mrs. Lucile Hulbert.

LOOK OUT FOR BICYCLES!

Spring's belated arrival means that bicycles will be out in great numbers, says the Minnesota Safety Council. The youthful cyclists, many of them riding bicycles for the first time, present another added hazard to safe motoring on Minnesota's streets and highways. The safest rule, says the council, is to slow down when meeting or overtaking a cyclist. Be prepared for this unexpected maneuvers and you'll be better able to avoid an accident.

They're Grades And Big Producers

When Edward Finstad returned in 1946 after two years of army service, much of which was spent with the occupation forces in Japan, the farm did not appeal to him. After four years of factory experience in Milwaukee however, they (it was Mr. and Mrs. now) changed his mind, and he is now back and well satisfied to be home on the farm again.

He is becoming an enthusiastic dairy farmer, taking over one of the highest producing herds in the area, developed over a period of many years by his father Helmer Finstad.

Pictured above, Edward and his father are showing their two best cows which, in the first year of testing, had an unofficial combined production of more than 1,100 pounds of butterfat. According to their records the cow on the left produced 537.7 pounds of fat and the one on the right 571.1 pounds. From the freshening date of October 11 to the first of April the cow on the right has produced 420.1 pounds and has a good chance of bettering the last year total.

Another young cow in the Finstad herd has a good start. She is already up to 351 pounds in her first lactation and Mr. Finstad is hopeful that she will become the record producer of his herd, the average production of which is in excess of 375 pounds. None of the present cows is registered.

The Finstads are old timers in the Rocksbury community, Mr. Finstad's father having homesteaded there in 1882. He has been a member of the local dairy club since it was organized and is pleased with the results. He realizes the shortcomings of this self-testing program but appreciates the advantages too. It has helped him raise his herd average by culling out several low producing cows that were not paying their way.

And what does Mr. Finstad think about the requirements for quality milk production? "It isn't a matter of choice" he said. "If we are going to stay in the milk business we will have to go along with the stricter requirements." And the Finstads expect to stay with dairying.

3-hour Service on Good Friday at Covenant Church

A special three-hour service is planned for Good Friday, April 16, 12 to 3 o'clock, at the Mission Covenant church here, according to E. W. Lindholm, pastor. The meeting is designed to emphasize the seven cries by Christ from the Cross, divided into seven periods, approximately twenty-five minutes each.

Participating pastors include Gilbert Anderson, Viking; J. H. Bowman, St. Hilaire; Robert Abbott, E. R. Brenneise, Jonas Helland, Alfred Larson and Emery Larson, Thief River Falls, each of whom will bring a meditation. Mr. Lindholm, local pastor is to preside.

There also will be messages in song.

Campaign to Combat Alcoholism Will Be Topic Here April 21

Steps being taken by the state of Minnesota to combat alcoholism will be described by William Ferguson, consultant on alcoholism, Minnesota department of health, who will speak at a conference on alcoholism in the Civic and Commerce room in Thief River Falls, Wednesday, April 21 at 1 p. m. In his talk "Alcoholism — A Community Problem," Mr. Ferguson will present information about the nature and the extent of the alcoholism problem in Minnesota, and will suggest methods of combating alcoholism at the community level.

Also on the conference program will be Glenn Steele, educational secretary, of Alcoholics Anonymous in Minneapolis who will describe the work of Alcoholics Anonymous and the help that organization offers the alcoholic.

A film, "Problem Drinkers," will be shown. This film describes the condition of alcoholism and some of the efforts being put forth to meet this problem. Also on the Conference program will be a panel of local persons who will discuss "Mobilizing the Community to Combat Alcoholism."

This conference is a part of a comprehensive program of education to inform Minnesotans about the nature and extent of alcoholism that has been planned by the Minnesota department of health in cooperation with the Minnesota advisory board on problems of alcoholism. Foremost among these plans is the education of professional persons such as clergymen, physicians, welfare workers, judges, nurses, and leaders in business and industry whose activities bring them into close contact with alcoholics and their families.

Another important aspect of the state program is the encouragement of the development of additional facilities for the care and treatment of alcoholism. Chairman of the conference, sponsored by the Pennington county mental health committee and the Minnesota department of health, is Judge Herman A. Kjos.

New Legion Post Formed at Brooks

Ronald Paradis Named Temporary Commander

A new American Legion post was organized at Brooks on Thursday evening, April 8th, when more than 30 prospective members met to sign the application for a charter from the national organization.

Elected as temporary commander was Ronald Paradis of Brooks. Also elected were Robert Page and Lloyd Merell, temporary adjutant and finance officer, respectively. The members voted the name "Brooks Terrebonne" post as the official name, and decided to conduct regular meetings on the first Tuesday each month. A regular election of a complete slate of officers is scheduled for the May meeting, with the installation of officers to be held at the June meeting.

Present to assist in the organization of the new Legion post were District Commander Elmer A. Andersen and District Adjutant Gordon H. Nohre of Thief River Falls. They discussed the fundamental programs of the organization, which include rehabilitation, Americanism, and child welfare, and community service.

Theatre Patrons Enjoy First Look at CinemaScope

Large crowds have assembled during the past week at the Falls theatre to witness the showing of "The Robe," first local showing of the new CinemaScope process of motion picture presentation. Viewers were agreed that the larger screen greatly enhances the realism of the production.

Evangelist to Be at Salem Church

Evangelist Anfinn Vihovde will conduct Norwegian services starting Thursday evening, April 15, at 8 o'clock in Salem Lutheran church, located six miles north of Oklee and a half mile east. He will speak each evening and at three meetings on Sunday. Special music also will be supplied.

Spring Is Here! Mercury Hits 69; Ice Leaves River

Spring definitely arrived this week with the KTRF thermometer registering a summery 69 Monday and 67 Tuesday. In addition the ice in the river pool here started breaking up Monday, and by Tuesday night the channel was pretty well cleared. Field work is expected to become general in this area next week, and operations already have been started by some farmers on the ridges west of Thief River Falls.

L. A. Paetznick to Head Eagles Aerie

Was Elected Tuesday to Succeed Francis Poolman

New officers were elected Tuesday by the local Aerie of the Fraternal Order of Eagles to serve the ensuing year. They will be installed at the June 8th meeting.

Those elected include Worthy President, Leslie Paetznick; vice president, Helmer O. Ness; chaplain, Elton Cummings; conductor, Gay Haugen; treasurer, Frank Sweet; secretary, Harvey R. Helle, inside guard, Randy A. Holmgren; outside guard, Eugene Prestegaard; trustee for 3 years, John Kruse; for two years, Frank Clinton and for one year, Harry Hendrickson and Albert B. Kriel.

The present worthy president, Francis Poolman, automatically becomes junior past worthy president.

Delegates to the state convention in Mankato on June 11, 12 and 13th will be voted on again by special ballot at the April 27th meeting, due to an error in the ballot in reference to the number of delegates to be voted on, said secretary Helle.

Meeting on House Plants Draws 100

U. of M. Horticulturist Addresses Local Group

Nearly one hundred women attended an open meeting on house plants last Wednesday afternoon in the Civic and Commerce room. Speaker for the session was Richard J. Stadtherr, extension horticulturist from the University of Minnesota, reports Home Agent Marge Olsen.

Mr. Stadtherr spoke briefly on new mixtures for killing plant insects, and those which add gloss to the leaves, as well as suggested soil mixtures for the house plants. After showing colored slides of many varieties of plants, Mr. Stadtherr answered problems raised by the audience.

Copies of the bulletin mentioned by Mr. Stadtherr at the meeting, Extension Bulletin 274, "Care of House Plants," will be available at the county extension office next week, Miss Olsen added.

The house plants meeting was part of the extension home program in the county.

Pioneeer Days in This Area

By Oldtimer

During the early '90s more young men came to the Rosewood community. Among them was Nick Bergvall, who was a mechanic and did not take up farming. Mr. Bergvall was later the owner and proprietor of the Big Wheel blacksmith shop at Thief River Falls, which was located at the corner of Main Avenue North and 4th Street where the Green Funeral Home is now located.

Wolf hunter Ole Pederson lived in Thief River Falls. His house was located just north of where the Taxeraas garage is now located. Ole had two wolf hounds named Whiskers and Fanny, and had a sled built on the order of a toboggan with a canvas coupe built on it where Ole and the hounds rode. He had a pair of light ponies for power. When he saw a wolf he yelled like a Comanche Indian and let the hounds out to pursue the wolf. The hounds soon caught their prey, and, if they failed for some reason Ole's rifle usually took the transportation away from the wolf. There were very few wire fences at the time so there was not much danger of the hounds being injured by running into the fences.

During the early '90s most farmers bought two or more horses. Life on the homestead was now a little more comfortable and a little more secure. The Great Northern Railroad extended its line from St. Hilaire to Thief River Falls in 1892, and this city became the nearest trading center. We hauled wheat to the elevators served by the Great Northern railroad. The feed grain was hauled to Carl Kretzschmar's mill to be ground. Horse power was used to elevate the grain to the bins in the elevator. On one of my first trips to Thief River Falls I saw the Indian tepees on the Chiefs' Section north of what is now Eighth st.

Mr. and Mrs. H. Fant operated a variety store where Poppler's Furniture Store is now located. If my memory is right the first telephone in Thief River Falls was in the Fant store, at least there is where I saw my first telephone. It seemed unbelievable that the people in town could talk to the people in Crookston and other cities.

The boys and girls walked to town to get groceries and the mail, and each one carried all the mail that they could for neighbors. We talk about coffee being expensive in 1954, those early days Arbuckles and XXXX coffee cost 25 cents for two pounds. During the first year of our pioneer life green coffee beans were used and these were roasted in the oven. Each home had a hand powered coffee mill because all coffee was not ground before it was to be used. Chicory was sometimes used to give the coffee more color and flavor. Restaurants sold two cups of coffee for a nickle and in some places there were long tables where the coffee was served and the farmer could eat the lunch that he carried from home. The coffee houses seemed to do a good business.

tion to the Knox school designed to provide a commodious combination auditorium, gymnasium and lunch room, and a kindergarten room, with no other additional classrooms. The addition, which would adjoin the present building on the south and east sides, would use the present heating plant, and was estimated to cost about $175,000.

The board also voted to enter into a contract with the University of Minnesota Bureau of Field Studies for a survey of the area served by the local schools to show potential growth and future building needs.

Lincoln school teachers who have submitted their resignations include Albert C. Ahlquist, Marlys Carlander, Phyllis Evenstad, Mrs. Dorothy Engelstad, Patricia Hoffman, Kathryn Hornbarber, Joyce Locks, Harriet Overboe, Marilyn Smith and Tuovi Salo, band instructor.

Grade school teachers resigning include Knox school: Zola Holmes, Joan Whalen and Elsie Boquist. Northrop school: Mildred Fritts, Audrey Glistad, Avis Norling, Helen Griebstein, Delores Skrien and Mrs. Ardith Fuglie. Washington school: Gladys Berglund, Rose Berdahl and Corinne Johnson, kindergarten.

AGSCO Sponsors Good Neighbor Night April 23d

AGSCO dealers in this area will be host in the municipal Auditorium Friday evening, April 23, at a Good Neighbor night, featuring a style show of dresses made from cotton bags.

Modeling the dresses will be a group of 4-H girls under the supervision of Miss Marge Olsen, home agent, and high school girls directed by Miss Harriet Overboe.

Also included in the program will be motion pictures, among them being comedy films and an educational sound color film dealing with hybrid corn and made in this area by Clarence Sande.

Admission will be free and door prizes will be awarded.

Achievement Day for Home Project Scheduled May 4

Program, Exhibits and Tea to Be Held in Civic and Commerce Room at 2

Plans for Pennington county's observance of National Home Demonstration Week May 2 to 8 will include the annual Achievement Day on Tuesday, May 4, Home Agent Marge Olsen announced today.

The event will feature a program, exhibits and tea, and will be held in the Civic and Commerce rooms beginning at 2 p. m. The speaker for the occasion will be Miss Athelene Scheid, extension specialist in clothing, from the University of Minnesota.

According to Miss Olsen, Achievement Day climaxes a year of accomplishment for the 360 county women who are taking part in the extension home program, an educational activity carried into rural homes and communities by the University of Minnesota agricultural extension service. The women study various phases of homemaking and family living.

Exhibits will be displayed during the afternoon, showing the work that has been done during the past year by the women enrolled in the program. They will include exhibits of garments in which sewing machine attachments were used, and chairs which were reupholstered by homemakers, as well as displays featuring foundation garments and pressure saucepan cookery. These exhibits outline the home program for the past year.

Committees in charge of special activities for Achievement Day are: Program, Mrs. Lloyd Johnson, Mrs. Andrew Kisch and Mrs. Carl Finstad; exhibits, Mrs. Herb Swenson, Mrs. Norton Nelson and Mrs. Ernest Swanson; tea, Mrs. Odin Hanson, Mrs. Charles Sorenson and Mrs. Kermit Maidment; publicity, Mrs. A. D. Hanson. The first named in each case is chairman.

Army & Air Force Recruiter Opens Office Here Today

Transfer of the U. S. Army and Air Force recruiting station from Crookston to Thief River Falls, effective today, was announced by Sgt. Raymond Dunn, recently of Otis Air Force Base in Massachusetts, who will be in charge of the station here.

Sgt. Dunn, who is setting up headquarters on the second floor of the Elks building, is a veteran of 12 years service with the Air Force.

He is married and the father of three children.

At Newfolden

DR. BERNARD CHRISTENSEN

The Evangelical Free Church of Newfolden and the churches of the Newfolden Lutheran Free Church Parish will hold a joint Good Friday service at the Newfolden school auditorium at 8:00 p. m. Special music will be provided by the participating churches and an offering will be received for the American Bible Society which prints and distributes Bibles throughout the world.

Dr. Bernard M. Christensen, president of Augsburg College and Theological Seminary in Minneapolis will speak on, "The Cross on the Hill and the Cross in My Heart."

Dr. Christensen is a frequent speaker at church, civic and youth conferences.

He recently returned from an eleven-week tour of Europe as one of two American lecturers participating in a series of Lutheran theological conferences and Italy.

Sunday School Institute Is Set

Miss Annie Dahlberg, parish worker in Camden Covenant church, Minneapolis, will appear April 20-24, Tuesday thru Saturday evenings, 7:45, in Sunday School Institute sessions at the Mission Covenant church here, according to Rodney Brodin, superintendent of the Sunday school, who indicated these sessions are especially arranged for Sunday School workers.

Miss Dahlberg has stated as her theme for the Sunday School institute sessions, "Because He Loves, I Love," and has given following topics upon which she plans to dwell respectively Tuesday through Saturday evenings (April 20-24):

"Because I Love, I Witness"; "Because I Love, I Prepare"; "Because I Love, I Teach"; "Because I Love, I Win"; and, "Because I Love, I Share."

Lincoln School to Be Host to Music Festival May 7-8

Lincoln high school in Thief River Falls again this year will be host to the annual area high school music festival, which has been scheduled for Friday and Saturday, May 7 and 8, Supt. W. G. Claffy announced. The event attracts upwards of 1,200 students from schools throut Northwestern Minnesota, winners of "A" ratings in the district festivals. The district 31 event will be held at Crookston the preceding week on April 30 and May 1.

Cloverleaf Man Provides for Wild Life on His Farm

Kermit Maidment Plans Program with Aid of Don Lawrence of the SCS

Kermit Maidment, progressive young farmer in Cloverleaf Township has recently completed his farm plan with the help of Don Lawrence, SCS farm planner.

One of the features of the plan is the provision made for keeping some wildlife on the farm. Two small areas have been set aside for wildlife use. One is a low wet area of about six acres that will be left as a breeding ground for ducks. The other is a stony area of seventeen acres that will be developed as a food and cover patch for upland birds. Members of the Pennington County Sportsmen Club and Boy Scouts of Troop 50 will aid in doing the planting.

Both Maidment and E. H. Pomerenke, owner of the land, stated that there have always been some sharptail grouse in the area and that they like to have these birds on the farm. Food and cover is necessary for the survival of the sharptail grouse.

In addition to providing a place for wildlife on the farm, Maidment plans to use grass and legumes in a regular rotation for hay and pasture for the livestock as well as for green manure to improve the soil. Open field drainage ditches for removal of surplus surface water is also a part of the plan. With technical help furnished by the Soil Conservation Service, nearly three miles of ditches have already been dug and plans call for about one mile more.

Planting and improving the farmstead shelterbelt is another part of the plan that will be accomplished with the help of the Pennington county soil conservation district.

Contributions for Easter Seals Are Requested

"An urgent plea for belated Easter Seal contributions was made by today by Nobel Shadduck, Annandale, president of the Minnesota Society for Crippled Children and Adults (The Easter Seal Society).

"We know many persons have forgotten to mail in their Easter Seal gifts," Mr. Shadduck said. "They want to help Minnesota's handicapped youngsters to new happiness and productive and useful lives. We know that. But we also know how easy it is to forget to place Easter Seal contributions in the mail."

Residents of Minnesota are urged to send in their Easter Seal Gifts. Mr. Shadduck expressed the hope "that every Minnesota citizen who has not yet responded to the Easter Seal appeal will do so this week, so we may know what funds are available to continue our service to the handicapped."

Catholic Youth Group to Convene in Red Lake Falls

Annual Convention Is Slated for Monday and Tuesday, April 19 and 20

The fourth annual convention of the Catholic Youth organization of the Diocese of Crookston will take place in Red Lake Falls, Minnesota on April 19 and 20. Program arrangements for the convention, which opens with registration at 9:00 a. m. Monday, are in the hands of the Junior and Senior CYO groups of St. Joseph's parish of Red Lake Falls.

Father Edward Herold of Georgetown, general director of the convention, will be assisted by Father Donald Archer, assistant pastor of St. Joseph's church, and Madonna E. Beroaler, general chairman of the convention committees. Meals to be served to the young people attending the convention will be supplied by the St. Joseph's Ladies Guild.

For the first day, there will be a general business meeting, the adoption of the constitution, panel discussions, nominations of officers and in the evening, the finals of the one act play contest will take place. The CYO members of Mount St. Benedict will represent the northern region with their play, while the St. Joseph's CYO members of Moorhead, will represent the southern region.

The convention member will be addressed by the Most Reverend Francis J. Schenk D. D. at the opening session and will be welcomed to Red Lake Falls by Mayor R. B. Lane and to St. Joseph's parish by Reverend Wm. Keefe.

The second day will be opened by a pontifical high mass at 8:30 a. m. with Father Warren Regnier delivering the sermon. Father Francis Fleming of Glen Lake, Minnesota will give the keynote address of the day. There will be panel discussions held during the day which will deal with the various subjects and problems important to the youth of America today. Election of officers will also take place. A diocesan wide talent contest will be held in the evening immediately following the presentation of the new diocesan officers for the coming year.

How to Take Soil Samples

There is only one accurate way of determining your soil's fertilizer needs, and that's by having the soil tested. And aside from the small amount of time involved in taking the sample it is very inexpensive. The results of the soil sample should be back to you in two weeks, sometimes a little longer in busy seasons.

Sampling is very easy, but you must follow directions to insure getting a representative sample of your farm's soil. You need samples of light and dark colored soils, soils from drainage areas, and different soil types—sandy, peat or loam—as well as samples of soils with a different management history. Take at least one separate sample from each ten acres or from a smaller area if conditions vary.

I can give you more information on soil testing if you will stop in some day. Also, I have soil boxes that are very handy for shipping soil.

Dairy Day

Plans are now being made for Northwest Dairy Day which will be held here in Thief River Falls June 8. This will be the 8th annual Dairy Day, and by all indications, this one will top them all. I sincerely hope that you boys and girls who own dairy stock will take advantage of the fun and educational experiences of Dairy Day by showing and exhibiting your calves. You should have your calves well trained by now and nothing will make your calves look nicer than brushing their coats twice a day. If you have any questions about Dairy Day or if you need any help preparing your calves please let me know and I will help you.

Pine Needle Scale

I have had a number of questions about pine needle scale since I have been in Pennington county, and I thought I'd write about it. According to State Entomologist T. L. Aamodt, Minnesota department of agriculture, the insects appear now as tiny, white, shield-like spots on the needles. Damaged branches become yellowed and often lose their needles. Severly damaged trees may be killed.

Spray to destroy crawlers after they emerge from under the white scales late in May or when the lilacs bloom. Use malathion at two and one half pints of fifty percent emulsifiable concentrate per 100 gallons of water. Dry lime sulfur at one pound of sulfur to 12 gallons of water can also be used, but not when the temperature is above 80 degrees, because sulfur can cause foliage burn at high temperatures. Sulfur may also discolor painted surfaces if you are not careful when spraying.

Garden Varieties

You Pennington county gardeners might be interested in a new bulletin in the Extension Office. It is called "Vegetable Varieties in Minnesota," and it recommends those vegetable varieties that grow the best in Minnesota. This bulletin is free if you will come in and pick it up.

DARRELL CARLSON, MARINE PFC., LANDS ON IWO JIMA

Marine Pfc. Darrell G. Carlson, son of Mr and Mrs. Martin E. Carlson of Thief River Falls, landed on Iwo Jima with the 3rd Marine Division during the recent "Operation Flag Hoist."

Nine years and a month after the first landing, the Marines came through the surf and dug out a beachhead in the familiar volcanic ash, amid ruins of WW II. They powered their way inland, directing their attacks against an "enemy" force acted out realistically by the 2nd Battalion, 4th Marines who had spent a month digging in for the "battle."

Following successful completion of the mission — to seize, occupy and defend Iwo Jima — memorial services were held for the more than 4,000 Marines and sailors who gave their lives in 1945 to take the island for use as an American airbase.

Mavie 4-H Club

The Mavie 4-H Club met Friday evening, April 9 at the Lars Lindwick home. The topic for the evening was safety, conducted by the junior leaders: Ernest Breznay, who talked on the use of Scotchlite and the safety slogan contest; and Billy Svensgaard, who gave an illustrated talk on safety around the home.

Sharon Lindwick gave a demonstration on "How to wash dishes correctly," and Shirley Oaki gave one on "How to sew on a button."

Projects were checked as this was the last meeting at which our members could make changes.

Shirley Oaki planned the program as follows: Piano selections by Mrs. Sanders, jokes by Rodney Wayne and a skit by Ernest and Marie Breznay. Games were played for recreation.

Lunch was served by Mrs. Lindwick.—Marie Breznay, reporter.

Hams For Easter

By reading the label on the Easter ham you buy, you can tell whether it needs further cooking. A ham label will tell you whether the meat is fully cooked, ready-to-eat or tenderized.

If the label reads "tender" or "tenderized," you know that this ham is partially cooked, but needs additional cooking to obtain the well-done texture and full flavor of a perfect Easter ham. An additional help is the packer's label which usually gives directions for cooking according to the amount of heat already applied to the ham.

If desired, a "ready-to-eat" ham may be served without further cooking. Some of these hams are more thoroughly cooked than others. Hence, many homemakers prefer to cook this type of ham in order to bring out the best flavor and texture.

"Fully cooked" hams are guaranteed by the Federal Meat Inspection Service that have been heated to the necessary degree of doneness. Although such hams need no further cooking, you might want to serve your Easter ham hot.

If your Easter ham is not labelled and you are in doubt about additional cooking, it is recommended that the ham be cooked.

I would like to remind you that under a U. S. regulation first put into effect in 1952, all cured and smoked hams prepared under Federal Meat Inspection must be heated to at least 130 degrees F. internal temperature, or treated by approved methods of freezing, drying or curing.

The round purple U. S. Inspection stamp on any cured, smoked ham means that the meat does not need further home cooking for health and safety precautions, but just for good eating. Since all meat sold across state borders must be inspected federally, much of the cured, smoked ham on the market is safeguarded.

Raisin Sauce

Have yopu ever tried raisin sauce with ham? The two together are like cheese with apple pie — wonderful! Here is a recipe for raisin sauce that I hope you will make for your Easter dinner.

¾ cups raisins, 1¼ cups water, 4 to 5 cloves, 1 Tbsp butter, 1 Tbsp corn starch, 1 Tbsp. vinegar, ¾ cup sugar, 1 Tsp. lemon juice, few drops Worcestershire sauce.

Method: Simmer the raisins and cloves in the water for 5 minutes. Remove cloves, add sugar mixed with the cornstarch and the remaining ingredients. Cook over low heat until thickened. Serve hot with baked ham.

Here's to good eating at your Easter dinner!

Baptist Church to Offer Easter Cantata Sunday

An Easter cantata by the choir of the First Baptist church will be presented Sunday evening at 7:45. The program, to which the public is invited, consists of musical numbers telling the story of Easter from Gethsemane to the resurrection.

This will be the last major program by the Baptis Choir under the present director, Albert Ahlquist, who has directed the choir the past four years, will not return to his position as instructor of physics in the local high school after the present school year. A farewell supper in recognition of their active interest was held in honor of Mr and Mrs. Ahlquist last Wednesday at the Baptist church.

Beaver Trapping Banned in Refuge

Trapping Forbidden in Mud Lake Wildlife Area

Through a misunderstanding, erroneous information has been publicized to the effect that the state conservation department was authorizing beaver trapping in the Mud Lake National Wildlife refuge at Holt.

Trappers are advised that there will be no trapping of beaver in the Mud Lake refuge during April and May.

Trapping of any fur-bearer at any time is never permitted on a federal refuge unless the trapper possesses a state trapping license and a federal permit issued by the refuge office.

It is illegal to trap on a refuge without such a permit and such violations are subject to penalties and conviction in federal court.

2nd CinemaScope Film to be Shown at Falls Saturday

With the revealing eye of the new CinemaScope lens, movie patrons will be transported to unknown recesses of the ocean bed to wonder at the marvels that have been hitherto reserved for undersea divers alone when the Technicolor, "Beneath the 12-Mile Reef" opens Saturday at the Falls theatre. Starring Robert Wagner, Terry Moore and Gilbert Roland, the story is about the colorful fishermen off the coast of Florida—their feuds, their loves and the dangers that await them as they plunge into the silent war beneath the world to search for their livelihood.

Crookston Eagles Host to District Meeting April 20

Delegations from Eagle Aeries in district 2 will attend a joint meeting Tuesday evening, April 20, at the Crookston Aerie's auditorium. District 2 comprises the lodges in Park Rapids, Detroit Lakes, East Grand Forks, Thief River Falls, Crookston and Hallock.

Harvey R. Helle of Thief River Falls, district director, reported that a banquet will be served at 6 o'clock to the members of the order and their ladies. Following the meeting and initiation of candidates, dancing will complete the evening.

Helle stated that a large attendance is expected.

Seidel Installed as Engineers Head

President N. W. Chapter Professional Engineers

With 36 members and guests present, the Northwest chapter of the Minnesota Society of Professional Engineers last Thursday evening installed Joseph Seidel, Pennington county engineer, as its president at a dinner meeting in the Rex Cafe. Ed W. Johnson took over the duties of secretary-treasurer.

Guests at the meeting were Col. E. B. Miller, state director of civil defense, and two members of his staff.

The next meeting of the chapter will be held in Crookston May 21, it was announced.

GET THE ADVANTAGES OF BETTER BREEDING!
SAVE MONEY!

Yes, you save money by getting Land O'Lakes chicks. The Master Breeding Plan results in pullets that lay 100 to 150 more eggs per year than poor birds!

At laying time those extra eggs make up for the slight extra cost of quality chicks many times over. The extra pennies invested in quality chicks can spell the difference between success and failure to your poultry program.

325 Sports Fans at Banquet Pay Tribute to Lincoln Athletes

More than 325 persons were in attendance in the Zion Lutheran Church parlors on Thursday evening for the fourth annual athletic banquet as four of the city's service clubs—Lions, Rotary, Junior Chamber of Commerce, and the Civic and Commerce—honored the 1953-54 Prowler athletic teams and their coaches.

Lyle Guttu, a high school senior and a co-captain of last fall's championship football team, presided as master of ceremonies, and conducted the proceedings in an efficient and capable manner. Dr. T. O. Burntvedt, a visitor in the city, was called upon by Rev. Walter Pederson to give the invocation.

Quentin Jones, director of athletics for their local school, introduced a number of the coaches of nearby towns who were at the banquet, and among those that acknowledged their introductions were Howard Casmey of Plummer, Darold King and Roger Arvidson of Red Lake Falls, Serge Gambucci of Crookston Cathedral, Bob Strand of Crookston Central, Bud Olson of Goodridge, Orin Benson of Oslo, Clint Perkins of Warren, Charles Pickens of Alvarado, and Harold Kraft of North Dakota University.

Mr. Jones then introduced the coaching staff of the local school system; Ralph Skjod, Dennis Rolle, Joe Mrkonich, Dick Edlund, Swede Lund, Jim Carlson, Phil Beadie, Sid Roy, and John Elsbrener. Mr. Jones called upon the following Prowler athletic captains for introduction to the crowd: Jack Hoppe and Mary Jorde, hockey co-captains; Lyle Guttu and Darold Dalton, football co-captains; Art Johnson, basketball; Bob Helgeland, track; Gene Bratsch, golf; and Jerry Vevea and Ray Thorson, tennis.

Marsh Ryman, freshman hockey coach at the University of Minnesota, and a director of ticket sales at the "U", addressed the gathering and gave a brief outline of the vastness of the University athletic program. Ryman stated that the budget for the eleven athletic sports that are sponsored by the University calls for an expenditure of $900,000 a year, and that of this amount all except $37,000 is obtained through admissions. Mr. Ryman stated that the University of Minnesota has an indoor athletic plant that is the peer of any establishment in the country, and that the authorities hoped to improve the outdoor facilities this year.

The featured speaker at the banquet was John Mariucci, the University of Minnesota hockey coach, and a one-time National Hockey league performer with the Chicago Black Hawks. Mr. Mariucci proved to be a very entertaining speaker, and the crowd enjoyed him immensely, particularly when he tossed verbal barbs at Joe Mrkonich and Dennis Rolle.

In complimenting the Prowlers and their coach on winning the state high school hockey title Mr. Mariucci stated "I can say this in all sincerity, in all the years that I have watched hockey, I have never ever seen a finer high school hockey team than you had this year."

As a memento for the occasion, the arrangements committee, in behalf of the service clubs, presented banners to the Prowler athletes. These banners were in royal blue, with the words "Thief River Calls Prowler Champs 1953-54" being in gold.

North Dakota 'U' Grid Coach Addresses Group

The Plummer Commercial club held its annual athletic banquet April 5 at the Plummer hall. This year the banquet was different than in former years in that it included all sports played at the high school and not just football or basketball as has been done in former years.

Emil Malwitz, president of the Commercial club, acted as toastmaster. After his address of welcome, the girls' sextet presented a vocal number. There were short talks by Jim Kopp and Nal Craft, co-captains of this year's teams. Both boys paid high praise to Mr. Casmey for his "outstanding coaching job."

Supt. Piehl and Mr. Casmey spoke for the administration of the school.

The main speaker of the evening was Frank Zazula, head football coach at the University of North Dakota.

Junior Riflemen Honored Tuesday at Awards Night

Group Supervised During Past Season by Ted Mills, Assisted by Herb Jung

The junior division of the city's riflemen, an organization that is under the sponsorship of the Thief River Rifle Club, and which has been under the competent supervision of Ted Mills, with Herb Jung as assistant, this past season, held an award night at the Civic & Commerce room in the auditorium on Tuesday night.

The group, consisting of boys and girls of high school and junior high school age, was organized in December, and since that time they have held matches on a weekly basis on the indoor range at the arena.

Mr. Mills stated that he was greatly encouraged by the cooperation that he received from the parents of the club members. "We had but one target when we began our program in December, and when we concluded our season's matches, there were ten target rifles in the group", said Mr. Mills. He added, "I had a grand time with the boys and girls this season, and I hope that the program will continue to develop."

The following are the squad members, nine boys and seven girls, and their marksmanship ratings for the season: Jeanne Dahle and Carol Bishop, sharpshooter, bar 3; Sally Snyder, sharpshooter, bar 2; Louise Knutson, sharpshooter, bar 4; Susan Mills, sharpshooter, bar 4; Shirley Kulseth, sharpshooter, bar 3; Don Litstrom, marksman; Arlen Booren, marksman, 1st class; Dave Rasmussen, sharpshooter, bar 1; Jack Stewart, sharpshooter, bar 3; Dale Nelson, sharpshooter; Richard Toomey, sharpshooter, bar 5; Mark Bjorkman, sharpshooter, bar 4; and Dan Sandum, sharpshooter, bar 3.

Newfolden Will Hear Rev. Brandt

Rev. E. F. Brandt, evangelist for the Lutheran Free Church, will conduct a week of special meetings at the Bethlehem Lutheran church in Newfolden. The meetings begin on Tuesday, April 20, 8:00 p. m. and will continue each night, and Sunday. On April 25th Rev. Brandt will speak at 11:00 a. m. and 2:00 p. m. The ladies aids will serve dinner at noon that day. These meetings are sponsored by Bethlehem, Folden and Westaker churches. Special music will be provided each evening.

The following week April 27 through May 2, Rev. Brandt will be at the Bethania Lutheran church of rural Newfolden.

Keeping Score with "Huck" Olson

A Ball Park

With the co-operation of the Fair Board officials, plans are moving ahead for the remodeling of the ball park at the Fair Grounds. According to the "blue prints," the baseball diamond will be shifted about forty or fifty feet east of its present location. By moving the diamond to the east that distance the hazard of the fair activities in cutting up the playing surface will be removed.

Specifications are being made for the erecting of a five-foot removable wooden fence to enclose the outfield. Portable bleachers are to be installed along the first and third base-lines; and a lighting system will be erected.

It is to be hoped that the playing surface will be re-built in such a manner that the pebble and stone hazards will be removed. That was the main objection to the old Fair Grounds diamond.

Maroons Move Up

Several carloads of local hockey enthusiasts were in Winnipeg on Friday and Saturday and were in attendance at the Maroons vs. Moose Jaw Millers playdown games. On Friday night, the Maroons, by an 8 to 2 score, defeated the king-sized Millers, and on Saturday night, by a 9 to 1 score, the Maroons closed out the series.

The Maroons, by their best-of-seven win over Moose Jaw, entered the Western Canada Allan Cup finals, and will meet the winner of the Nelson vs. Pinticton series. At the present time, the Nelson Maple Leafs hold a three games to two edge over the Pinticton Bees.

The Maroons left for British Columbia yesterday morning, and they will remain out there throughout the entire Western Canada series. If the Maroons should be successful against either Nelson or Pinticton, the Canadian Allan Cup championship finals will be played in Winnipeg, with the games starting the latter part of this month, about on April 29th or 30th.

Thief River Falls wasn't the only town in northwestern Minnesota that was represented at the Maroons vs. Moose Jaw games this week. Crookston, Roseau, and Grand Forks had fans at the games too, and it was reported that the Crookston Pirates and Roseau Cloverleafs had team officials up there making contacts with prospective players for next season's Northwest Hockey league play.

Divots

Touring in the vicinity of the golf course on Sunday afternoon we noticed what we thought was someone digging post-holes along the number one and number two fairways. Putting binoculars on the individual, we were surprised to see that it was Doug Tegtmeier practicing his nine-iron shots. So that the greens committee won't be too disturbed, we'll inform them that Doug was digging those divots from his usual playing position on the course, from the rough.

And to disturb Stan Larson's peace of mind, we'll release the information that Lloyd Bennes, while in Minneapolis attending the basketball tournament, took a golf lesson from Les Bolstad. One thing is sure, Stan isn't going to win the city golf championship by default. The "boys" will be out after him.

Sports Afield

What's this we hear about the formation of an exclusive fur, fin, and feathers being organized, with its headquarters being established south of town, along Highway 32. According to the proprietors, L and L, the members of the clubs will be true sportsmen, with plenty of red corpuscles in their blood.

A look at the tentative membership list indicates to us that the outfit will be a wild-life club.

It is rumored that one Thursday night several weeks ago, a couple of the city's un-official game-wardens made a number of telephone calls. These telephone calls, made in a brusque and authoritive manner, were for the purpose of advising a number of the city's outdoorsmen that a check of the their home freezers were to made, looking for game-birds, etc. These calls caused considerable commotion in many homes, with lockers and freezers being emptied, birds being given away.

That Thursday evening several weeks ago proved to be the evening of April Fool's Day. We're giving fair warning, those "game-wardens" had better remain plenty healthy.

Latest information is that detergents, most of which are oil-derived, have washed out old sales records and now top the sales of natural soap for the first time, with some 53 per cent of the U. S. washday market.

Singles Bowling Event at Pla-Mor Hits Semi-finals

Wally and Jesse DuChamp, LeGault and Del Harbott Will Compete Sunday

The city singles bowling tournament has reached the semi-finals, and on Sunday afternoon, at 1:00 p. m., on the Play-Mor alleys, Wally DuChamp will meet Phil LeGault and Jesse DuChamp will roll against Del Harbott. According to present plans, the championship finals, between the winners of the semi-finals matches, will meet at 4:00 p. m. for the city title.

In last Sunday's quarter-finals encounters, Wally DuChamp, by a 1143 to 970 score, eliminated Gordy Reierson; Phil LeGault removed "Shorty" Perkins from the tournament, winning by a 1160 to 988 score; and Jesse DuChamp barely edged past Bud Brossoit, winning by three pins, 1042 to 1039. In a match rolled on Saturday night, Dell Harbott defeated Dr. Jim Disse, 1056 to 919.

Bud Brossoit, although outscoring Jesse DuChamp in four of the six games bowled and tying in one game, lost to the Plummer right-hander in a ding-dong match that was not decided until the final ball in the tenth frame of the sixth game. Bud rolled a "weak" 147-pin first game, while Jess had a 194 score to pick up 47 pins. Following that 147-pin first game, Brossoit rolled games of 182, 182, 180, 185, and 163; while DuChamp had scores of 182, 175, 172, 157, and 162. The two bowlers entered the final frame of the sixth game all even. Jesse spared the frame and finished with a strike; Bud also spared, but, needing a strike to send the match into extra frames, he could only get seven pins on his final ball.

Including last year's production of more than 3¼ million tons of coal, Colorado's output thus far is 486,340,000 tons — less than one-third of 1% of the vast reserves still to be mined in that state.

Educators' Group Is Seeking Still Higher State Aid to Schools

A group of educators, laymen and legislators recommended Thursday in St. Paul, Minnesota boost basic state school aids another 15 per cent, even though the present scale costs more than the state is taking in from income taxes.

The group—the Co-ordinating Committee for Education — recommended basic aids be jumped from $80 per pupil unit to $92.

It said the income tax should be increased to pay for higher aids unless "revenue to the state is forthcoming from sources yet unknown."

The group estimated the increase would cost 10 million dollars a year more than the present program. It is estimated $92 aids would run cost of the program for the next biennium 25 millions above the amount available from income taxes.

The program has been chopping into a surplus once as high as $51,400,000. By the end of the current biennium, this surplus is expected to be only between 16 and 20 million dollars.

The 22-member committee said higher state aids are necessary to meet increased educational costs and "alleviate the already heavy load being borne by the local taxpayer."

Members of the committee included state Sen. A. L. Almen, head of the senate education committee and now public relations representative of the Minnesota Education association, Rep. Stanley W. Holmquist, chairman of the house education committee; Rep. Sally Luther, Minneapolis; William A. Wettergren, executive secretary of the Minnesota School Board association, and Walter E. Englund, executive secretary of the MEA.

The Minneapolis PTA congress, the County Superintendents association, the Association of School Administrators, and the Citizens Committee on Education were other groups taking part. The committee was set up last May to conduct research on educational legislation.

Highway Dept. Workers to Get Safety Awards

Safe driving awards will be made to approximately 1,400 maintenance employees of the Minnesota department of highways who have operated state-owned motorized equipment during the past year without a preventable accident. Adding greatly to the importance of these awards is the fact that many of these men are required to be out on the highways during the most adverse of driving conditions, such as those accompanying snowstorms, freezing rain or other periods of inclement weather.

In addition, for the first time in the history of the department, National Safety Council "Safe Driver" awards will be given to more than 1,000 of these employees who operate motor vehicles at least 50 per cent of their working time. These awards are being made through the cooperation of the Mutual Service Insurance company, St. Paul, which has the contract covering liability insurance on all state-owned vehicles.

Presentation of these awards will be made at the annual safety meetings which will be held at the various district headquarters including Crookston May 6 at 1:30 p. m.

Forest Fire Radio Communications Setup Completed

New System Provides Direct Supervision of Fire Control Activities

Minnesota's forest fire radio communication system, started about a year ago, has been completed and will be in full operation for the spring fire season which has now begun, E. L. Lawson, director of the division of forestry, said today.

The transmitting and receiving sets will enable rapid and direct reporting and supervision of fire control activities. The division of forestry has been licensed by the Federal Communication Commission to operate the system for the purpose of "fire control and related forestry activities."

Hub of the system is the 250 watt station located at Grand Rapids. Of the 16 protection area headquarters, 13 are equipped with a 60 watt station and 42 stations of 30 watt capacity are located in the district warden headquarters. Eighty-eight mobile sets are installed in fire unit pick-up trucks, 5 in passenger cars and 132 portable packsack units will be used by men in the field and emergency locations.

It is planned to enlarge and complete the system by the installation of a high-powered station in St. Paul for direct communication with any part of the forest area and a 60-watt station for the Cambridge area which is now the only area not covered.

A blanket of snow which has covered northern Minnesota until very recently has delayed the start of forest fires. Only in the counties immediately north of the Twin Cities has the bare ground and dry grass been a fire hazard. About a dozen fires covering about 1,000 acres have been reported.

Everyone is reminded, however, that unless conditions are extremely favorable the fire hazard can increase within days and everyone should "help prevent forest fires."

Lots of Milk Is Used at Chicago ADA Convention

The American Dairy Association members at the 15th annual meeting in Chicago last week demonstrated that they drink their three glasses of milk every day.

According to the Morrison Hotel catering manager, convention headquarters, milk consumption at the hotel tripled for the week. He related that at the seventh annual Distinguished Service Awards banquet Tuesday night, the 500 in attendance consumed 887 one-half pint glasses of milk.

The next day, at luncheon of the Board of Directors, 186 people drank 317 glasses of milk.

The run of milk was so great that the hotel had to have two special deliveries made for the meetings, the coffee shop and drug store. The supplies of butter, cheese and ice cream also needed replenishing sooner than normal, the hotel reported.

One dairyman said: "If we're going to be telling the people that they need three glasses of milk every day, by gosh we had better set a good example for them to follow."

NOT EASY TO REBUILD

A Department of Agriculture crop report estimates the winter wheat crop for this year as well below last year's actual yield and less than the average for the past ten years. Continued drouth in several south-western states is the reason for lowering the estimates.

The drouth area is what has always been looked upon as a semi-arid region. It was grass country until the war and during the 'forties it switched from grass to grain. While bumper crops in the region helped substantially in meeting the increased food needs of the war period, in the post-war years this increased production helped build up our troublesome surplus. The country that prospered suddenly has now suddenly become a relief problem.

It is easy now to look back and agree that it would have been best for all if that vast plain that now is a dust bowl, a land of insufficient rainfall to produce crops under average conditions, had been left in grass. Power machinery made it possible to transform the grassland to farm land practically in one season. But it will take many years of careful management to restore the present wind-blown desert to grassland again.

$100 FOR A TITLE

Minnesota is going to have a state Dairy Princess this year and there is a $100 savings bond in it for the one who suggests the most appropriate title for this royal person. We like the idea. It is high time we start strutting our stuff and let the world know that ours is a dairy state and that we're proud of it, and especially proud too of the quality dairy products we produce.

Our neighboring state of Wisconsin already has a dairy princess. She is widely publicised as "Alice in Dairyland." That's a good title but Minnesota will have to come through with a better one, to measure up to the lovelier princesses who will represent our state. Lou Conlon said so.

EACH PROBLEM A HOT POTATO

Down in the state of Texas our government, through one of its agencies, operates a tin smelter. The administration is now taking steps to close this plant. The reason for closing it is that it no longer is needed. We already have a stock pile of tin large enough to meet the government's normal needs for a period of from six to ten years.

But closing a plant does create some hardship. When the government attempts to curtail an operation it runs into political difficulties. Pressure groups travel to Washington to point out how essential it is to the national economy that the unnecessary spending be continued.

This we can understand. If the plant in question were located here we probably would be among those writing letters to our Congressman. The fact that it isn't here however, enables us to consider the problem without a personal or community bias.

And looking upon these problems objectively it is easy to be realistic. Of course there could be no justification for continuing to manufacture a commodity no longer needed, merely to maintain a payroll.

Hundreds of communities thruout the country enjoyed a few years of crazy prosperity because of the war. When the fighting stopped those communities faced a very difficult readjustment back to normal. Communities such as ours, that did not share in the boom, are finding it a little easier to get along now.

But we can all agree that an administration, faced with the responsibility of cutting back to normal, is confronted with many problems, each of them a hot potato.

INDIA MAKES PROGRESS

India is celebrating the 100th anniversary of its textile industry this year and that is a significant milestone in world progress. A hundred years ago the weaving of cloth was hand operation and India was very much a backward nation. And while by our standards India is still a backward nation, it now ranks second in the world in the production of cloth and 800,000 of its people are employed in its textile industry, well equipped with modern, automatic looms.

The progress that is being made by the natives in some Asiatic countries gives assurance that there can be progress in all backward areas. Gradually the machine will do for them what it has done for us—give them a higher standard of living. That transformation cannot come suddenly. It serves our best interests however to speed the process along and encourage machine methods as rapidly as they can be absorbed.

EXTENDING SOCIAL SECURITY

According to testimony given by Mrs. Oveta Hobby, Secretary of the Department of Health, Welfare and Education, at a recent congressional hearing on social security legislation, only 13 per cent of the aged population in rural counties get social security pensions, while 31 per cent are on old-age relief. In urban counties however, 36 per cent of the aged draw pension payments while only 17 per cent are on relief.

These figures lend strength to the plan President Eisenhower is recommending to make the social security insurance program available to farmers and farm workers. As long as this program is supported in part by public funds there is no good reason why all persons should not be permitted to enjoy its advantages. By opening the door to farmers and farm workers there is hope for a gradual reduction in welfare costs in the rural communities.

High on the list of things we can be glad about not having much of is tornadoes. At this season of the year the property damage caused by them totals up to a staggering figure and many persons are injured. We'll be glad to put up with an occasional blizzard. They come far enough apart so that we can have fun lieing about their severity. Yes, we'll take them regularly in preference to the twisters.

COMPARE ZENITH HEARING AIDS WITH ANY HEARING AID FOR WHICH A HIGHER PRICE IS CHARGED!

Forget the smooth "sales talk"... let the hearing aid you're going to wear do the talking. Forget the claims and counter-claims about hearing aid performance, prices and value. There's only *one* way to be sure, and that's by testing the aids *yourself*, making your own comparisons.

We make it easy for you. Come in and get one of our new, tubeless, 3-transistor Zenith Hearing Aids. You don't pay a penny, don't risk a penny! We'll trust you with the instrument. Take the Zenith to other dealers and compare the $125 Zenith with their aids priced at $250 and more. (*Don't let the dealer handle the Zenith; you handle it yourself.*) Let your own ears be the judge.

We're sure that the test will convince you that you can't buy a better hearing aid than a Zenith *at any price*. At the end of the "PROVE IT YOURSELF" period, simply return the aid. If you decide to buy the Zenith, try it for 10 days on our money-back guarantee.

We rest our case on performance and value... "sales talk" cannot help you hear better!

The phone that came to the accident

Driving along Route 12 to Waterville, telephone installer Lon Chapple slowed his truck when he saw the group of cars stopped up ahead. Then he recognized the grim scene—an accident. Two twisted vehicles blocked the highway; men were bending over the victims at the roadside.

As Chapple pulled over, a man ran toward him. "Gave 'em all first aid—but the woman and the boy need a doctor fast," he said anxiously. "Will you go . . ."

"Better yet, I'll call," the telephone man interrupted him. Swiftly, he buckled on his safety belt and "climbers", grabbed his lineman's test set and went up a nearby phone pole. Clipping his telephone to the wires, he put through the call. In a surprisingly short time a doctor and an ambulance arrived.

"Just got here in time," the ambulance driver told Chapple later. "They're lucky that you—and your telephone—came to the accident!"

Names have been changed, but this story is true. Lon Chapple, the resourceful installer, might be working in your neighborhood today—for this incident is a typical example of the value of telephone service and the helpfulness of the men and women behind it.

To provide valuable telephone service, to pay good wages to workers like Lon Chapple, to train and equip them well, your telephone company must be financially healthy. That way we can continue to maintain and improve telephone service . . . and continue to make your telephone worth more than it costs.

Johnny on the spot!

That's me—your State Farm agent—when you have a claim. I'm right there when you need me—to give you a fair claim settlement and fast, efficient service. My company actually pays a claim at the rate of one every 10 seconds of every working day! That's how speedy our claim service is!

Yet State Farm rates are remarkably low! Let's talk it over. Come in or give me a ring!

PIONEER ICE TROUPE

Only member of the original 1936 Ice Follies cast still actively skating in the Shipstads and Johnson production is comely and daring Phyllis Legg—affectionately known from coast to coast as Inky Dinky, running little black bear with a penchant for quaint adventures. Phyllis' husband, Harris Legg, has been the Follies thrill specialist since joining in 1937, making him second senior skater Werner Groebli as the nimble Frick has tickled the ribs of countless millions in his 11 years of frozen-stage frozen-face comedy with the Ice Follies, at the Minneapolis Arena April 1-25. Of 83 featured skaters 19 call Canada home, 18 California; 6 each Washington and Illinois, and only five still claim residence in the home state of Minnesota; six other countries and nine other states are represented in this sparkling roster.

Slightly more than 5 million tons of bituminous coal were produced in Wyoming in 1953, and in the 90-year history of coal mining in that state, 388 million tons have been mined.

FROM SOUTH OF THE BORDER

Air tours, ore discoveries, coffee problems, prehistoric finds, and many other factors turn United States attention to South America. Most recent curiosity-whetting news from that continent was the finding of the perfectly preserved frozen body of a young Inca girl in a cave high in the Andes. All of this interest comes to focus in the Upper Midwest when Minneapolis Art Institute opens April 21 "Treasures of the Andes" for a two-month showing. Golden ornaments, ceramics, weaving sculpture from as far back as 1200 B. C. up to the Spanish conquistadores of the 16th century, will tell a fascinating tale of the fabulous South American Indians. It's free to all.

New strength and stamina! Lower upkeep costs!

New Chevrolet Trucks...
do more work per day... more work per dollar!

You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

You save time on deliveries. With new truck Hydra-Matic transmission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on ½-, ¾- and 1-ton Chevrolet trucks.

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton models . . . bigger clutches in light- and heavy-duty models . . . stronger frames in all models.

You save on operating costs. New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

Red Lake REA Holds Well-attended 1954 Meeting in R. L. Falls

Despite the fact that Wednesday's weather was most unpleasant the 16th annual meeting of Red Lake Electric Co-operative, Inc., at the Community hall in Red Lake Falls was well attended, says the Gazette of that city. The building was crowded to capacity both upstairs and in the basement.

Principal speaker of the afternoon was Andrew L. Freeman, manager of Minnkota Power Co-operative, Inc., of Grand Forks. He said that this $15,000,000 corporation whose facilities were installed by means of a loan from the federal government, supplied electricity to 40,000 farmers who were members of ten retail rural electric co-operatives of which Red Lake Electric is one. The investments of these co-operatives together with that of Minnkota total more than $40,000,000.

He said, "It is safe to say that these 40,000 farmers besides putting up $200,000 in membership fees of $5 each to join the co-operative, had paid out more than $20,000,000 just to wire their farms. Once they have them wired the cost of electrical appliances and machinery in a few years plus the *cost of wiring will in a few* years amount to more than the total amount advanced by the government.

"There is little question that Garrison dam power will in the main be used to supply the power you use on your farms and in your homes and will do so for several years, but ten years from now you will be using twice as much power as you use today and by that time the hydro power supply will be all utilized and we will have to go back to our steam plants. Our supply is assured for the next ten years at least."

Mrs. Coya Knutson of Oklee, representative from the 65th legislative district, spoke on the need of the continuance of federal power and said that public power program was endangered. She said that federal power projects should not be turned over to private industry.

Wednesday's meeting got under way at 1 o'clock with a short concert by the Lafayette high school band under the direction of Clifford Jones. President Henry W. Paul called the meeting to order and after Secretary Jos. F. Skala read the call of the meeting President Paul gave his annual address.

Secretary Skala presented his annual report and Manager O. J. Overmoen gave an account of the past year's operations.

At the annual election of directors Jos. Brunelle was nominated from District No. 1, Lars M. Larson and Clarence Walhaug from District No. 4 and Millard F. Dalley from District No. 5. Directors Brunelle and Dalley were unopposed for re-election. In District No. 4 Lars M. Larson nominated from the floor, won out over Clarence Walhaug for the place previously held by Henry W. Paul, who was not a candidate for re-election.

A demonstration showing the speed of cooking with electricity as against cooking by propane gas was conducted by Harold Frank and Lloyd Norling of the Dakota Electric Co. of Grand Forks. They were assisted by August Bourque, manager of the Roseau R. E. A. cooperative.

Following the afternoon program, the co-operative served coffee, milk and doughnuts with the ladies of Bethany Lutheran church in charge.

Following the meeting the board of directors assembled immediately and elected Manuel Moe president, Leonard Melin, vice president, and Jos. F. Skala secretary-treasurer for the ensuing year.

State Jaycees Invited to Parley on Conservation

Conference Scheduled to Be Held at Glenwood Resort April 24 and 25

Minnesota Jaycees and conservationists, especially those interested in learning and doing something about public indifference to the use and abuse of natural resources, will be given an opportunity at the first annual Minnesota Jaycee conservation congress April 24th and 25th. The meeting will be held at the Sunset Beach Resort, Lake Minnewaska, Glenwood.

Mildred Carlstrom, Borup, is one of six 4-H adult leaders in the nation designated for writing the best letters for the Leaders' Monthly Meeting department of the National 4-H Club News published in Chicago. Miss Carlstrom, who has been a leader in the Mary 4-H club for six years, will receive a gold wrist watch from the Elgin Watch company as her award.

While the conservation committee of the Minneapolis Jaycees are making the preliminary arrangements under the guidance of Chairman Harlan Nygaard, Jr., and Russel C. Duncan, Jr., congress chairman, it is hoped that all Minnesota Jaycee Chapters will participate in this event.

Primary objective of the congress is to "formulate a realistic conservation program with major emphasis on conservation education." Secondary purpose is "to achieve unity of purpose, decision and action among the 70 odd local Jaycee conservation committees."

Panel discussions with prominent state, federal and University conservationists are planned, covering the phases of forestry, soil and water and wildlife.

Tentative program calls for the keynote address at Noon, April 24th by Cliff Sakry, executive secretary, Minnesota Conservation Federation.

MIDDLE RIVER SOLDIER

Pfc. Earle W. Walton, son of Mr and Mrs. W. C. Walton, Middle River, recently spent a seven-day rest and recuperation leave in Kobe, Japan. Private First Class Walton is normally stationed in Korea with the 297th Quartermaster Clothing and General Supply Depot. He entered the Army in June 1953 and arrived overseas in January 1954.

Shipping Assn. at Plummer to Meet Tuesday Evening

The annual meeting of the Plummer Cooperative Shipping association will be held Tuesday evening, April 20, at 8 o'clock in the Plummer hall, George Hesse, secretary, announced today.

The annual report will be presented, and members will elect two directors. The livestock outlook for 1954 also will be discussed.

The program will include the showing of a film, "Land of Our Fathers," and there will be door prizes and lunch. All livestock producers are invited to attend said Hesse.

Newfolden School to Stage Talent Contest April 28

The junior and senior classes of Newfolden high school are sponsoring a talent contest in the school auditorium Wednesday evening, April 28, at 8 p. m.

Anyone wishing to compete is asked to notify the junior class at Newfolden. The audience will be the judge, and prizes will be awarded to the winning contestants.

Proceeds of the contest will be used to help finance the annual spring class trip.

The foregoing statement as prepared by the County Auditor is approved by the Board this 6th day of April, 1954, and respectfully submitted to the taxpayers of the County.

BOARD OF COMMISSIONERS:
Odin C. Hanson, First District, Chairman
Don Olson, Second District
Carl R. Anderson, Third District
Merle A. Lindberg, Fourth District
Glenn Tasa, Fifth District

C. W. RODEKUHR, Auditor
Attest:
(Seal)

Shipping on the Great Lakes established a new bulk cargo record in 1953 with the movement of 199,694,820 net tons, of which bituminous coal accounted for 50,750,990 net tons, largest volume since 1950, and 5 million tons above 1952.

Total footage of oil wells drilled in 1953 was close to 200,000,000 feet. This figure represents a 10 per cent increase over 1952 totals. If all this drilling had taken place in one spot, the hole would have gone thru the earth almost five times.

SMILEY . . .

The Bethany Ladies chorus met at the Arnold Hammer home Thursday afternoon for their regular rehearsal. Immediately after the practice session two of the "songstresses" were pleasantly surprised with whom have birthdays in the were Mrs. J. W. Lendobeja and Mrs. Arnold Hammer, both of whom have birthdays in the month of April. They received lovely and useful gifts. A bounteous buffet lunch was brought by the women and enjoyed by them.

The North Smiley Homemakers project meeting was held at the Walter Lendobeja home on Tuesday afternoon. There were eleven women there to receive the lesson on "Foundation Garment" from Mrs. Melvin Longevan and Mrs. J. W. Lendobeja. Refreshments were served at the close of the meeting by Mrs. Norman Johnson, Mrs. Adam Lendobeja and Mrs. Maurice Newton.

Sunday visitors at the Emil Thune home were Mr. and Mrs. Glen Thune and family of Twin Valley, Mr. and Mrs. Palmer Thief River Falls, Mr. and Mrs. Thune and baby daughter, and Clayton Steenerson of Thief River Falls.

Mr. and Mrs. Bill Grundhaus, Mr. and Mrs. Mark Olson served as chaperones to a teen-age party of about thirty-five young boys and gals Friday evening at Valhall.

Harold Hoff of Fargo was a weekend house guest at the Walter Lendebja home. Mr. Hoff also visited his relatives, the Rudolph Hanson's and the Albert Hansons' in Krafka. Mr. and Mrs. J. W. Lendobeja drove Mr. Hoff back to Fargo Monday and they spent a few days there visiting relatives and friends.

Lewis Stenseth has been hospitalized in the Veteran's Hospital in Fargo the past three weeks. His address is Ward 5 Room 126, Veterans' Hospital, Fargo, N. Dakota. His Smiley friends wish for a complete recovery and a quick return home for Lewis.

Mrs. Emil Thune was a Tuesday afternoon visitor at the home of her former neighbor Mrs. Carl Lindholm in Thief River Falls.

Mr. and Mrs. Adam Lendobeja were coffee guests at the Arnold Hammer home after Lenten services Thursday evening.

Mr. and Mrs. Dave Solvig of Red Lake Falls are busy this week moving their household belongings to her parental home the Norman Johnson's where Mrs. Solvig will make her home for the time being while her husband leaves Monday for the Army. She will join him later.

Mr. and Mrs. Walter Lendobeja spent Wednesday evening at the Richard Peterson home near Plummer.

Gerald and Gene Magnan called on the Walter Lendobeja family Saturday enroute to Grand Forks to visit friends.

Mr. and Mrs. Ray Rausch and son Robert were Sunday afternoon visitors at the Bob Kraemer home.

A new coal-fired steam electric plant to be built near Lexington, Ky., will burn more than one million tons of bituminous coal annually.

The cost of finding oil in the United States today is about six and a half times what it was back in 1935-39.

FOUR LEADING AUTO EDITORS GO OVERBOARD FOR NEW MERCURY!

New 161-horsepower Mercury with ball-joint front wheel suspension gets top marks for performance, efficiency, economy and handling ease

"HOT AS STRAIGHT TABASCO ON-THE-ROCKS"
Tom McCahill MECHANIX ILLUSTRATED

"The place where Mercury really shines this year, aside from its speed-over-the-ground performance, is in its handling and roadability . . . and what a difference ball-joint suspension makes!

"The guy who buys a '54 Merc will be getting a really new car, not a warmed-over old one. Some of Merc's competitors are . . . overdue for a change. When these changes come, the buyer of these competitors will be as out-of-date as an Indian-head penny."

"161-HP PUSH, BUT DRINKS NO MORE GAS THAN BEFORE"
Wilbur Shaw POPULAR SCIENCE MONTHLY

Read these quotes from Wilbur Shaw, President of the Indianapolis Speedway.

"Three years ago a Mercury engineer told us that the men in his department would never be satisfied until they designed an engine that ate up a lot less of its own power. Well, they've done it!

"When I drove the car on the test track in Dearborn, Mich., and again on the Indianapolis Motor Speedway, I was struck by the smoothness of the power pick-up as the accelerator went down."

"THIS CAR IS A KNOCKOUT! . . . AND REAL EASY TO DRIVE!"
Walt Woron—Don MacDonald MOTOR TREND

"You'll like the 1954 Mercury, if you like power that'll make you sit back in your seat when you stomp the throttle.

"If there is no other reason for the increase in horsepower (now 161) the added acceleration for passing is enough.

"Lincoln-type ball-and-socket joints on Mercury's front wheels eliminate familiar kingpin, reduce front end vibration, and cut the number of forward grease fittings from 16 to four."

Mr. and Mrs. Adolph Bakke Honored on Silver Wedding

Mr. and Mrs. Adolph Bakke were honored on their silver wedding anniversary on Sunday, April 11 at the Bethesda church. Corsages were presented to Mrs. Bakke and Mrs. Bill Finnestad. Boutennieres were presented to Adolph Bakke and Alfred Bakke. Mrs. Finnestad and Alfred Bakke were their attendants 25 years ago. Mrs. Emil Dyrud years ago.

Mrs. Emil Dyrud played the *wedding marches.*

The following program was rendered by relatives and friends of the couple.

Scripture reading and prayer were given by Helmer Lind; two solos, Mrs. Floyd Bakke. Reading, Maxine Hjelle; trumpet solo, Patty Anderson. Message by Rev. Grorud.

Gifts and a cash purse was presented to the couple, as well as $38.00 in silver dollars from the six Bakke sisters.

A delicious lunch was served in the church parlors. Mrs. Carl Johnson and Mrs. A. A. Lapp cut the cake and Amanda Lewis poured. The three ladies are sisters of Mr. Bakke. Mrs. Gilbert Bakke, a sister-in-law, had charge of the guest book. The waitresses were Claudette and Claudia Harstad.

Mr. and Mrs. Bakke have six children: Avis (Mrs. Melvin Mattson) Robert, who is in the Army (He is at present in Germany) Arvin, Arlene, Lester and Larry at home.

Those from a distance who attended the festivities were Mrs. A. A. Lapp of Detroit Lakes, Mrs. Mary Nordlie, of Grand Forks, Amanda Lewis and Mrs. Carl Johnson, Mr. and Mrs. Alfred Bakke of Thief River Falls, Mr. and Mrs. George Sholey of Nekoma, N. Dak., Mr. and Mrs. Bertil Haugen and Mr. and Mrs. Axel Erickson of Grand Forks, Mr. Carl Hjelle and Landis of Stephen, and Mr. and Mrs. Willie Windahl of Warren.

We wish Mr. and Mrs. Bakke many more years of happy married life.

Mr. and Mrs. Oscar Blinsmon and Mr. and Mrs. Dale Magner and family of Thief River Falls were Sunday callers at the home of Mr. and Mrs. Walter Becklund.

Word was received that Mr. and Mrs. Melvin Edlund (nee Evelyn Blinsmon) of High Point, Washington entertained the following at Sunday dinner. The occasion being their wedding anniversary, Mr. and Mrs. Nestor Austin and family, Mr. and Mrs. Orville Blinsmon and family all of Seattle. These folks are former Newfoldenites and readers of this paper. Also, Mr. and Mrs. Orville Blinsmon and family of Seattle were dinner guests of Mr. and Mrs. Neil Souder (nee Beulah Peterson), a niece of this reporter. All this goes to prove that news really does get around.

Mr. and Mrs. Irv Haugen and family were Wednesday visitors at the home of Mr. and Mrs. George W. Lindbeck.

Mr. and Mrs. Irwin Haugen and family moved on Thursday to the Ted Strand farm, which they purchased some time ago. They have been living on the place formerly owned by Axel Benton.

Tuesday visitors at the home of Mrs. Helen Maki were Mrs. Axel Anderson, Elida Moen and Harold Maki, Mrs. Ellen Lokstad, Clara and Othelia were visitors there on Wednesday, as well as Mrs. A. E. Holmaas. On Saturday evening, Mr. and Mrs. E. L. Magner, Billy and Jimmy of Middle River were visitors there. Other visitors were Lois Lokstad, who spent part of the Easter vacation with her grandmother, and Myrna Doran and Bonnie Elseth.

Mr. and Mrs. Bertil Bakke and Dennis visited at the home of Mr. and Mrs. Conrad C. Engelsrud after attending the silver wedding festivities for Mr. and Mrs. Adolph Bakke. In the evening they were guests at the home *of Mr. and Mrs. Douglas Weber.*

Edith Lindquist of Thief River Falls spent the weekend at her parents Gunnar Lindquist home.

Mr. and Mrs. Gunnar Lindquist were Sunday visitors at the home of Mr. and Mrs. Harvey Hoberg.

Mr. and Mrs. George Sholey of Nekoma, N. Dak. have been visiting relatives in the vicinity after their recent return from a trip to Norway.

Visitors at the home of Mr. and Mrs. John Doran during the week were Mr. and Mrs. Emil Helquist of Rosewood, Olaf Tunheim of Kennedy.

Mr. and Mrs. John Doran attended the silver wedding celebration held in honor of Mr. and Mrs. George Anderson of Thief River Falls on Sunday.

Beverly Bjornrud left Sunday night to spend part of the Easter vacation at the home of Mr. and Mrs. Luther Kleven of Minneapolis, and with Orlin Bjornrud, who is employed there.

Mr. and Mrs. Wallace Johnson and family of Gatzke, Mr. and Mrs. George Johnson and Mr. and Mrs. Basil Elseth and Donne were Saturday evening visitors at the home of Mr. and Mrs. Ray Elseth.

Mr. and Mrs. Fred Peterson of Argyle and Mr. and Mrs. Henry Lien of Alvarado were Saturday evening visitors at the home of Mr. and Mrs. George Lindbeck. Alton, who spent two weeks visiting at the Lien and Peterson homes, returned with them.

Mr. and Mrs. John Dyrud were Sunday dinner guests at the home of Mr. and Mrs. Nick Stave.

Mr. and Mrs. Orlin Ness and family of Thief River Falls were Sunday visitors at the home of Mr. and Mrs. Orris Harstad.

Marlys and Joyce Tvedt of Fargo spent the weekend at the home of their parents, Mr. and Mrs. Peter Tvedt.

Mr. and Mrs. Lowell Anderson and family were Sunday visitors at the home of Mr. and Mrs. Pete Tandberg.

Mrs. Evonne Olson and boys and Mrs. Howard Sorenson motored to Hoople, N. Dak. on Monday to visit at the home of Mr. and Mrs. Mike Anderson.

Mr. and Mrs. Clarence Hanson, Roger and Rachel were Friday visitors at the home of Mr. and Mrs. Merle Bjornrud.

Sunday visitors at the home of Mrs. Tina Hanson were Mr. and Mrs. Clarence Hanson and children.

Local Store Changes Hands

A deal was made Monday morning whereby Halbert Amundson became sole owner of the former Amundson and Lee store.

Adolph Amundson and Sam Lee started the firm of Amundson and Lee in March, 1910. On October 31, 1927 Adolph Amundson passed away, and Halbert took his place.

Halbert and Sam were in partnership for 27 years or until Mr. Lee got sick last June, and has been unable to work since. Sam Lee is the oldest merchant in Newfolden, having been in business for 44 years.

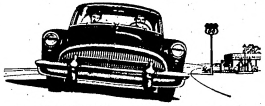
BETTER, CLEANER GASOLINE!
PHILLIPS 66
Flite-Fuel
FOR YOUR CAR



Only in Phillips 66 Flite-Fuel do you get the added super aviation fuel component, Di-isopropyl (pronounced di-iso-pro-pull). This special clean burning power component is a Phillips exclusive—developed originally for highest powered military aircraft.

Phillips Petroleum Company was the first to make Di-isopropyl and HF Alkylate, so valuable to smooth motor performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now authorities have removed restrictions and these powerful components can be blended into Phillips 66 Flite-Fuel.

New Phillips 66 Flite-Fuel provides increased power, higher anti-knock, greater fuel economy, and freedom from cold stalling.

In addition, Phillips 66 Flite-Fuel gives you the *clean burning* qualities that result from use of natural and aviation gas components. No anti-fouling additives are needed to insure maximum power and efficiency when you drive with Flite-Fuel.

Only Phillips 66 Flite-Fuel contains added Di-isopropyl. Get it at stations where you see the orange and black Phillips 66 Shield.

News of Past Week from Plummer Area

American Legion Auxiliary History—Unit No. 623 Plummer, Minn.—Year 1953-1954

The American Legion Auxiliary Unit No. 623 of Plummer, Minn. started it's year with a bang, on June 11, 1953 with a pot luck supper preceding the regular meeting and installation.

The following officers were installed by past president, Bernice Orr. President, Catherine Lonergan; 1st Vice Pres., Bunny DuChamp; 2nd Vice Pres., Lois Nelson; Treas., Adeline Pastuck; Sgt.-at-Arms, Alyce St. Marie; Sec'y., Dagny Pahlen; Chaplain, Idela Peterson and Historian, Lorraine D. Haaven.

One of the first projects undertaken was the sponsoring of the Cancer Drive, with Adeline Pastuck as chairman, assisted by Bernice Orr put on a skit on the Danger Signals of Cancer and Mr. [illegible] showed the slide, "Stay Alive" before the drive was launched. The drive collected in [illegible].

The Rehabilitation Committee ordered ten pairs of pillow cases which were painted and fancy edges crocheted on by the members for the gift shop. These pillow cases were on display at the Oct. 8th meeting.

At the Sept. 10th meeting we entertained the District President, Elizabeth Boughton of Red Lake Falls. She was accompanied by her secretary, Florence Robertson and scrap book chairman, Mildred Paul and several other members of the Red Lake Falls Unit.

Four members attended the District Rally at Red Lake Falls, and Plummer was happy at this time to be over the top in membership.

For the first time in the history of the Plummer Unit they sent both their president and secretary to the Falls Conference with expenses paid. This the unit voted to continue to do. The delegates came back from the conference much impressed and brought back fine useful reports of the conference.

At the Nov. 12th meeting we draped our charter in loving memory of Alice Mack who was one of the charter members.

The unit went on record of favoring the organization of a past president parley and Bernice Orr was named chairman. The unit honored their past presidents by a special program and each of the past presidents were presented with a corsage and flash bulb pictures were taken.

The unit sponsored the Americanism contest and prizes were given to both the junior and senior division. The winning essays were read at the March meeting. The unit is again sponsoring "Girl State". Other donations made were $5.00 to the 9th Distl Chapel window fund, and $10.00 to the Wooden Church Fund, and ordered one subscription of the Guidepost for the St. Cloud Hospital.

At the March meeting the unit entertained the Legion Post at a birthday party celebrating their 35th birthday anniversary. Four beautifully decorated angel food cakes served as their birthday cake for the party. Cards were played and the auxiliary sang, *"Happy Birthday to the Legion."*

We are now planning our Memorial day program which is conducted jointly with the American Legion and also the poppy sale.

We can truly say our president, Catherine Lonergan and her staff of officers have led the unit through a most successful year and so to you our officers we say "Thank You" for a job well done. Mrs. Kenneth M. Haaven, Historian and Mrs. Walter Lonergan, President.

Starting the Day with an Hour's Rest!

It's about an hour from his home to his office—but he doesn't think of it as a drive at all.

He just settles back in the deep, comfortable seat—rests his hand on the inviting wheel—looks out over the hood in the general direction of the office—and starts to relax.

Comes first, the ten-mile stretch in the country.

If the car were standing still, it could not be smoother or softer or quieter—as it loafs over the broad, winding highway. There's only the faint sound of the wind, plus the receding trees and posts and buildings, to give him a sense of movement.

Almost before it begins, it seems, the ten-mile stretch is over—and a sign announces the city's limits. The soft pressure of his foot shifts from accelerator to brake—and the big car settles down easily, smoothly and quickly to the prescribed speed.

And then begins the real wizardry of Cadillac performance. Stop and go—in and out—roll and creep . . . all regulated with the slightest touch of toe and hand. Insofar as the driver is concerned, it's just as easy as the open road—a little slower, of course, but just as calm and relaxing.

And maybe a little bit *nicer*, in one notable respect—for now there are drivers all about him—stealing glances at his beautiful car, and wondering who's the fortunate person whose name is on the title!

What a car—for highway or street! Owners say the hours behind its wheel are among the finest hours of the day—restful, relaxing and inspiring.

If you haven't as yet driven a 1954 Cadillac—you've been missing something wonderful! Better come in soon—for the most revealing hour you ever spent behind the wheel of a motor car.

We have a line the gals go for
(Have you seen our Spring Fashion Show?)

You can't fool the ladies when it comes to styling.

From clothes and hemlines, to cars and color schemes—they *insist* on a fresh new look and a fresh new change—and anything else won't do.

So it's easy to see why the gals—bless 'em!—have been going for Buick in a great big way—going for the glamorous modernity of these new-day automobiles ever since the first public showing a few short months ago.

From the beginning, they've been going for the sleeker, longer, lower lines—the futuristic shaping of the new windshields—the stunning décor of the striking new fabrics—the clean simplicity of the new instrument panels.

But you ought to see how they go for the gay new car models in Buick's Spring Fashion Show! Fresh new Convertibles, Rivieras and Estate Wagons never before available—and in gorgeous new summer colors never shown before!

And you ought to see how they go—as the men certainly do—for the thrilling new V8 power, the buoyant new ride, the superb new control, and the almost effortless handling ease that are all part and parcel of every new 1954 Buick.

Why not visit our Spring Fashion Show and see for yourself the fresh new tomorrow that's here now—in today's Buick? Then we can show you the prices that make this beauty the buy of the year.

Sportsmen's Club to Seek Chick Pheasants

Nearly 125 members of the Pennington County Sportsmens club turned out for the April meting last Wednesday evening, with Dr. James O. Disse, president, conducting the program.

The club voted to apply to the state department of conservation for 400 day-old pheasant chicks to be raised by the club under the direction of Morris Howick. Carl Sundstrom, area game warden, will find scuitable sites for releasing the birds, and arrangements will be made to plant corn and sunflowers for feed near the sites. Seventeen club members and Boy Scouts of Troop 59 volunteered to help with the planting.

Any farmer who has a suitable place for the birds is invited to contact Dr. Disse, Secretary Don Lawrence or Carl Sundstrom.

Don Tomey was named chairman of a committee to develop plans for a crow shoot and control plan, and members were advised that they may start taking crows at once.

The club's membership drive was continued until the May meeting, when the holder of the lucky ticket will be presented with a .22 repeating rifle furnished by Charles Smith and John Anderson.

The program opened with the showing of a movie, "Bobwhite Thruout the Year," supplied by the Soil Conservation Service. At the close of the evening, lunch was served by Robert Mattson, Melvin Zitzow and Morris Roadfelt.

Red Cross Nears Goal in Marshall

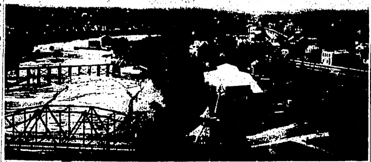
Marshall county Red Cross contributions reached $3,468.41, according to tabulations completed last week by Harold Bustrack, treasurer of the county chapter.

The contributions tabulated during the week totaled $873.51, this being materially aided by a $200 gift from the Lakehead Pipe Line Co., which was credited to Viking village. The county has only $531.59 to go to reach the $4,000 goal established for the chapter. This should be easily reached as there are still several townships and villages which have not as yet any results of the campaign.

Bids Accepted at Middle River

The Middle River board of education recently accepted low bids on construction of an addition to the Middle River school. Successful bidder on the general contract, $28,966, was submitted by the A. J. Johnson Construction Co. of Pequot Lakes, while the heating and ventilation contract was awarded to the Rognlie Plumbing and Heating Co. of Roseau on its bid of $4,089, and the electrical contract to L. W. Best of Thief River Falls at $2,080.

Carl Hovie Climbed Water Tower to Take This One



This is not a "Fifty Years Ago" picture but it is an interesting view of the south section of Thief River Falls as it appeared in 1910, from a perch on top of the water tower. Carl Hovie was the photographer. The bridge in the foreground was only a few years old at that time, it having replaced what was referred to as The Iron Bridge which spanned the river at this same location many years. The bridge in the background is an excellent view of the old Great Northern crossing, which was an extension of its present line to the lumber mill on the east shore. In the background at the left are piles of lumber.

Brown Swiss Show Slated at Warren

Annual Canton 7 Event Scheduled for June 5

Brown Swiss cattle breeders of Canton seven will hold their 1954 show in Warren on June 5, members of the canton decided at the annual meeting held at Ada on Friday, April 2.

An invitatoin to the canton to hold the show in Warren was extended in behalf of the Warren Chamber of Commerce by O. C. Kruger, Warren farmer who is president of the canton breeders.

Wilhelm Haugen, Argyle, was elected secretary-treasurer of the organization to succeed F. D. Quigley of St. Vincent who in turn was elected publicity director. Mr. Kruger was reelected to serve as president and Elton Thurp of Mahnomen as vice president.

The Canton Brown Swiss show will bring to Warren some of the outsanding animals of the breed from a wide area in the Red River Valley. Members of the Chamber of Commerce agriculture committee will assist the breeders in arranging details for holding the event.

Record-keeping Program Open to Farmers of State

About 200 Minnesota farmers participating in the University of Minnesota's new statewide record-keping program each received a $10 gift toward their approximately $25 year-end analysis expense recently.

The ten spot came from a $2,000 grant by the Farmers' Union Grain Terminal association, which has expressed deep interest in the project as one step toward improvement farm management, and a more efficient agriculture.

According to Milo Peterson, head of the University' department of agricultural education, the endeavor is known as the Minnesota cooperative project in adult education in agriculture.

Under the project, farmers may enroll in an adult farmer class at their local high school and receive instruction in keeping cost and income records. At the end of the calendar year, the University's agricultural economists evaluate each farmer's records and publish a summary of average farm costs and income of the group.

It gives farmers low-cost help in establishing and keeping accurate farm records — important for tax purposes, but still more vital in helping the farmer conduct his operation more efficiently and profitably.

Granger urges farmers who wish to enroll in the 1954 project to see the vocational agriculture teacher in their local high school soon.

4-H Club Leaders Win State Honors

A 4-H member and a 4-H adult leader from Norman county have won special awards for their club work, Leonard Harkness, state 4-H club leader at the University of Minnesota, has announced.

Alvin Vakoch, 21, Ada, a member of the Pleasant View 4-H club of six years, has been named state winner in the 4-H farm accounts project. He will receive a $25 savings bond for six years, has been named state winner in the 4-H farm accounts project. He will receive a $25 savings bond for keeping a detailed record of the farm business the past year.

Marshall Co. to Rebuild Old Mill Road to T. H. 59

State to Seek Bids on Rebuilding 5½ Miles in Preparation for Oiling

Construction work on the State Parkway from the Old Mill park to T. H. 59, a distance of about 5½ miles, is scheduled to get underway this summer as a result of action taken by the Marshall county board of commissioners at Warren, April 7, when they authorized the Minnesota commissioner of highways to call for bids.

Work this year will include grading and a 12-inch gravel lift in preparation for surfacing with oil, said H. T. Swanson, county highway engineer. Funds for the work have been accumulated over a period of several years from special allotments from the state highway department allotment board. State funds are matched with federal funds for the project.

Commissioners also passed resolutions to call for bids for graveling state aid and county aid roads in the county and also to construct a new timber bridge over the Snake river in Oak Park township.

Oil industry production of motor fuel for the millions of cars, buses and other vehicles which Americans take more or less for granted rose in 1953 to one billion 289 million barrels, enough to fill the world's largest reservoir (Lake Mead in Arizona-Neveda) over five and a third times.

The deepest oil boring in the world is in Kern county, California. The deepest producing oil well in the world likewise is in this California county.

ETERNITY IS BORN

Flowers and trees burst into a symphony of color and beauty. Meadows and woodlands put on bright robes of green. Spring is the symbol of new life. ¶ But as time moves on, nature grows old. Blossoms fade and wither; leaves turn brown and fall. At last, nature buries herself under a blanket of ice and snow. ¶ Is this our fate? Does our existence fit into the same pattern of nature: birth, life, death? Do we spend only a few score years on earth, and then are no more? ¶ In churches all over the world this Easter morning, the cry comes ringing back: "HE IS RISEN! HE IS RISEN!" A new and glorious hope comes from the empty tomb—the hope of everlasting life for all who will believe. ¶ Come to church this Easter morning. Let us thank God that for you and me, eternity is born.

50 YEARS AGO

Old Crossing Treaty

The land on which Thief River Falls is built was owned by the Red Lake and Pembina bands of Chippewas until 1863 when, on October 18, by the "Old Crossing" treaty, signed where the Pembina trail crossed the Red Lake River several *miles below the city of Red Lake Falls*, a large area of Northwestern Minnesota was ceded to the government. This treaty established the boundary of the reservation at this point as it remained until 1904 when the Eleven Townships were opened for settlement.

The west boundary of the reservation was then established as follows:

"Beginning at the point where the international boundary between the United States and Canada intersects the shores of Lake of the Woods; thence in a direct line Southwesterly to the head of Thief River; thence down the main channel of said river to its mouth on Red Lake River; thence in a direct line toward the head of the Wild Rice River" (East of Mahnomen); etc., etc. This explains the line which became the "Angle Road" and which now is T. H. 59.

By the treaty Chief Moose Dung was given a choice of one section of land within the ceded territory, and his choice was the land at the confluence of the Thief and Red Lake Rivers where twenty years later the outpost that became Thief River Falls was established. The name of this Chippewa Chief appears in the abstracts of title of a large section of the present city as the first owner.

Cession of 1889

By an "Agreement" with the Chippewas in 1889 another cession of land of interest locally was made. By this agreement the large tract extending north from the south line of Marshall county, east of the Thief River, and lying south of Lake of the Woods and the Rainy River was opened for settlement. On the south side the cession included the large tract south of the Clearwater River and east of the Angle road.

It was this "Agreement" of 1889 that led to misunderstanding and considerable bitterness among the members of the Red Lake tribe.

Quoting Dr. Folwell

A law known as the "Nelson Act," adopted in 1889, changed the procedure in dealing with Indians in the purchase of lands. Under the terms of this act any further cession of Chippewa lands had to be approved by a two-thirds vote of all adult male Chippewas in Minnesota.

In his History of Minnesota, William Watts Folwell, described the transaction as follows:

"According to the text of the bill (The Nelson Act) the Red Lake Chippewa were to cede the whole of their great reservation of 3,560,604.29 acres, with the exception of such areas as *should be needed for making* allotments to the 1,168 souls then residing on the reservation.

"When the Rice commission came to negotiate with the Red Lake Indians it found them indisposed to the proposition in general and to the allotment plan in particular. In the council held on July 3, 1889, one of the oldest and most influential chiefs said, 'I will never consent to the allotment plan. I wish to lay out a reservation here, where we can remain with our bands forever.'

"In the remaining three days of the councils no reference was made to allotments, except for a statement by Rice that the selection of allotments would not be made until the President ordered it. It became clear that the Red Lake Indians would have nothing but a definite tract of land to be held in common; commissioners had to agree to that or get no agreement.

"The chiefs described the tract they would prefer to retain. It included the whole of Red Lake, 'plenty of—pine,' and a great area of swamp, valueless to the white man, from which the Indian 'got a great deal of game and other subsistence.'

"After a discussion in open council the lines of the proposed reservation, adjusted so as to leave open the mouths of streams running into Red Lake through pine lands, were agreed to. Roughly described, 'the diminished reservation' was a rectangular body including the greater part of the Upper Red Lake, the whole of Lower Red Lake, with narrow marginal belts, and a large triangular extension ending in an acute angle on Thief River some six miles above Thief River Falls.

"The brief 'agreement,' signed by 247 of 303 male adults, was considered by them simply as a relinquishment for value of all their lands except the tract within the definite bounding lines agreed upon in council. Without doubt the Red Lake Indians believed that they were retaining a real reservation, to belong to them in common forever. It is true that the agreement concluded with the statement that the lands described were reserved for the purpose of filling allotments; but to this the Indians gave no heed because they did not intend that there should be any allotments."

Council Draws Big Audience Tuesday Night

Many Present for Sewer and Water Main Hearing on Area North of 11th St.

Present during the early portion of a lengthy session of the city council Tuesday evening was the largest audience of the year, numbering nearly 100 persons assembled for the hearing on proposed sewer and water mains in the area north of Eleventh st., and for the opening of bids on three projects. The session continued until 1 a. m.

A standing vote taken at the close of the hearing indicated that a large majority of those present was in favor of carrying out the sewer and water main project, altho a few objected to sharing in the cost of a sewer lift, which is a part of the project, and also objected to being assessed for the installation of water mains.

The report of City Engineer Douglas Stewart revealed that sewer mains to serve the area will cost an estimated $56,800, or about $333 for each 50-foot lot, including the district assessment. The water mains would cost an estimated $29,000, or about $150 for a 50-foot lot. It was indicated that the assessments could be spread over a 15-year period.

Council President Carl Gjernes stated that the next step would be for the council to agree on a plan for financing the much needed improvement.

Also conducted was a similar hearing on sewer and water main installation on Maple av. from Gulf to Hughes sts. No objectors being present, the project was approved.

After considering two bids, the council awarded to the Western Oil & Fuel Co. the contract to supply the city's 1954 needs for road oil on its bid of 10.75 cents per gallon in tank car lots.

After giving lengthy consideration to a half-dozen bids on a truck with a special body for the city light department, including an aerial ladder, the council voted to accept the bid of C. Gustafson & Son in the amount of $3,643.60, covering an International chassis with a McCabe body.

Ranum Contractors, lower of two bidders by a small margin at $6,543, was awarded the contract to install a concrete slab over the two inside fuel oil storage tanks and other improvements designed to reduce present working space in the municipal power plant.

Wahpeton Man to Be Lincoln School Basketball Coach

Alan Adams, Who Coached 1954 State Champions in N. Dakota, Accepts Post

Alan Adams, who this year coached the Wahpeton, N. D. high school basketball team to the North Dakota state championship, Monday accepted appointment as Lincoln high school basketball coach in Thief River Falls, Supt. W. G. Claffy announced.

Adams will take over his basketball duties here relieving Ralph Skjod, who will devote his attention to football and baseball.

Adams, a veteran of World War II, was graduated from the University of North Dakota in 1948, and after coaching one year at Napoleon, N. D., went to Wahpeton, where he has served the past four years. He is a native of Fessenden, N. D.

Supt. Claffy stated that Adams, who in addition to his coaching duties will teach natural science, brings with him the highest recommendations both as a coach and teacher. He is married and the father of two children.

Pre-school Clinic to Be Staged at Lincoln High School May 1st

Joins Mortuary

ORIN GREEN

Who this week joined his father, Olger Green, in the operation of Green's Funeral Home in this city. Orin, who was graduated in 1950 from the University of Minnesota school of mortuary science, was released March 9 from the U. S. Army after two years of service, including 16 months in Korea with the Quartermasters company of the Third Infantry division. His wife, who is completing a term as teacher in the International Falls schools will join him here in June.

The annual pre-school clinic for children of Thief River Falls who will be starting school next fall will be held on Saturday, May 1, from 9 a. m. to 4 p. m. at Lincoln high school. The clinic will be sponsored by the local PTA groups under the supervision of Mrs. Andy Williamson.

All children who are five years old or who will be five before January 1, 1955 are invited to attend, as well as rural children who will be entering first grade next fall. Invitations will be sent out this week, but everyone concerned is expected to attend even if they don't receive an invitation. The invitations are sent out according to the census taken by Mrs. Margaret Race, school nurse last year, and this would not include new residents moving into the city.

Supt. W. G. Claffy asks that parents bring a legal birth certificate for the child to the clinic. These can be obtained at the clerk of court's office in the county where the child was born. A hospital birth certificate is not considered a legal certificate.

Local doctors will conduct physical examinations of the children on May 8, the place to be announced at a later date.

C. & C. Hears Address on Railroad Industry By Soo Line Official

Members of the Civic and Commerce association at a dinner meeting last Thursday evening in the Elks club rooms heard an enlightening discussion by J. W. Lydon, publicity director for the Soo Line, dealing with the history of transportation and the important role played by the railroads in the economic life of the nation.

Preceding Mr. Lydon's address, President Art Christianson conducted a short business session. Mayor Agnes Israelson discussed the acute parking problem in the business district, and said a recent survey indicated that a large number of businessmen and their employes make a practice of parking their cars downtown, thus adding to the congestion.

The mayor stated that parking meters might offer a solution and suggested that it might be well to install them on a trial basis for a year.

Dr. M. D. Starekow, chairman of the civic development committee, reported on action taken by the city council last week to order preparations of plans and specifications for the proposed new street lighting system in the downtown area. He also said that his committee is recommending the acquisition by the council of permanent parking lots.

Dr. O. D. Beich of the committee planning the 50th anniversary celebration briefly reported on developments. Secretary J. M. Roche stated that the Auction Dollars promotion is going over well.

Mr. Lydon, who was introduced by E. A. Hamerski, division superintendent of the Soo Line opened his address by giving a brief account of the history of transportation, dating back 3,000 years to the construction of a highway system by inhabitants of India, followed by the Babylonians, Assyrians, Persians and Romans.

The first American turnpike, he said, was built in Pennsylvania in 1790, while the first railroad in this country was built in 1830 by the Baltimore & Ohio.

"From an economic point of view," said Lydon, "people everywhere, and especially in the United States and Canada—countries of great overland distances—must rely upon railroad transportation to give worth and effectiveness to their labors by putting their output where it is needed.

"Although the most important contribution that the railroads make to the country is the provision of mass transportation, they mean still more. They mean

County GOP to Meet April 24 in Convention

District Convention Also Meets Here May 5; Val Bjornson to Speak

Thief River Falls will be the scene of two Republican conventions during the next two weeks, Alvin Christofferson, Pennington county chairman, stated today.

Pennington county Republicans will meet Saturday evening, April 24, at 8 o'clock in the Civic and Commerce room, while the Ninth district GOP convention also will be held in this city Wednesday, May 5, with the hour and meeting place to be announced next week.

At the county convention Saturday, a new slate of officers will be chosen, in addition to delegates to the district meeting and to the state convention in Minneapolis in September. There also will be talks by local party leaders on issues facing the voters in the coming election.

A total of 17 delegates from city precincts were named at a caucus to serve at the county meeting, and Chairman Christofferson urged the attendance of other Republicans, particularly from the rural areas of the county, where no caucuses were held.

In addition to Christofferson, other Pennington county GOP officers include Mrs. Alex Campbell, chairwoman; Vivian Copp, vice chairman; Mrs. N. C. Lindberg, secretary; and A. F. Berge, treasurer.

It was announced that the principal speaker at the Ninth district convention May 5 will be State Treasurer Val Bjornson, who recently announced his candidacy for the Republican nomination for the post of U. S. senator, now filled by Hubert H. Humphrey, DFL.

Five Youths Are Put on Probation

Five youths, including four from the rural area and one from Thief River Falls, admitted Monday in juvenile court that they had broken into the Odegaard store at Hazel and taken articles worth $18.

Judge Herman A. Kjos approved a plan whereby the boys will each pay $5 in restitution for the items taken and for damage caused, following which all five were placed on probation for one year under supervision of the Youth Conservation Commission.

It was reported to be the first offense for each of the boys involved.

Deer Park township, last of the rural areas to report in the recent Red Cross fund drive, has turned in $16, Herman A. Kjos, chapter chairman, announced this week.

Alf Longren New Soil District Head

Is Elected Chairman of County Agency Monday

Alfred Longren of North township Monday evening was elected chairman of the board of supervisors of the Pennington county soil conservation board. He succeeds Paul Engelstad, who retired from office after having served since the district was organized in 1949.

Other officers named include Malcolm Stucy of Deer Park, vice chairman; Maynard Mehrkens of Rocksbury, secretary; Clarence Peterson of Silverton, treasurer; and Andrew Skaar of Norden, reporter.

Skaar assumed a place on the board as successor to Paul Engelstad.

Building For Quality Production

Something new has been added at the Anton Johnson farm east of St. Hilaire. Pictured above are Mr. Johnson and his son Curtis with the new herd sire they acquired at the Valley Winter Shows. This registered bull was sired by Pabst Sir Renier Fobes and his dam was Siren Fenco Segis Salley, raised by Benton Rindal at Barnesville.

With good production records in back of him the Johnsons hope to further increase the production of their already high producing herd. From their twenty cows they sold 14,186 pounds of milk containing 479.7 pounds of fat for the last two weeks in March. This is the peak of production period for the Johnson herd and these figures are not a fair average, Mr. Johnson explained, but the average is exceptionally good.

Another "new" that has been added is the improved milk house attached to the barn in the background. A new cooler will soon be installed and this will just about complete the remodeling and new equipment needed for the higher standards of quality milk production.

Auto, Implement Street Fair to Be Held Here Apr. 30

The automobile and farm implement street fair, which is developing into an annual spring event in Thief River Falls, will be staged this year on Friday, April 30, on LaBree av., which will be roped off for the occasion from First to Third sts.

The show, the largest of its kind in this section of the state, will include upwards of 50 implements and automobiles of all major lines, displayed by 11 local dealers.

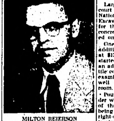
Further details will appear in the next issue of the Times.

More Than 2,000 at Auction Held by Gustafsons

More than 2,000 persons from over a wide area attended the stock-reducing sale of farm implements conducted by C. Gustafson & Son at the fair grounds Monday afternoon, and Kendall Gustafson reported that nearly all of the items offered were disposed of. The Union State bank clerked the sale, and the American Legion auxiliary until served lunch during the afternoon.

$620,000 in Building Permit Applications Filed with Council

To Head Jaycees



MILTON REIERSON

Secretary of the First Federal Savings & Loan assn., who, following his election last Thursday night, will take over May 6 as president of the Thief River Falls Junior Chamber of Commerce.

Building permits with a stated value of more than $620,000 were submitted last night to the city council, the projects giving assurance of full employment for local building tradesmen during the current season.

Largest projects are the new court house, $381,830, and the National Guard armory, $174,466. Excavation work is in progress for the court house, and some concrete has already been poured on the armory foundation.

One permit also calls for an addition to the Starekow Clinic at $12,000, on which work was started Monday. Plans call for an addition 34 by 24 feet, of face tile construction, to provide more examining rooms and offices, as well as a remodeled waiting room.

Pouring of concrete is also under way on the large warehouse of the Northwest Beverage Co. being erected on the Soo Line right-of-way near the water treatment plant. A permit for the project was approved by the council in March.

That there will be a considerable amount of new residence construction in the city again this year is indicated by the fact that a first batch of four applications was filed Tuesday. Included are residences to be built by Harold Langseth on Kendall av. at Third st.; Gerald Horejsh, Dewey av. at Seventh st.; Iver Nelson & Sons, Markley av. at Hughes st.; and Tom Fuller, Markley av. at James st. Several applications also were filed for home remodeling and garages.

Auction Dollar Sale Saturday, May 1 at 7; Friday Is Bonus Day

Auction Dollars being distributed in April by more than 80 Thief River Falls business places have gone out like the proverbial hot cakes during the past week.

Store patrons are accumulating them in preparation for the auction of more than $1,800 in valuable merchandise items to be held at the Pennington county fair grounds Saturday evening, May 1, at 7 o'clock.

Plans for the auction, at which only Auction Dollars will be accepted, indicate that the sale will be conducted in an efficient and expeditious manner. Arrangements are being made to have two auctioneers on duty, in addition to four ringmasters and 15 assistants.

Those accumulating Auction Dollars are reminded that Friday, April 23, will be Bonus Exchange Day, when each person turning in ten Auction Dollars will be given a $10 auction bill and an additional Auction Dollar.

The purpose of the offer is to get hoarded Auction Dollars back into circulation, and thus avoid the necessity of printing additional quantities of the "money".

Governor Issues Proclamation on Youth Temperance

Gov. C. Elmer Anderson Urges Dedicating Week to Cause of Abstinence

Governor C. Elmer Anderson has issued the following proclamation calling for the observance of this week as "Youth Temperance Education Week":

"In that it is our youth who bear the burden of the defense of our nation and way of life, and in that our young people will be responsible for policies which will determine the direction in which our state and nation are to move, it is most important that we do everything possible to see to it that our young people maintain their physical, mental and spiritual health.

"Knowing that alcoholism is rated as a major health problem, it is important that youth be educated as to the effects of beverage alcohol and that emphasis be placed on this type of education. Therefore I wish to urge the family, church and school join in observing the last week in April as 'Youth Temperance Education Week.'

"By making this special effort to educate our young people in the way of temperance and reason, we help provide for their better health and for the future of our state and nation."

Honorable C. Elmer Anderson.

Manitoba Man Is Found Guilty of Hit-run Killing

John Slator Sentenced to Reformatory Term by Judge Paul Lundgren

John Slator, 50, of Stony Mountain, Man., was found guilty by a district court jury in Hallock Thursday on a charge of criminal negligence in connection with the hit-and-run death March 3 of Elaine Fitzpatrick of St. Vincent.

The charge carries a penalty of one to five years in state prison. Judge Paul A. Lundgren sentenced Slator to the St. Cloud reformatory.

A second charge of criminal negligence arising out of the St. Vincent tragedy, will be tried in the fall term of district court. That charge is in connection with the death, three days after the mishap of Martin Gardner, a St. Vincent school child also hit by the car that plowed into a group of children on the town's main street March 3.

The trial opened Tuesday morning. The jury went out at 2:30 p. m. Thursday and returned with the verdict of guilty at 3:30 p. m. During the trial the state called 22 witnesses and the defense four.

Slator was arrested at Hallock soon after the St. Vincent tragedy. The car he was driving was identified as the vehicle that struck the children in mid-afternoon at St. Vincent and proceeded westward without stopping.

N. W. Minnesota Certified Seed Growers Organize

Paul Engelstad and Simon Breiland Wil Represent Pennington Co. on Board

Northwestern Minnesota certified seed growers were organized at Crookston on Tuesday, April 13. Those attending from Pennington county were County Agent William Penning and Oscar Breiland. The purpose of the organization says Penning, is to inform farm people of the value of certified seeds and to carry on an area-wide advertising program.

Thirty-six certified growers from the area attended the meeting and revealed that there would be 1,978 acres of Selkirk wheat planted in the eight-county area this spring, and with average results there should be 40,000 bushels of certified Selkirk wheat produced. Counties in the area are Kittson, Marshall, Roseau, Pennington, Red Lake, East and West Polk.

Certified seed growers selected Ben Strickler of Euclid as chairman, Lee Munger of Warren, treasurer; Carl G. Ash of Crookston, secretary. The officers will act as an executive committee, plan an educational advertising program which will be sumitted to the board of directors for approval by mid-summer.

The board of directors is composed of two from each county. Kittson county, Robert Ash, St. Vincent; Mark Craigmile, Hallock. West Polk, Herman Skyberg, Fisher; Ben Strickler, Euclid. East Polk, Orrin Torgerson, Fosston; Olaf Haugen, Winger. Marshall, Lee Munger, Warren; Gilbert Lofthus, Alvarado. Roseau, Gustav Kveen, Roseau; Oscar Lund, Roseau. Pennington, Paul Engelstad and Simon Breiland, Thief River Falls.

Red Lake and Norman counties will elect their board members at a later meeting.

Pioneeer Days in This Area

By Oldtimer

I would like to hear again the pioneer women calling the cows at milking time. Each one had their own call and it was not long after the call until the cow bells commenced to tinkle and the cows were on their way home.

There was an abundance of prairie chickens, they resembled the grouse except they had yellow and smooth legs and they nested in the wild grass meadow. It was interesting to see and hear the male bird perform during the mating season, there were places where they would perform on clear mornings. His drumming was directed to his lady love. To the farmers it proclaimed the glorious spring season.

The call of the whipporwill on summer evenings was very beautiful. They are very shy birds and I do not remember of ever having seen one.

The young men and young women went to work in Crookston or Grand Forks and on the large farms in the Red River Valley during the summer and harvest seasons. During that time typhoid fever was quite prevalent and some of these young people were victims of the dreaded fever. Much credit is due the pioneer mothers, they nursed many patients back to health by using the simple method of rolling the patient in cold wet sheets to break the fever. This procedure may seem incredible in our day, it was continuous hard work the changing of the sheets was continuous until the fever was broken. If they got to the patient in time they generally succeeded in saving his life.

During the late 90s rural post offices were established throughout the State. I well remember the day when a group of neighbors met at the Andreas Opseth home to make application for a post office. Mr. Opseth was nominated and elected to serve as the first Postmaster. There followed a long discussion regarding what should be the name of the new post office. It was decided to call it Strip because it was located in the strip of land which was taken from Polk County and added to Marshall County after a court trial. This parcel of land was known as "the strip." The post office was later moved to the Enoch Nelson home and Mr. Nelson was appointed Post master.

Civic & Commerce Hears Address on Railroad Industry

jobs—good jobs—taxes, and purchases.

"The railroads have had problems—and some pretty serious ones—ever since there were railroads. They have had construction problems, operating problems, and financial problems, and they will probably always have problems.

"Today, their big problem is financial—a problem of taking in enough money to meet all expenses and have enough left over to pay a fair return to those who have invested money in them.

"The railroads in the future, as in the past," Lydon concluded, "will continue to progress and improve their services and facilities in every way. They are alert to their obligations and their opportunities and their accomplishments will mean more and better transportation for you and for all America. That is the kind of railroads all of us want and will continue to have if they are kept financially healthy and physically strong."

More than half of the 33½ million tons of bituminous coal produced in Ohio in 1953 came from three counties—Belmont, Harrison and Jefferson.

HIGHLANDING . .

Mr. and Mrs. Ray Parnow spent Saturday at the Roy Johnson home.

Mrs. Kjervestad was a brief caller at the Anton Johnson home Monday.

Mr. and Mrs. Louis Thompson spent Thursday visiting at the Anton Johnson home.

Mrs. Signe Ellingson, Clarence and Mrs. Sarah Knutson were Thursday callers at the Mrs. Vaughan home.

Thursday evening Mrs. Oliver Grendahl entertained her pupils and their parents and friends in the school house. Games were the diversion of the evening. There was lunch and coffee enjoyed by those present. Lunch was furnished by those present.

Fertilizer Increases Protein

Most farmers consider greater yield the big benefit from fertilizing; but the higher protein content is also of real value—especially in raising oats and corn to be fed to cattle and sheep.

Experiments have been conducted throughout Minnesota by the University's soil department which showed proper fertilizing greatly increased protein content—as well as per bushel yield—of corn and oats.

However, John M. MacGregor, associate professor of soils who conducted the experiment, says best yields of crude protein in oats and corn are obtainable only when enough nitrogen, phosphate and potash are present in the soil.

If you suspect your phosphate and potash may be down, he says, take a soil test so that you'll know how much of each you must add—in addition to nitrogen for good protein production.

In the experiments, nitrogen substantially raised crude protein content of corn, while a phosphate and potash combination used alone did not. The same was true with oats.

But using either nitrogen alone, or in combination with phosphate and potash, increased protein yield from the experimental fields regardless of their original fertility level.

They found maturity of oats and corn not yet delayed by heavy nitrogen fertilizing—in some oat fields, fertilizing actually hastened maturing, MacGregor reports.

A complete report of the Brown County experiments on oats and corn is available in Miscellaneous Report 22, issued by the University's agricultural experiment station and available free from the extension office.

Woodlot Pastures Can Be Dangerous

Although woodland pastures are better than a dessert, they aren't the most economical or wisest way to use land. In addition, woodlot grazing can result in costly cattle poisoning from weeds and harmful plants. Now is the time to check your woodland pastures, if you haven't done so already, and kill poisonous plants that might endanger your dairy animals.

According to Parker Anderson, Extension Forester at the University of Minnesota, woodlot poisoning is most common in early spring.

Anderson points out that one acre of good improved pasture will provide more good quality forage than many acres of woodland pastures—and of course, good improved open pasture is much safer because of having fewer poisonous weeds and shrubs.

Woodlot grazing may be O.K. for this year, he says, but plan for the future and develop good, clean pastures. "A piece of land will nourish timber or cattle, but not both combined."

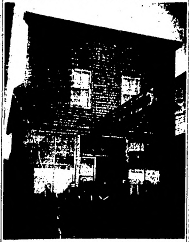
Want Your Hybrids' Maturity Rating?

You can help make 1954 another ideal corn year. How? By checking on the maturity ratings for the approximately 700 hybrids sold in Minnesota, in Miscellaneous Report 20, prepared by E. H. Rinke of the University of Minnesota's agronomy department and others. A free copy awaits you at the County Extension office.

Feed Young Chicks Carefully

Overfeeding grain can unbalance young chick's diet and get them off to a poor start. According to Elton L. Johnson, head of the University's poultry department, grains lack the protein, vitamins and minerals baby chicks need for good growth. The answer—feed a well-recommended mash and follow it's makers' instructions carefully. Good feeding—plus good care and management—will give you healthy, fast-growing chicks.

"Way Back When" the Times Started



The Times is still both the oldest and the youngest newspaper in Pennington County but it was neither the first nor the last to get started. Its origin dates back to 1912 when H. E. Mussey, already an old-timer as a printer and publisher, established this new paper.

Mrs. George Holbrook of Highland, Michigan, a daughter of Mr. and Mrs. H. E. Mussey, is the owner of the picture reproduced above, and she identifies those in the picture, left to right, as Frank Vogllcky, Leland Schuster, Harry Schuster, Homer F. Mussey, Lloyd Zeh, Mrs. H. E. Mussey and H. E. Mussey. The building is still standing in its old location on Main Ave., and is now occupied by Pete's Cafe, operated by Pete Laliberte, and by Mrs. V. C. Berg as a sewing and alterations shop.

The Husseys were pioneer residents of the community and built the first house to be erected on the east side of the river in 1894, according to Mrs. Holbrook. Mr. Mussey was a partner of John P. Mattson of Warren in the ownership of several papers, and the sons of John Mattson acquired the Times in 1923.

Mr. and Mrs. Mussey later acquired the Eagle at Grygla which became their home for the remaining years of their long and useful lives.

4-H CLUB NEWS

St. Hilaire 4-H Club

The girls enrolled in food preparation, clothing, home assistance, and bread baking held their project meeting Saturday afternoon in the church parlors. Twenty-one girls attended and the meeting lasted from nine to four.

Donna Wik and Carol Yonke made bread and rolls which were eaten for dinner and lunch. The girls enrolled in home assistance set the table and the girls enrolled in food preparation made the rest of the meal. The junior leaders helped the younger girls.

In the afternoon, girls in sewing were shown the proper ways of sewing in buttons, snaps, button holes, by junior leader Shirley Wik, and Home Agent Marge Olsen.

The girls made lunch for the men working in the parsonage. It must have been good because James Kolden, one of our 4-H boys, ate six sandwiches and five cookies.

Regular meeting: The St. Hilaire 4-H club held their regular meeting Thursday, April 15, in the school gym.

It was boys night as far as the program was concerned. Joyce Lee and Billy Wik presented a team demonstration on tying knots. James Kolden played a song on the mouth organ and guitar. Lonny Rolland and Tom Hallemack gave a report on the tractor maintenance school they attended in Thief River Falls. A song was sung by Donna Busse and Shirley Wik. Cherry Johnson gave a report on the project meeting held on Saturday. Movies were shown and lunch was served by Mrs. John Thompson, Mrs. Orville Moritz and Mrs. Eddie Moothart.—Cherry Johnson, reporter.

Sanders 4-H Club

The regular meeting of the Sanders 4-H club was held at District 104 April 9.

A discussion was held on rat control, following which the meeting was turned over to Jim Krohn. Martha Uggerud gave a demonstration on a clothing box and Peggy Molskness gave a demonstration on folding shirts. Project talks were given by Janice Bakke and Audrey Sorenson. Reports were given by James Krohn, Larry Krohn and Art Bakke on the tractor maintenance school held at the John Deere store March 25. Marg Olsen conducted a contest called "What Kind of Cloth?"

Lunch was served by Mrs. John Uggerud and Mrs. Henry Sorenson.—Art Bakke, reporter.

Highlanding 4-H Club

The Highlanding 4-H club met Friday evening, April 9. During the short business meeting the president Delano Thorson distributed record sheets, which were discussed. The 4-H play and music contest to be held in Goodridge was also discussed.

The program included community singing led by Mrs. Skreland and Mrs. Hovet while Roger Ranum and Ronnie Howard gave readings. Florence Anderson gave a short talk about her clothing project. Darlene Anderson held a riddle contest which was won by Mardell Uglem.

We had three new members: Eldonna Sunsdahl, Bernard Uglem, and Mardell Uglem.

While the members played games, the play cast practiced its play at the Bennie Groven home.—Lester Vad, reporter.

Mrs. Ruth Organ Named Delegate

Marie Peterson, president of the Minnesota Nurses association, will head a delegation of approximately 200 nurses attending the 1954 convention of the American Nurses' association in Chicago, April 26-30, according to an announcement from Miss Blanche Invalson of Crookston, president of First District Nurses association. Mrs. Ruth Organ, Thief River Falls, have been elected as a delegate from this area.

CHATTING with your HOME AGENT

Marge Olsen

Two weeks ago, Richard Stadtherr, extension horticulturist from the University of Minnesota, was in the county to conduct a meeting on house plants. During his talk, Mr. Stadtherr referred to a bulletin on house plants printed by the University of Minnesota. We now have a good supply of these bulletins at the office. If you would like to have a copy, you may call for yours. It is Extension Bulletin 271 "The Care of House Plants," and is really a good one.

Wedding Showers

Springtime is wedding time and wedding time means shower time. Would you like to have some novel ideas for bridal showers? Here are a few that you might like to use when you hold a bridal shower soon.

Linen shower. Paint a clothes rack white, and twine bright red ribbon on the posts. At the top of each post, attach a bouquet of imitation flowers, tied with big red bows. Decorate a clothes basket with a big red bow, and heap it full of gifts as the guests arrive. Gifts may be displayed on the clothes rack as they are opened.

Pot and Pan Shower. This idea comes from Mrs. Glenn Engelstad of rural Thief River Falls. Cover a table to look like an old fashioned stove. Use red-brick crepe paper for the front and two sides, and tape more to the wall for the back. Black cardboard makes the stovepipe and cooking surface. Mark burners on with white paint, and as gifts are opened place the pans on the "stove". This theme might be completed by a recipe shower on the bride, with recipes donated by her friends, written on filing cards.

Miscellaneous shower. Try a broken-hearted hunt. Cut out little red paper hearts, one for each gift, and write a clue to a hiding place on each. This is effectively done in rhyme. Then cut each heart in two or more pieces, jigsaw shape, and put pieces in envelope. These are presented to the guest of honor. There is nothing broken hearted about the bride as she goes to work assembling the jigsaw pieces of each heart, and following each clue to the hiding place of the gift.

Shower Customs

At bridal showers especially, you don't want to overlook the ribbon custom. Salvage the ribbon from each package and tie the lengths together. When all packages are unwrapped, have the guests stand in a circle. The bride-to-be holds one end of the ribbon ball tightly and passes the ball around in a circle. The person who finally gets the other end of the ribbon will be the next bride—and if any knots are held by a guest, they signify children!

The guest whose present is opened first will receive a gift of money, the second will have a long trip, the third will meet a handsome man, the fourth will have success in business, the fifth many children. The guest whose present is opened sixth has the key to the door of love, wealth and health; the seventh will become famous; the eighth will marry twice; the ninth will have the most devoted husband, and the tenth will have the longest life. The guest whose gift is opened last will have riches and comfort.

These customs I hope you will take with a grain of salt! And good luck with your shower.

ABSORBANCY NEEDED IN SPORTS CLOTHES

The emphasis on light weight in warm-weather clothes often eclipses an equally important comfort factor—absorbancy.

It takes only a few holes of golf or volleys of tennis to put the body's cooling system into operation by starting the flow of perspiration. And when light breezes heighten its effects, it's a great temptation to ignore the consequences and risk the danger of stiffened muscles and head colds.

Sportsmen soon learn that they need clothes which will take up body moisture. Wool and cotton play leading roles in this respect. Wool, for example, can take up as much as 30 percent of its weight without feeling unpleasantly clammy, thus reducing the hazard of chills.

In 1953, 38,500 Americans were killed in traffic accidents.

GET THE ADVANTAGES OF BETTER BREEDING!
SAVE MONEY!
Yes, you save money by getting Land O'Lakes chicks. The Master Breeding Plan results in pullets that lay 100 to 150 more eggs per year than poor birds!
At laying time those extra eggs make up for the slight extra cost of quality chicks many times over. The extra pennies invested in quality chicks can spell the difference between success and failure to your poultry program.

Prowler Track Men Enter Sioux Relays

Prowler track coach Quentin Jones will take his blue-and-gold squad to Grand Forks on Saturday where the locals will participate in the ninth annual Sioux Relays. The Relays, which will be held at the Memorial Stadium on the University of North Dakota campus, attracts the finest high school track athletes in North Dakota and northwestern Minnesota.

The local track team opened their 1954 season last Saturday by competing in the first annual University of North Dakota indoor meet at the fieldhouse at Grand Forks. Coach Jones' squad turned in a creditable performance, picking up 13¾ points for a fifth place in the team standings. The Moorhead Spuds, with a total of 26¾ points won first place, while the Detroit Lakes Lakers, with 21½ points, were runners-up. Grand Forks Central, with 18 points, and Valley City, with 16 points, finished ahead of the Prowlers.

Point-winners for the Prowlers on Saturday were Bob Helgeland, with a third place in the 60-yard dash; Jones and Krohn, with a third and fourth, respectively, in the mile run; a fourth place by Harold Hjelle in the 60-yard high hurdles; a second place by Dick Odegaard in the high jump, and a tie for fourth place in the high jump by Hjelle. The Thief River Falls 880-yard relay team — Sauve, Kollitz, Klungness and Reese—won the half-mile relay event. The Grand Forks Central quartet of Skinner, Gustafson, McKinnon and Kringen, won the 440-yard relay. Neither of the relay events were counted in the team point-totals.

Wally DuChamp, Del Harbott in Bowling Finals

Eliminate Phil LeGault and Jesse DuChamp in Semi-finals Past Week

Wally DuChamp and Del Harbott reached the finals of the city singles bowling tournament by winning semi-finals matches against Phil LeGault and Jesse DuChamp, respectively. Bowling on the Pla-Mor alleys on Sunday evening, Wally DuChamp rolled games of 150-193-191-172-202-196, to post a six-game aggregate of 1113 pins and defeat LeGault by 112 pins. LeGault bowled games of 134-181-171-157-179-179, for a total of 1001 pins.

Jesse DuChamp had a 1029-pin total, having games of 167-160-178-156-200-168. Del Harbott was unable to be present for the Sunday evening semi-finals match, but on Tuesday afternoon he bowled against Jesse DuChamp's score and posted a fine 1206 total to reach the finals. Harbott had scores of 192-216-168-216-191-223.

The championship finals, and the third and fourth place match between Phil LeGault and Jesse DuChamp, had been scheduled for Sunday, but Harbott will be out of town on that date. According to present plans, the Wally DuChamp vs. Del Harbott match, and the LeGault vs. Jesse DuChamp encounter, will be bowled some evening next week.

Conservation Meeting Slated in City May 4th

Ten regional conservation meetings sponsored by the Minnesota Conservation Federation will be held on a state-wide basis, according to Cliff Sakry, secretary. Conservation problems and legislative recommendations will be considered. The schedule includes a meeting of Dist. 8 in Thief River Falls, Tuesday, May 4, with Joseph Harren, Red Lake Falls, serving as chairman.

Good Hope Local of Farmers Union Will Meet Friday

The Farmers Union Good Hope Local will hold its April meeting Friday, April 23 at 8 p. m. at the Dist. 11 schoolhouse. There will be the regular business meeting and musical numbers.

The Farmers Union Washington Campaigner film will be shown and explained by B. F. Beiswenger and Bert K. Johnson.

Lunch will be served and a door prize will be awarded.

Square Dancers Meet Saturday

The Thief River Falls Square Dance Group invites the public to dance with them on Saturday night, April 24, at the city auditorium. Bob Figenshaw, professional square dance leader from Grand Forks will give instruction to beginners from 8:00 to 8:30 p. m. with more advanced square dances beginning at 8:30.

The Big News

The big news this week on the local athletic scene was the announcement on Monday afternoon, by Supt. W. G. Claffy, that Al Adams of Wahpeton, N. D., had been signed to a contract with the local high school and that he will coach the Prowler basketball squad next season. Adams, a graduate of the University of North Dakota, has been coaching basketball at Wahpeton since 1949, and this past season his Wahpeton Wops won the North Dakota Class A title. During the five years that Adams has been at Wahpeton, his teams have won three district titles and two Minn-Kota conference championships.

Adams was in town on Saturday, making a survey of the city and the high school athletic facilities, and he was impressed by the local plant. It is fortunate that the school officials were able to persuade Adams to leave his Wahpeton position and accept the basketball coaching job here. We have an idea that Dave Rulifson, the Breckenridge basketball coach, is entitled to an "assist" in getting Adams to apply for the position here. When the local officials were attempting to sign a basketball coach last year, Rulifson was up here for an interview, and at that time, Dave stated that Thief River Falls was one of the state's better coaching jobs.

Adams will take over the basketball coaching duties that were handled capably by Ralph Skjod this past season. Ralph, who directed the Prowlers to a district championship and into the regional finals, will continue to coach Prowler football and baseball.

Gladstone papers, please copy

Phil LeGault, a former Gladstone, Michigan resident, reached the semi-finals in the city singles bowling tournament, but the port-sider turned in a weak performance on Sunday evening, losing by 112 pins to Wally DuChamp.

LeGault had the high total-pins scores in the first-round and quarter-finals matches, but against Wally DuChamp, the tourney favorite, Phil started out with a feeble 134 score, and was never able to get back into contention. In the six games bowled on Sunday, DuChamp rolled at 185-plus average; while LeGault was bowling at a 167-plus clip. Wally DuChamp isn't going to be beaten by any bowler averaging 167 pins a game.

In fairness to Phil it must be reported that the left-hander had a busy week-end, with a number of social engagements; and it was evident that his powers of concentration, on Sunday evening, were absent.

Miscellany

In our item on Ted Mills' junior rifle club awards, which were made at a gathering in the Civic & Commerce room at the Auditorium last Tuesday night, we inadvertently omitted the name of Peter Larson, who won a rating of sharpshooter, bar four. Our apologies, Pete. — Funeral services were held at Rainy River, Ontario last Tuesday, April 13th, for Ernest D. Calvert, a noted resort operator on Lake of the Woods. Calvert, who also owned a drug store in Rainy River, was one of the early promoters of the Sabaskong Bay region of Lake of the Woods, having a camp on one of the islands in the bay.— W. H. "Chesty" Halbert, of Drake, No. Dak., was in town a few days last week, and he informed us that he is retiring from his duties as a Soo Line conductor. Chesty is well-known in these parts, having played many years of baseball around here, being a top-notch southpaw pitcher during the years just preceding World War I. In fact, Chesty was rated so highly that the Pittsburg Pirates signed him to a contract; but during the Inter-Allied games in France, following the Armistice, Chesty "threw out" his arm. — The Winnipeg Maroons and the Penticton, B. C. Vees are all even in their best-of-seven Western Canada Allan Cup hockey finals. In the first game of the series, played last Thursday night, the two clubs tied at 4-all; on Saturday night, the Maroons, with Odie Lowe, Bill Juzda, and Bill Robinson scoring, defeated the Vees, 3 to 2; on Monday night, the short-handed Penticton team, dressing but eleven players, trounced the Maroons, 7 to 1. The Penticton club, western Canada winners last season, has the famed Warwick brothers—Grant, Bill, and Dick—in its lineup, with Grant, the former New York Ranger, being the player-coach. — Did you notice that item in the Minneapolis Star last week that stated that Game Warden Jerome Liemandt was instrumental in securing the arrest and conviction of a "law officer" who was apprehended while using a gill net. Jerry, for several years, was stationed here, and he performed his duties in an impartial manner. He's apparently doing the same in his new location.

Girl Scouts Have Busy Calendar for Coming Ten Days

Cookout, Brownie Play Day and Pre-camp Rally Among Coming Events Scheduled

Girl Scouts and their adult leaders have a full ten days of activity ahead of them starting Friday evening, April 23. All Scout leaders are urged to attend the cook-out to be held in Tindolph Park starting at 5 p. m.

The annual Brownie Play Day is scheduled for Saturday, April 24 from 10 a. m. to 3 p. m. at the fair grounds. Brownies should bring their own lunch and an old rug or blanket to sit on. Songs, games, relays, folk dances are included in the activities. Brownies in the second, third, and fourth grades are eligible to attend.

The monthly meeting of the local association will be held Monday evening, April 26 at the house of Mrs. Lloyd Bennes. Subjects for discussion are day camping, established camp, and summer activities. Camp folders will be distributed at the meeting.

A camp rally for all girls from Grade 4 up will be held on Tuesday, April 27, in the City auditorium starting at 4:30 p. m. Movies will be shown, camp songs and games played, and questions concerning this year's camp will be answered.

Officers of the Thief River Falls local association are Miss Doris Peterson, president; Mrs. H. O. Chommie, vice president; Mrs. Frank Clinton, secretary; Mrs. A. J. Borry, treasurer; Mrs. Bernard Wold, publicity chairman; Mrs. Lloyd Bennes, program; and Mrs. C. E. Snyder, organization.

Welcome Planned for Norma Sollom at Newfolden

Miss Norma Sollom, daughter of Mr. and Mrs. K. T. Sollom, returned to Newfolden on April 17, after four years of missionary service in Venezuela, South America, serving under the Evangelical Alliance Mission, with headquarters in Chicago. This is her first furlough since leaving in 1950 and extends for one year. A Welcome Home service will be held in her honor at the Newfolden Evangelical Free Church on Saturday evening, April 24, at 8 p. m. The Ladies Aid of the church will serve, beginning at 5 p. m. and continuing through the evening, with Mrs. Elmer Johnson and Emma Hjelle as hostesses.

Salvation Army Home League Sets Handicraft Sale

R. R. Valley League Adopts Schedule of 30 Games for Season

At a meeting of the Red River Valley baseball league directors and officers held here last week, a tentative 30-game schedule was adopted. The six-team league, with teams from Red Lake Falls, Crookston, Argyle, Alvarado, Viking, and Thief River Falls participating, will open play on Sunday, May 16th. The season's opening games will find Argyle playing at Thief River Falls, Red Lake Falls playing at Alvarado, and Viking playing at Crookston.

A Red River Valley league all-star game, between teams selected from the eastern half of th league — Thief River Falls, Red Lake Falls, and Viking — and the western half of the circuit — Crookston, Argyle, and Alvarado — will be played at Crookston's Highland Park on the evening of June 23rd.

With the prospects being bright that the Fair Grounds diamond here will be remodeled, it is probable that the Thieves' home schedule, for the early season games, will be altered considerably. Harold Johnson, the club's general manager, stated that it was doubtful that the playing field here would be in condition for the early season games.

The 1954 schedule:

May 16th, Red Lake Falls at Alvarado; Argyle at Thief River Falls; Viking at Crookston.

May 23rd, Viking at T. R. Falls; Alvarado at Argyle; Crookston at Red Lake Falls.

May 30th, (open date).

June 6th, T. R. Falls at Crookston; Argyle at Red Lake Falls; Viking at Alvarado.

June 13th, Red Lake Falls at Viking; Alvarado at T. R. Falls; Crookston at Argyle.

June 20th, Red Lake Falls at T. R. Falls; Viking at Argyle; Alvarado at Crookston.

June 23rd, All-star game at Crookston.

June 27th, T. R. Falls at Argyle; Alvarado at Red Lake Falls; Crookston at Viking.

July 4th (open date).

July 11th, T. R. Falls at Viking; Argyle at Alvarado; Red Lake Falls at Crookston.

July 18th, Crookston at T. R. Falls; Red Lake Falls at Argye; Alvarado at Viking.

July 25th, T. R. Falls at Alvarado; Viking at Red Lake Falls; Argyle at Crookston.

August 1st, T. R. Falls at Red Lake Falls; Argyle at Viking; Crookston at Alvarado.

4 Students from Thief River Falls in 'U' of ND Show

Local Leaders Help in Home Extension Program in County

"Education at the grass roots level" is the way the extension home program might be described as operating in this county and in counties throughout the United States, Puerto Rico and Hawaii.

Pennington county is typical of the way rural women are helping to further an educational program for homemakers. Known in some states as home demonstration work, but in Minnesota as the extension home program, this nationwide movement for better homemaking is probably the most far-reaching voluntary educational program for women.

Under the ordinary system of education, it would be impossible for 64 home agents in Minnesota to direct the varied programs of study in family living and homemaking for the nearly 49,000 women enrolled in home demonstration work. Neither would it be practicable for Pennington county's home agent Marge Olsen to try to conduct directly the projects for the 360 women in the 25 groups in this country.

A unique system of training and leadership, however, makes it possible for the home agent, who is a joint employee of the agricultural extension service of the University of Minnesota, the United States Department of Agriculture and the county government, to carry on her work effectively, reaching so many people with the latest information on homemaking and family living.

This is the way the system works, explains Miss Olsen.

Each year the members of the home and community committee in each county decide on the projects to be carried by the group members. They choose from a wide range of topics in the fields of nutrition, food and clothing, home management, home furnishings, home improvement, consumer buying.

State extension specialists then give the latest information on the desired projects to a group of home agents in a training session. Each agent, in turn, brings the project material back to her county through a series of "leader training" meetings for a group of women who have volunteered to act as project leaders. These group leaders then return to their individual clubs and act as teachers, presenting the lesson to the members.

In Pennington County last year 103 volunteer, unpaid leaders helped to forward the extension home program, thus making a real contribution toward better living for families in the county, according to Miss Olsen. As a result of their work and that of other volunteer leaders throughout America, nearly three and a half million women in the United States are able to participate in a program which is bringing greater satisfactions in living to them and their families.

Romans are said to have produced the greatest sheep of all time, in the Merino breed. Merinos were bred in Spain, then the Roman province of Terraconensis. Wool was recognized as the best fabric for clothing even in those days, and for hundreds of years Spain's prosperity rested on wool.

Property Tax up Sharply Since '44

Rise Totals 117 Per Cent, Says Taxpayers Group

Total property taxes in Minnesota have increased 117 per cent in ten years as compared to a tax rise of 149.6 per cent for state tax revenues. The increase in property taxes has risen from $113,130,000 in 1944 to $246,029,000 in 1953, according to a compilation just issued by Minnesota Taxpayers Association.

In the ten-year period, property levies for State purposes were up about 90.8 per cent to $11,210,204. County levies increased 146.7 per cent to $75,149,135. Cities and villages went up 90.3 per cent to $67,277,360. Townships soared 97.7 per cent to $12,552,040. School district property taxes have gone up 127.5 per cent to $79,852,137.

Percentage increase of property taxes alone for all units of government in Minnesota was 117.5 per cent, the Minnesota Taxpayers Association points out.

Presbyterians to Meet Sunday in Red Lake Falls

Presbyterians from this area will hold a special meeting Sunday afternoon, April 25th, at 3 p. m. at the First Presbyterian church, Red Lake Falls, to hear a special report on the work of the Presbyterian Church, U. S. A., with a particular emphasis on what the church does in higher education. The church operates 43 colleges and 124 Presbyterian student centers in tax-supported colleges and universities.

Leaders for the meeting include the Rev. W. F. Hempel of Hallock; Professor T. P. Hughes, department of mechanical engineering, University of Minnesota, member of the board of Westminister Foundation; Dr. Vernon Caine, vice president Macalester College; and Dr. R. Alvin Wilson, associate executive, Presbyterian Synod of Minnesota.

Highway Patrol Gives Tickets to 100,000 in 1953

Illegal Speed Brings 4,611 Motorists into Court During Past Year

Almost 100,000 motorists were arrested or received written warnings from members of the Minnesota highway patrol during 1953 for illegal or dangerous driving practices, according to the annual report of the patrol's activities issued by Earl M. Larimer, patrol chief.

"The highway patrol's activities," said Chief Larimer, "have continued to emphasize safe driving practices and any violation which has been detected by its members has resulted in bringing arrest or warning to the violator. However, the aim of the patrol is not making arrests; this is done only to bring home to the offender that his illegal driving can bring death or injury to other motorists or pedestrians or to himself."

Leading cause for arrest was illegal or unsafe speeds, which resulted in 4,611 motorists being given summonses to appear in court to answer for their actions. Careless driving—a "first cousin"—resulted in 2,152 arrests. Ignoring stop signs—a leading cause of serious accidents—brought traffic tickets to 1,848, while driving under the influence of intoxicants resulted in 1,385 arrests.

A total of 70,773 written warnings were issued motorists in cases where their transgressors were not deemed serious enough for stiffer action. Leading moving violations—illegal or unsafe driving practices—were speeds too great for safety, stop sign violations, driving in the wrong lane or over the center line and unsafe passing.

In 20,907 other instances, patrol members halted motorists and cautioned them orally to refrain from unsafe driving practices which too often result in accidents.

Woodmen Honor JoAnn Sletten, Grygla Junior

JoAnn Sletten, Grygla, has been designated as the "outstanding junior" of Modern Woodmen junior club No. 9192, Grygla, according to an announcement received from the fraternal society's national headquarters in Rock Island, Ill. JoAnn will receive an engraved medallion in recognition of the honor, presentation to be made at a future meeting of the club, it was said.

In winning the preliminary award, the 12-year-old Marshall county girl advances to north central area competition, from which one winner will be chosen to receive an all-expense trip to the Modern Woodmen head camp convention to be held in Chicago, Ill., June 1. The winner in the area competition will be the junior, who in the opinion of the judges, submits the best 25-word statement about his club membership and activity.

The award was given for the highest rating received in the club for attendance, sponsorship of new members, civic awareness and acts showing consideration for the welfare of others. The Grygla club has a membership of 147, and is supervised by Mrs. Alice Peterson, junior director.

FOR MORE PARKING

City officials are aware of the inadequacy of our parking lots and want to do something about it. While progress has been made in converting vacant lots to parking purposes, land has not been acquired for this purpose. The arrangements have been only temporary and because there has been no assurance of permanence the improvements have been limited. It is now felt that a first step in meeting this problem is securing ownership of the land. That sounds reasonable.

The city should proceed at once to acquire available sites that would be suitable for this purpose, and then develop them, *providing convenience, safety and security* for parkers. The use of these parking lots should be regulated just as are the streets of the business section. One of the obvious answers to the parking problem certainly is to provide ample parking space. City officials should be encouraged to move in this direction.

NIGHT BASEBALL THIS YEAR?

It appears that a satisfactory solution to the ball park problem is in the making. Negotiations between city officials and fair board members and representative baseball-minded citizens are progressing. Agreement seems certain on a plan that will provide a rearrangement of facilities of the fair grounds that will meet the needs of both the fair and baseball at a minimum of expense.

Starting from scratch in the building of a ball park, acquiring land, developing a playing field, installing lights, erecting adequate bleachers and providing necessary parking space probably would cost in excess of $50,000. According to a sketch prepared by city engineer Stewart a ball diamond can be fitted into the area in front of the bleachers on the fair grounds in such a way that baseball and the one-week-in-the-year operation of the fair will not be in conflict. This can be done at comparatively little cost.

It now looks like we will have night baseball in Thief River Falls this year and that is a bright prospect.

TRUCKING BY RAIL

The New York Central system is another railroad that is getting equipped to haul truck trailers on flat cars. This is a development that seems to be working out well and if it becomes more generally adopted it may help solve several problems.

Speedy night trains, hauling loaded trailers, would give the railroads some much needed additional business. And trainloads of truck trailers, making their long trips by rail instead of on the highways, would ease considerably our highway building and maintenance problem.

Our railroads are, and in the forseeable future will continue to be, the most important segment in our freight transportation system. As long as we need railroads we will have to continue to pay the costs of their operation. As we use them more or less, these costs, in terms of ton-miles, will be up or down. Using them to the greatest possible extent is in the interests of lower over-all hauling costs. For this reason the trailers-by-flat-car experiment is especially encouraging.

NEED SHOULD BE A CONSIDERATION

In 57 of Minnesota's 87 counties state aid to schools amounts to more than one-half the funds provided by local taxes. In 14 counties the state is now supplying more of the money needed to operate local schools than the local taxpayers.

This problem of school financing is going to receive increasing attention as we approach the time when tax increases will be necessary to meet the costs even at the present level of spending. And that problem will be with us when the legislature convenes again next January.

Because by that time our savings will be inadequate, and we will have to depend more on current receipts to meet current costs, maybe the pressure of financial difficulties will force us to put greater emphasis on equalization in the distribution of state aids. In recent years all of the pressure has been for increased basic aids, giving the same to the rich as to the poor. As we may be forced to greater prudence in our spending of the tax dollars we probably will find ourselves in a position where we will have to give more consideration to actual need.

SEVENTEEN MILLION TREES

Minnesota's tree planting program is making good progress. In 1948 the state conservation department distributed only two million tree seedlings to be planted on private and public lands. A new program authorized in 1947 has resulted in a steady increase in plantings. This year the total number of seedlings to be distributed is expected to be in the neighborhood of 17 million.

Most of these seedlings are being planted on our farms. Many miles of wind breaks have been added. Erosion has been reduced by plantings in gullies and ravines.

One thing about this tree planting program that should give us great satisfaction is the knowledge that future generations will thank us for our thoughtfulness. Lands not suited for other purposes are now growing a crop that will prove valuable a hundred years from now. Thus, in part, we are correcting a mistake made by the good people who preceded us.

FEDERAL HOUSING SCANDAL

What is involved in the Federal Housing Administration scandal? Here is an example that is being cited, showing how slick operators gypped a certainly lax and probably corrupt government agency:

A group of investors formed a building corporation, built an apartment building costing less than four million dollars and secured an eight million dollar government-guaranteed loan from a bank. They then dissolved their corporation and liquidated the assets, splitting a four and one-half million dollar cash melon. The building corporation having been disolved, the bank foreclosed its mortgage on the building and called on FHA to make good its guarantee.

This probably is an extreme example but apparently there were many instances of such general procedure on a smaller scale. President Eisenhower struck hard and fast when some of the facts reached him and a thorough investigation is in progress. This is one investigation that will get a lot of cheering from the sidelines.

"THE LOST SHALL BE FOUND"

O. D. might be said to have returned to E. W. when Christ Peterson found in his Lake Benton front yard a wedding ring lost 23 years ago by the mother of Mrs. Harry Nordmeyer, to whom the ring was promptly returned through the initial identification. — When Harry Paschke went to W. J. Schuck's New Ulm tailor shop to pick up a billfold that had fallen from his pocket, he was asked if he ever had lost anything else; a missing diamond ring was recalled; Mr. Schuck had that, too, having found it under a pressing machine more than a year previously.

So They Stopped Baiting Each Other

If you want to hear a real hassle, listen to Cob James and Whitey Baker on trout fishing sometime. You'd think it was more important than *anything*.

Cob favors dry flies. Whitey pooh-poohs anything but wet flies. Cob swears by a Fan-Wing Royal Coachman; Whitey won't hear of anything but Silver Doctor. And so it goes—they can't even get together on steel rods versus bamboo rods.

But on Saturday, each got back from Fox Creek with a catch that couldn't have differed by more than a couple of ounces! Then over a friendly glass of beer, they allowed as how maybe they were *both* right . . . which is how so many arguments should end.

From where I sit, life would be a whole lot pleasanter if we all respected one another's opinions—whether about trout flies, or having a glass of beer, or voting. After all, a person has a right to follow his own *line* of thinking.

THE MILWAUKEE ROAD

No Spring BREAK-UPS on Concrete Roads

Concrete highways are on the job the year around but motorists and truck operators appreciate them most when spring thaws damage other pavements.

Spring brings no ruts, bumps or pot holes to concrete—no "limited load" signs. Rigid concrete spreads the load over a large area so even soft subgrades can carry it. Concrete roads often carry more traffic during spring when other roads are closed.

Dependable concrete not only saves your time and temper, Mr. Taxpayer, it saves you money, too. Concrete is moderate in first cost yet can be designed accurately for any axle load—and it *keeps* its load-carrying capacity. Concrete costs less to maintain, has twice the life of the next most durable pavement commonly built. Result: *low annual cost.*

Traffic fatalities in Minnesota totaled 636 in 1953. You can help reduce this total by safe driving on safer concrete. Insist on safe concrete for all main roads and streets.

LUXURY FIBERS SEEN

The luxurious cashmeres, shetlands and camel's hair—also the natural, time-tested fibers—offer the same advantages in higher price ranges. The "monopoly," is one created by consumer demand—a demand maintained by men who have found by experience that there can be no substitute for these natural materials, with their dependability, durability and smart good looks and correctness for any and all occasions.

SMILEY . . .

The Smiley Community club will have their April meeting this Thursday evening, April 22 instead of Friday evening, April 23rd. The program is being arranged by the J. W. Lendobeja and Jim McCrum families. Refreshments will be served by the Melvin Stenseth, Maurice Newton and Stenseth Brothers families.

A week ago Sunday visitors at the Arleigh Birks home were Mr. and Mrs. Ole Hove of Grafton, N. Dak., Mr. and Mrs. Allen Tharaldson and family of Hoople, N. Dak., Mr. and Mrs. Adam Lendobeja, Norman Johnson, Mr. and Mrs. Norton Nelson.

Miss Ann Froseth and Vernon Seter of Bottineau, N. Dak., spent from Wednesday to Easter Sunday at the home of Miss Froseth's parents, Mr. and Mrs. Albert Froseth.

Sharon Knutson was eleven years old a week ago Saturday. She was the recipient of many lovely gifts and enjoyed the afternoon of fun and lunch with the following young friends: Doris Humes, Sharon Quam, Dianne Peterson, Gloria Phillip, Judeen and Phyllis Olson. The birthday party was held at the home of her parents, the Harlan Knutsons and Mrs. Knutson served the lovely repast.

Easter Sunday dinner guests at the Mark Olsen home were Mr. and Mrs. Ted Markus of Bemidji, Mrs. Amelia Aakre of Thief River Falls, Mr. and Mrs. Jim McCrum, Marilyn and Bobby, Mrs. Holger Nelson of Kalispel, Mont., and Henry Johnson were afternoon callers.

Mr. and Mrs. Oscar Valsvik and family of Minneapolis, Misses Mabel and Signe Valsvik of Grand Forks spent the weekend with their mother, Mrs. Ole Valsvik. They assisted with the preparations for the auction sale to be held this week and also the preparation of their mother and sister, Gina in moving to Grand Forks where they will make their future home. It will be noted that Mrs. Valsvik has lived in the same home she and her late husband, Ole Valsvik homesteaded fifty years ago. It will evidently be hard for Mrs. Valsvik to make new adjustments but the numerous Smiley friends and neighbors of both Mrs. Valsvik and Gina wish them much happiness in their new venture. The Misses Marlos, Lila and Lois Hanson were all home for Easter holidays spent with their parents, the Rudolph Hansons. All three girls arrived home by various routes Thursday evening. Miss Marlos came by bus from Grand Rapids and returned Monday to continue her training there at the Sears and Roebuck credit bureau department. Miss Lila arrived by car with the Orlando Bishop family of Thief River Falls from Moorhead and she returned by bus Monday to resume her studies at the Moorhead State Teachers college.

Miss Lois came home via the train Friday morning from Minneapolis and returned the same way, Sunday evening to her studies at the Deaconess school of nursing at their hospital.

The Helperettes met at the home of Mrs. Lloyd Iverson in Thief River Falls Wednesday afternoon. The afternoon was spent socially with the contest prizes going to Mrs. Art Hedlund and Mrs. Archie Anderson. The members will exchange plants and bulbs at the next meeting to be held at the home of Mrs. Archie Anderson in May. Mrs. Iverson, hostess, served a tray lunch at the close of the meeting.

Easter Sunday dinner guests at the Arleigh Birk home were Mr. and Mrs. Truman Noe of Grafton, N. Dak.

Mrs. Ed Johnson and her niece, Mrs. Mike Antonoff left a week ago Saturday for Minneapolis. While there they are visiting at the homes of Mrs. Dora Ringstrand and Mrs. Clara Alton, both sisters of Mrs. Johnson. Mrs. Johnson also planned to receive medical attention in the Cities.

Mr. and Mrs. Ted Beiswenger and Norma were among the Easter Sunday guests at the Frank Steumke home in Warren. Other guests were Mr. and Mrs. William Zinter and family of St. Hilaire.

Mr. and Mrs. Henry Zinter and Herman Zinter, all of Goodridge, Miss Ann Zinter and Carl Zinter, both of Thief River Falls.

A week ago Sunday evening visitors at the Lawrence Phillip home were Mr. and Mrs. Harlan Knutson, Mr. and Mrs. Rudolph Hanson.

A. B. Waller and son Harry were overnight guests at the home of their daughter and sister, Mrs. Winton Knutson in Numedal Monday. They left the next day for their home in Brinsmade, N. Dak., to begin work in the fields.

Mrs. J. W. Lendobeja returned to her home Sunday from a ten day stay in the Northwestern hospital.

Overnight guests at the Ted Beiswenger home Tuesday evening were Mr. and Mrs. Carl Zinter of Canby, Minn. Callers the same evening were Carl and Ann Zinter of Thief River Falls.

Miss Dianne Lendobeja spent the Easter recess from her studies at the Fargo AC with her home folks, the Adam Lendobejas.

Mr. and Mrs. Fred Stroberg of Bemidji spent Easter Sunday with Mrs. Stroberg's sister and husband, Mr. and Mrs. Bob Hamilton.

Lois and Lila Hanson attended the bridal shower for a former classmate, Ilene Pearson Saturday evening. The shower was held at the William Gilbertson home in Thief River Falls.

Mr. and Mrs. Joe Knutson of Minneapolis were Easter holiday visitors at the home of her parents, Mr. and Mrs. Karl Beiswenger. They also visited the homes of their numerous relatives.

Mrs. Andrew Kisch returned to her home over the weekend from a few days visit with her son-in-law and daughter, Mr. and Mrs. Howard Ristau in Milwaukee, Wis.

Mr. and Mrs. Norton Nelson and family, Mr. and Mrs. Henry Hegrenes and family of McIntosh were Sunday afternoon guests at the Einar Barstad home in Thief River Falls.

Mrs. Ted Beiswenger and Norma and Miss Ann Zinter of Thief River Falls motored to Warren Monday to visit their mother, Mrs. Zinter who is hospitalized there. They also visited at the home of their sister, Mrs. Frank Steumke.

Monday evening visitors at the Bill Grundhaus home were Mr. and Mrs. Jack Grundhaus and daughter of Thief River Falls, Mr. and Mrs. Harlan Knutson and girls.

Sunday evening visitors at the home of Mrs. Ole J. Valsvik were Mrs. Carl Linstad, Mr. and Mrs. Arnold Gunderson, Marilyn, Nancy and Sandra, Mr. and Mrs. Jim McCrum.

Bert Vigen was a Easter Sunday dinner guest at the Alfred Hallstrom home near Red Lake Falls. Other guests were Mr. and Mrs. Will Hallstrom.

Miss Jean Nelson who is taking a hospital technicians course in Fargo spent the Easter recess with her home folks, the Norton Nelsons.

Coffee time guests of Mrs. Adam Lendobeja after play practice Friday afternoon were Mrs. Norton Nelson, Mrs. Jim McCrum, Mrs. Erwin Helgeland, Patricia Torkelson, Gloria Johnson, Betty Rude, Corinne Torkelson, Marilyn McCrum, Sharon Johnson, Phyllis and Shirlee Beiswenger, LaVonne Diehl, Gail Peterson, Joyce Helgeland, Harlan and Larry Rude, Orris Helgeland and Bobby McCrum.

Easter Sunday dinner guests at the Carl E. Olsen home were Mrs. Joe Virzi, Marsha and Michael of Thief River Falls, Mr. and Mrs. Don T. Olson (Geraldine Goethe), Lana, Larry, Carol Ann and Skippy Goethe.

Sunday afternoon at the Adam Lendobeja home to commemorate Dianne's birthday were Mr. and Mrs. Lloyd Johnson and family of St. Hilaire, Mr. Steve Jeanette, Dorothy and Phillip, Jerry Claffy and Duane Vad of Thief River Falls.

Doings of week at Rosewood

Elaine Hellquist, Rosewood, Minn. Phone 137-3

The New Solum 4-H Club met on Friday evening with 13 members present. Larry Kron, president, conducted the meeting. It was decided to have a Novelty Auction sale at the 4-H party to be given April 24. The leaders were asked to buy a plant for Easter Sunday for both the Mission and Lutheran churches. Good grooming contestants were picked. Joanne Sabo and Robert Anderson for the younger group. Ben Elseth and Dorothy Anderson for the group over 14. Ardis Anderson and Dorothy Anderson were chosen to sing at the Play and Music contest at Stiener. The play to be given at the 4-H party had been picked. "Wide Awake Willie," a one act comedy with the following cast of characters. Mr. Adams, the father, Ben Elseth; Mrs. Adams, the mother, Dorothy Anderson; Willie, the hero, Leland Copeland; Jack, his brother, Jerry Sabo, Judy, Jack's twin sister, Elaine Hellquist; Penny, Judy's friend, Joanne Sabo.

Mrs. Johnnie Ness and Mrs. Harold Lambert were elected to share the responsibility of the president's job of the Rindahl ladies aid at their April meeting. Also at this meeting a beautiful picture of the Last Supper was hung in the church parlors as a memorial to the late Mrs. Martha Rustad. Here is a reminder to the ladies that the WMF billfolds are to be in before April 28.

The John Doran family of Newfolden were afternoon and supper guests at the Melvin Bottem home Saturday.

Saturday evening visitors at the Clifford Johnson home were Mr. and Mrs. Berton Johnson and Randy of Norden, Mr. and Mrs. Johnnie Ness and Janel and Engvald Dahl, Robert Wayne and James.

Visitors Saturday evening at the Harold Sabo home were Mr. and Mrs. Selmer Haugen.

Mr. and Mrs. Emil Hellquist and Mr. and Mrs. H. E. Waldron Saturday evening enjoyed the birthday celebration in honor of Mr. Hellquist's birthday planned for them by Marilyn Hellquist and Maynard Waldron, when they were taken to see "The Robe" showing in Thief River Falls and later were lunch guests at the Hellquist home.

Mr. and Mrs. Selmer Haugen and Mrs. Albert Paulson joined a group of relatives Sunday in Warren to help make Mrs. Louisa Andresen's birthday a memorable one.

Mr. and Mrs. Albert Lappegaard left Wednesday for St. Paul where Mr. Lappegaard was to see the doctor again for his eye.

Mr. and Mrs. Irwin Johnson and Dwight visited Sunday at the Robert Sorvig home in Red Lake Falls.

Mr. and Mrs. Arthur Swenson and Allen and Mrs. Anna Beeks of Holt visited at the Selmer Bjerk home at Badger on Wednesday.

The first ball game of the season was played on the school grounds Sunday by a group of about a dozen boys.

Mr. and Mrs. C. E. Hellquist and Mrs. Lydia Johnson of Thief River Falls and Roland Hellquist enjoyed Sunday dinner as guests of Mr. and Mrs. Emil Anderson.

Several of our foremost farmers attended the Farmers Union meeting at Newfolden Thursday night.

Mr. and Mrs. Walter Steinhauer and family of Holt were Sunday visitors at the Lloyd Anderson and Henry Rye homes.

Mrs. Emil Hellquist visited at the John Doran home in Newfolden Wednesday also accompanying Mrs. Doran to the Ladies Aid meeting.

Thursday Mr. and Mrs. Orvis Hovland of Fertile and Eunice Omundson of Thief River Falls were callers at Irwin Johnsons.

Mrs. Willie Hagen and Shirley, Mrs. Olaf Hall, Mrs. Harold Lambert and Mrs. Emil Anderson met with Miss Lyda Batten at her home in Thief River Falls Saturday for the final rehearsal of the Radio program to be heard on KTRF on Tuesday at 10:45 a. m. This is a WMF program with "Meekness" as its theme.

Wallace Anderson and Helmer Kalbackdalen were business callers at the Russell farm at Steiner Monday.

Little Lana Pederson of Thief River Falls spent this weekend with her grandparents Mr. and Mrs. Emil Blomberg.

Edwin Quam is having a well drilled by Earl Erickson of Thief River Falls. The Quams will now have an ample supply for the needs of their modern home.

Selmer Haugen spent Thursday at Warren on jury duty again. James Jarshaw was also serving on the jury these same days.

NEW TIES OFFERED

Starting in New England recently, a new trend toward light, fine-quality wool ties may gather strength across the country. The square-end type is popular in plaids and tartans and as a wool tie goes ideally with sportswear, the idea will probably develop into an important neckwear style during the coming months.

National President of Educators Warns of Teacher Shortage

Public education may collapse in parts of the country in the next 10 years because of a shortage of teachers, the president of the National Education association warned in Minneapolis Wednesday.

William A. Early, Savannah, Ga., superintendent of schools, spoke at a dinner of the association's regional instructional conference in Coffman union, University of Minnesota. The conference was held jointly with Schoolmen's week.

The nation's school enrollment will increase about one million pupils a year for the next 10 years Early said, but no gain in teachers is foreseen, he added.

"As a result," he continued, "school systems with money will pirate away the teachers available, and public education in poorer communities will go out of existence.

"Today there are classrooms closed all over the country because of the teacher shortage. There already are four million children of school age not attending school.

"The shortage is in teachers teaching, not in teachers trained," he continued.

"About 40 per cent of the teachers trained never teach. They get married or go into other fields.

"In addition, about 75,000 teachers leave the profession each year because of death, retirement or more desirable jobs elsewhere."

Early suggested two solutions: Make teaching more attractive to increase the number of teachers available.

Offer more teaching courses in universities and colleges to make training more available.

N. W. School Reports on Spring Weather

The first few warm days of Spring always stimulate the desire of farmers and home gardeners to get into the fields and gardens to get crops in early. O. C. Soine, agronomist and weather observer at the Northwest School and Experiment Station at Crookston, points out that late April is generally a good time to seed hardy frost-resistant crops but that April is not a good month for plant growth and crop production in the Red River Valley.

Mr. Soine has compiled weather data from the records at the Northwest Experiment Station and northern and southern points of the Red River Valley. The records show wide fluctuations in temperature with killing frosts characteristic of the April weather in northwestern Minnesota.

The data for Crookston show that killing frosts are likely to occur after April 20 in 49 years out of 50; and after April 30 in 47 years out of 50. By May 10, the danger of killing frosts has decreased to some extent, but even at this date, the probability of a killing frost is 38 times in 50 years. By May 30, the frost risk has greatly decreased, but even at this late date a killing frost may occur five years out of 50 in the Crookston area.

There is a great deal of variation in the dates on which spring frosts come. For example the latest one recorded at Crookston came on June 19, 1940, when the temperature dropped to 31 degrees. The earliest day of the last spring frost came on April 20, 1904. This is a range of 60 days when spring frosts may be expected.

According to Crookston, the average last spring frost occurs on May 19, but this does not mean that no killing frosts will occur after May 19. Last year the last killing frost occurred on May 16, but a light frost occurred on June 6 when the temperature dropped to 30 degrees.

The great variation in temperature during the month of April results in poor conditions for germination of seed and plant growth. Often the soil is so cold that early planted seeds do not germinate but decay before conditions are favorable for good germination. The soil must warm up and maintain a minimum temperature of least 32 degrees before hardy crops like wheat, peas, and oats will start the process of germination and growth. Warm weather crops like corn and beans need a minium temperature of 49 degrees for the beginning of plant growth.

According to the present weather conditions, we may still expect to start field operations about the same time as usual.

According to our records for the past sixteen years, the average date of sowing wheat is April 29. The earliest sowing during this period was on April 8, 1938, and the latest was May 26, 1950.

The date of sowing is not as important as the date of emergence—the date the crop comes up. A crop may be sown early, but if the soil is cold the crop may not emerge for several days and without seed treatment the seed sometimes rots in the soil. The average date of emergence for the above dates for wheat is May 12. The longest period between sowing and emergence was in 1941 when wheat was sown April 15 and emerged May 9—a twenty-four day period. The shortest period was in 1940 when wheat was sown on May 13, and emerged May 20.

Flax is generally sown a little later than the other small grains, and Crookston records for the past sixteen years show the average date of sowing to be May 17 and the emergence on May 27. The latest date of sowing flax for this period was June 1, 1938, but the flax emerged on June 6 the same year. The earliest sowing of flax was on May 2, 1940, for this given period.

League of Women Voters Meets in Bemidji May 3

The League of Women Voters of Minnesota extends a cordial invitation to all women interested in promoting citizen responsibility in government to attend its council meetings to be held at Bemidji May 13 and 14, Mrs. Basil Young, president, announced today.

The League is a non partisan organization dedicated to the principal of self government working for the public good. It encourages citizens to use their privileges more conscientiously and makes it easier for them to do so by giving them the information they need.

It believes the program it has planned for this meeting will be of great interest to civic minded women. State legislative problems, the need for constitutional revision, lobbying, service to voters, discussion techniques are a few of the many subjects to be discussed.

Cancer Detection Center at 'U' of M. Reports on Work

Agency Has Examined 5,352 Men and Women During Five-year Period

The cancer detection center at the University of Minnesota discovered 91 cancers in examinations of 5,352 men and women during the five years ended Feb. 28, 1953.

In addition, 1,300 lesions considered to be pre-cancerous were detected; an incidence of 24 per 100 persons examined over 45 years of age.

The report is published in the April edition of Minnesota Medicine by Doctors Claude R. Hitchcock, director of the center, and J. Bradley Aust of the national institute of health.

The report emphasized the difference in survival between victims of cancer who had symptoms and those who did not.

"Three of six asymptomatic (without symptoms) gastric cancer patients are alive Dec. 31, 1953, and well up to four years after surgery" the report said. "There is one survival among five gastric cancer patients who were symptomatic at the time of diagnosis.

"Of 13 patients with colon cancer who were free of symptoms at the time of diagnosis, 11 are living and well, seven over three years."

Only one of the five colon cancer patients with symptoms at time of diagnosis was reported living two years later.

At Newfolden

Rev. E. F. Brandt is conducting special meetings at the Bethlehem Lutheran Church in Newfolden. The meetings continue each night this week at 8:00 p. m. There will be special singing at all sessions. On Sunday, April 25 there will be a service at 11 a. m. and 2 p. m., and the Ladies Aid will serve dinner at noon.

The following week, April 27 through May 2nd, Rev. Brandt will be at the Bethania Lutheran Church of rural Newfolden. On May 2 there will be services at 11:00 a. m. and 2:00 p. m. The Ladies Aid will serve dinner at noon.

Rev. E. F. Brandt is under the auspices of the Board of Home Mission of the Lutheran Free Church.

PIONEER TRAVEL RECALLED

In the spring of 1857 Mrs. Joseph Ullman accompanied her merchant husband from St. Paul to Chicago and St. Louis on a buying trip. An account of her extremely arduous travels appears in current Minnesota History, publication of the State Historical Society. Five long days of travel and one whole night, by sled, wagon, and train, besides four days of necessary rest and warming up, elapsed between St. Patrick's Day morning in St. Paul and arrival in Chicago. So worn out was Mrs. Ullman that she spent two weeks in St. Louis in bed. A month later St. Paul "looked awfully good."

Which is YOUR Lowest Cost Fuel?
DIESEL FUEL? TRACTOR FUEL? GASOLINE? LP GAS?
WHEN YOU BUY AN MM TRACTOR
YOU NAME THE FUEL THAT SAVES YOU MOST!

In your area, which fuel gives you the biggest savings *this* year? Next year? For the long-range future? The day you buy your Minneapolis-Moline tractor, you name the fuel that costs you least, then pick the tractor that's built to get the most out of every tankful. Gasoline, diesel fuel, LP gas or tractor fuel—you figure your costs, and you take your choice.

You start pocketing fuel savings your first day in the field . . . and every working day thereafter, your savings grow. You save on maintenance, too, because these MM tractors are built to deliver more low-cost power, longer. Heavier, huskier construction, larger bearing areas, big-capacity fuel and oil filters, more efficient cooling—these advantages keep your MM tractor saving and earning money for you year after year.

Be fuel-wise! Stop in soon and find out why MM tractor performance means tractor power profits for you!

Good Friday services were held in the Randen Church Friday forenoon.

Several families from our community attended Easter services in the Grygla Gospel Tabernacle in Grygla Sunday.

Gordon Foss and family visited with Pastor and Mrs. Rasmussen Saturday. Gordon cut some wood with his power saw for them while there.

Rush job?

Use your telephone to help get things done in a hurry, and if you have party-line service, please remember to leave some time between calls—so someone else can call you, so others on your line can use the phone, too. Some other tips for good party-line telephone service: replace the receiver carefully, give up the line for emergency calls, hang up quickly and quietly when you find the line in use. Remember, party-line courtesy is catching. Northwestern Bell Telephone Company.

This is the 1954 Chevrolet Bel Air 2-Door Sedan. With 3 series, Chevrolet offers a model to meet every individual and family need.

These facts about the New Chevrolet can help you make an important decision

Don't you agree that buying a new car calls for careful consideration? Regardless of make, it involves a substantial amount of money and a lot of future satisfaction. This information can give you a better idea of comparative value and help you decide which make to buy.

A good customer of ours was telling us the other day how he sizes up a new car. Because he's bought a number of them over the years, we were interested in what he had to say. We think you will be, too.

Actually, what he does is to ask about seven basic questions. The answers give a pretty complete picture of the car and its comparative value. Here's what he wants to know.

How well do I like its looks?

That's one question, of course, that only you can answer. You're the one who buys the car and you, above anybody else, should be proud of its appearance.

All we can tell you is that we hear a lot of nice things about Chevrolet's new styling. People seem to like the new front-end and rear-end designs, and the way the bumpers curve even farther around the fenders. They like the new styling touches all around the car and the wide choice of bright new colors and two-tone combinations. A good many tell us that Chevrolet has a decided edge over the other cars in its field for smooth and graceful lines.

Who makes the body?

This question takes in much more territory than the appearance of the car. It involves the quality of the interior as well as the strength and safety of the body construction. That's why we think it worth your consideration that Chevrolet has the only Body by Fisher in the low-price field.

You can see the difference outside and inside. We'd especially like you to look over the new interiors. Just sit in the car, if you will. Feel the quality of the fabrics and notice the more generous use of vinyl trim.

In all these ways, you'll find evidence of superior quality and workmanship. And after all, isn't that what you would expect in Body by Fisher? As you know, Fisher is the largest and most famous manufacturer of automobile bodies in the world. Doesn't it stand to reason that Fisher can build extra quality into the Chevrolet body? It's there and you can see it.

What's under the hood?

You hear a great deal of talk these days about engine power. The truth is that the number of horsepower isn't nearly as important as what the horsepower does for you.

In this year's Chevrolet, you get increased power in two finer engines. There's the "Blue-Flame 125" engine teamed with Powerglide automatic transmission and optional on all models at extra cost. In gearshift models, you get the more powerful "Blue-Flame 115" engine.

But, actually, the increase in horsepower is only a sort of by-product of design changes made for other reasons. Chevrolet engineers were after greater engine efficiency, not just greater power. So, you get improved acceleration, with greater and safer passing ability. You get quieter, smoother operation. You climb the steep hills with new ease.

How hungry is it for gasoline?

A car's reputation for, and record of, economy of operation is certainly an important consideration to most people. We'd be glad to have you compare Chevrolet in this respect with any car at any price.

And, in the case of this new Chevrolet, you do not have to sacrifice economy for finer performance and more horsepower. That's because the Chevrolet engines are *high-compression* engines. Their compression ratio of 7.5 to 1 is the highest in any of the leading low-priced cars.

This means simply that the engine compresses, or squeezes, the fuel mixture to a greater degree in order to wring more work out of it. That's how Chevrolet is able to give you an important gain in performance along with money-saving gasoline mileage —and on regular gas, of course.

Is it up-to date in features?

We can't think of a new feature or development you might want that you can't have on the new Chevrolet. Now you can have Chevrolet's zippy and thrifty Powerglide automatic transmission on any model. You can have Power Steering on all models and at a new, lower price. You can have Automatic Window and Seat Controls on any Bel Air or "Two-Ten" model, and you can have Power Brakes on any model equipped with Powerglide. All are, of course, optional features at extra cost.

How popular a car is it?

When you come right down to it, there's no better way to judge the satisfaction a car gives its owners than by its popularity. How many people buy it and keep on buying it?

Well, as you may know, Chevrolet is by far the most popular car in this country. That's true today and it's been true for a good many years now. But it couldn't be true—or wouldn't be true—unless Chevrolet gave its owners an extra measure of satisfaction and value.

How much does it cost?

There's a short, sweet answer to that one: *Chevrolet is priced below all other lines of cars.* This lower cost is made possible by the greater production facilities and purchasing power of the world's largest manufacturer of automobiles. That is why Chevrolet can offer you all the advantages we've told you about here—and many more, too.

We'd be more than glad to have you see all these things for yourself and to try out this new Chevrolet on the road. We'll be happy to see you at any time.

Staff of State Office of Soil Conservation Service Appointed

Appointment of five members of the staff of the Minnesota office of the U. S. Soil Conservation Service was announced Saturday by Herbert A. Flueck, Minnesota state conservationist.

These men who have been approved as key staff members in the state set-up under the reorganization of the service are Morrie A. Bolline, assistant state conservationist; J. R. Maher, conservation engineer; Roy E. Bennett, soil conservationist; Alex S. Robertson, soil scientist; William W. Russell, administrative officer.

Flueck was approved as state conservationist by Don Williams, Administrator, in Washington D. C. sometime ago.

Flueck said the appointment of the assistant, the three members of the technical staff and the administrative officer was in line with the reorganization, which calls for strengthening of the state offices.

The state office of the service is responsible for administration and technical direction of activities in the state. Work will be carried on through soil conservation districts, Flueck said.

Additional members will be added to the administrative staff between now and June 30 to handle the business administration responsibilities assigned to the state office as a result of the reorganization of the department.

Field operation of the Soil Conservation Service will not be affected directly by the reorganization. The administration of field work will continue to be directed by the seven area conservationists. Technical work in local soil conservation districts will be directed by the work unit conservationists, who will be assisted by conservation aids, engineers, soil scientists, and other specialists as needed.

Farmers will continue to look to the soil conservation district in making requests for the type of help they desire in planning and applying needed conservation measures on their farms.

Dairy Products, Spuds, Chickens in Ample Supply

Potatoes, young chickens and dairy products are the three top features on the U. S. Department of Agriculture's list of plentiful foods for April and are expected to be good buys during the month.

Mrs. Eleanor Loomis, extension consumer marketing agent at the University of Minnesota, reports that in addition to these three items April markets are offering a variety of foods well adapted to spring menus.

Old-crop potatoes, still in plentiful supply, are being supplemented by new potatoes from Florida, Texas and Alabama. Old-crop potatoes, however, are the better buys.

Record-large supplies of broilers and fryers are expected in April at prices below those of a year ago.

The increase in milk production this month means more dairy products, including cottage cheese and other cheeses for spring salads.

Egg production, increasing seasonally, will probably be higher in April than in any month in 1954. Prices should be favorable for featuring eggs in Lenten meals and for Easter.

Ample supplies of turkey are in prospect for the Easter dinner. Beef, especially in the medium and lower grades, is also due to continue in plenty.

Canned corn and spring and fall-crop cabbage and onions will be the vegetables most abundant during the month.

STATE WELFARE DIVISION REPORTS

Minnesota department of public welfare, according to 1953 report, employs 252 persons, works with 21 institutions and 1,086 County Welfare employees (an average of more 12 per county), and handles an annual budget of $38-plus million. Recipients of old age assistance were fewer in 1953 than for 15 years, 53,981 compared with the 1939 high of 65,223; an average of 1,147 blind persons received an average of $69.35 per month; 12,194 children received attention. 35% of funds are federal, 25% state, 40% county; 55.5% goes for oaa, 14.6% to children's aid, 1.5% to blind, 19.9% for general relief, 8.5% for administration.

Milk Consumption Rises Since War

Much More Used Now, Says National Dairy Council

That glass of milk still rides high on the family menu—11 quarts per capita higher during 1953 than before World War II, according to the 1954 edition of "How Americans Use Their Dairy Foods," a publication issued annually by the National Dairy Council, Chicago.

According to Dairy Council spokesmen, this is 7% above the pre-war consumption and means, with the tremendous rise in population since that time, that Americans drank over 6½ billion more quarts of milk in 1953 than in 1939.

According to this publication, now in its 10th year of reporting, the quantities of dairy foods consumed during 1953 by the average American, were:

164 quarts of whole milk and cream
8.6 lbs. of butter
7 lbs. of cheese
15.3 quarts of ice cream and frozen dairy products
17.1 lbs. of evaporated and/or condensed milk
4.2 lbs. of non-fat dry milk solids

Price-wise, Americans paid less for dairy products last year than previously, in fact less than the all-foods average. For example, while the all foods index stood at 226, the index for home delivered fresh milk stood at 191, which is 35% lower than the average increase for all foods. The price indexes for other dairy products were also favorable. Butter stood at 215; cheese at 218; evaporated milk at 204.

CHRISTMAS SEAL WORKERS MEET IN ST. PAUL MAY 6

Invitations are out to Christmas Seal workers throughout the state to attend the Christmas Seal Institute May 6 and 7 at Minnesota Tuberculosis and Health association headquarters, St. Paul. Goals Count for More Than Cash in Getting Started in Farming

Where you want to go in farming and how determined you are to get there probably will have greater influence on your future success than the amount of money you start out with.

This was one conclusion of two University of Minnesota agricultural economists, G. A. Pond and Donald S. Moore, professor and research assistant, respectively, based on a recent survey of 157 established southern Minnesota farmers.

Many of those questioned were long-established successful operators. A few had begun farming since the end of World War II.

The established farmers strongly recommend a young man's starting as a renter. Many advise a low-capital beginner to start either on a partnership with his father or some good farmer who knows him, or with a 50-50 crop and livestock share lease.

They estimated the young man starting as a tenant would need an average of $9,400—about half the average amount now used by the established farmers—and suggested he own at least half of his working capital at the outset.

Young men purchasing farms ought to have their personal property clear and be able to pay down at least a third of the price of the farm. Low-capital beginners should avoid large investment in machinery and equipment, they said.

They recommend buying good used machinery, hiring custom work, and exchanging labor for machine work as ways of keeping machinery-equipment investment low. They also favor quick-return investments—dairy cows, hogs and chickens—for beginners.

What kind of farm should a beginner try to buy or rent? The established farmers say "A good productive farm large enough to give a good living." They don't encourage young farmers to buy a rundown farm and try to build it up.

Finally, of course, the experienced farmers say "know-how, interest in farming and liking rural life, courage, faith in the future, ambition, determination, honesty, industry, frugality, and a wife who's interested and shares responsibility in the farm's management" are other key factors.

"They may be far more important to a beginner's success than the capital resources he starts with" they say.

J. C. Penney Co. to Open 30 New Stores This Year

Stockholders of J. C. Penney company, nation-wide department store organization, heard at the annual meeting Tuesday, in New York that 1954 will see the company's largest new-store expansion program in more than 20 years.

A. W. Hughes, president, said the company will open at least 30 new stores this year in communities where it has not previously operated.

In the planning stage is a total of 63 new stores including 46 which, he said, will be suburban or shopping center stores to meet the increasing demand for shopping facilities outside the larger cities.

In addition, 53 existing stores will be relocated in new buildings in towns long served by Penney stores, compared with 17 last year.

Big Verdict Given by Court Jury in Marshall County

A Marshall county jury awarded a verdict of $17,500 to Noble C. Storbakken, trustee for the estate of Ralph D. Storbakken against Joseph E. Soderberg in district court in Warren April 7.

The case resulted from an intersection crash north of Alvarado last fall in which Ralph D. Storbakken was killed.

In the only other jury trial, Judge Paul A. Lundgren directed a verdict for the defendant, Peoples State Bank of Warren in a complicated case involving payment of a note claim. The suit was sought by H. L. Nybladh, who was ordered to pay $2,488.07 which includes principal, interest and attorney's fees.

The petit jury was dismissed following the bank case on April 9.

THE VILLAGE CHURCH

The Church has been the most powerful factor in American life. Nowhere has the influence of the Church been more potent or more far-reaching than in the villages and small towns of the nation.

A large percent of our population lives in these areas, and they also furnish a large percentage of our state and national leadership. The church on Main Street or at the cross-roads draws people from far and near. They listen to the preaching and praying, join in the singing, and enjoy the fellowship of their friends and neighbors.

Many of the most cherished experiences of life are associated with these little churches. Their influence is stamped on the lives of the people, and their teachings help to form the character of this nation.

The Church needs and deserves the love and support of the people, whether it be in a big city, a small town or a rural village. It is an influence for good, a source of strength, a tie that links humanity with God.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

GOOD RULE OF THUMB: 'PATTERN' WITH 'PLAIN'

To avoid a confused, badly coordinated look in your overall appearance, follow the rule of "Pattern with Plain," and "Plain with Pattern." For example, if your sports jacket is a boldly-patterned Spring tweed or wool jersey, wear a plain or very subdued-pattern shirt, solid-color tie and plain breast-jacket handkerchief.

Plain slacks, of course, always go with patterned jackets, but if your jacket is plain or has only a faint pattern, figured flannel or gabardine slacks are acceptable.

Strongly patterned ties should be worn only with plain, solid colored shirts, and vice versa.

Open Lands Settled

Following the "Agreement" of 1889, by which the Chippewa Indians of Minnesota ceded to the government large tracts of the Red Lake Reservation as established by the "Old Crossing" treaty of 1863, there was a big influx of settlers as these lands *were made available for home*steading. William Watts Folwell devoted considerable space to developments in his History of Minnesota.

"In the decade following that year (1889) all the counties of the Red River Valley received a great access of rural population," he said. "All desirable farming lands went into private hands. The people of Red Lake County, who numbered 12,105 in 1900, became weary of seeing a large portion of their county lying idle in the hands of Chippewa Indians."

This "weariness" resulted in the attempts to have more of the Reservation lands opened for settlement and Dr. Folwell gives this version of these efforts, leading finally to success in 1904.

A Loop Hole

"It is probable that it became known that through a paragraph quietly inserted in the Indian Appropriation bill of 1901 a way might be found to get some of that Indian land into market without conforming to the dilatory conditions of the Nelson Act," Dr. Folwell suggested. "That paragraph provided that the Secretary of the Interior might negotiate through any Indian inspector with Indian tribes for the cession of portions of reservations and make agreements subject to ratification by Congress."

"The result of much agitation was an understanding to make trial of the act. On January 30, 1902, the mayor of Thief River Falls, then a city of some 2,000 inhabitants, appeared in Washington. On that date he addressed a letter to the secretary of the interior stating that he had been sent by his city council to present its petition that the Secretary appoint an Indian inspector to negotiate with the Red Lake Indians for the cession of some eleven townships on the western end of their reservation, which were occupied only by a few wandering families. The lands, he wrote, were all arable or meadow lands, without any pine to cause such trouble as had arisen on other reservations, and their occupation by thrifty settlers would be beneficial to both Indians and whites.

"The letter was accompanied by a statement signed by Senators Nelson and Clapp and the seven representatives from Minnesota, most heartily endorsing the petition and recommending it to the favorable consideration of the secretary.

Secretary Agreeable

"The secretary seems to have been quite willing to oblige the Minnesota delegation and the people of Red Lake County. On February 10 he designated James McLaughlin, one of the oldest, most capable, and most trusted of his corps of Indian inspectors, to undertake the desired negotiation and two days later furnished him with a letter of instructions drawn by the commissioner of Indian affairs. The inspector promptly made the journey to Minnesota and on March 4 opened a council with the adult males of Red Lake bands at the Red Lake agency.

"The sessions, as usual, dragged along while the Indian spokesmen rehearsed their tales of grievances—loss of land by bad surveying, false classification of lands, and false estimates of timber on the lands they had ceded in 1889, the capital instance of which, they alleged, was a cut of three million feet of pine on a contract for seventy million. They complained also that white men fished in Red Lake.

"The inspector tactfully listened to the harangues, explained that he had no authority to treat with them on such matters, and promised to make a special report of their complaints at Washington. He admitted that many of them were well founded.

Good Speeches

"The speeches of McLaughlin are very good reading. He told the Indians that they were land poor. They could sell 260,000 acres and still have 550,000 left, which was more than they could use. White settlers were surrounding them; the Great Father himself could not stop the flood of immigrants. It would be the part of wisdom to dispose of their surplus land, provide comforts for their older men and women and give the younger men a start in business.

"He then assured the Indians that he would make them the best offer for their lands that he had ever made, and he had made many offers. *He* would give them three times what the government got for its lands. They could take that or they could take the chance of getting $1.25 an acre under the law of 1889.

"The Indians, however, were in no haste to accept even so liberal an offer, and dickering went on for five days before they yielded to the inspector's eloquence. To break down their reluctance he brought forward two considerations not included in his written instructions. One of them was his assurance, repeated many times in his speeches, that after a portion of the lands had been sold, the remaining great body of their reservation would belong to them independent of all other Chippewa people. The other consideration related to allotments.

Special Considerations

"He said to the Indians that in a few short talks with the commissioner of Indian affairs a few minutes before he left Washington he was told that he might be very liberal in regard to the price of the land and that he might promise that they would receive allotments double the size allowed by the law as it stood, one hundred and sixty acres instead of eighty acres; and more than that, they would be able to select their allotments on either agricultural or pine lands, as they should **please.**

"Why such a proposition was made to Indians who had not taken allotments and did not intend to take them remains a matter for speculation. It may not be said that the interior department then intended to establish a new allotment policy, but the Red Lake incident served as a precedent for the doubling of allotments on the White Earth reservation two years later, engineered by the same statesmen.

"After repeated mention of generous feasting and of the large amount of ready cash with which the old men would be comforted, the large majority of the adults were won over and on March 12 signed the agreement drawn up by the inspector."

But new difficulties developed. More to come next week.

Plan to Build New Highway East of Middle River

Construction of State Aid Road 6 from Middle River east a distance of 12.1 miles is scheduled for this summer, with the Marshall county board of commissioners in special session in Warren April 10 adopting a resolution requesting the state commissioner of highways to call for bids for the project.

The road will be constructed as a joint state and federal project with funds being matched *by the county. This is the major* county highway construction job of 1954 and will bring this important highway up to federal and state standards. Construction plans for the road have been prepared by the Marshall county highway department.

Druggists Plan State Convention in Minneapolis

Anniversary Celebration Plans Shape up

Three-day Festivities June 18 to 20 Will Mark Opening of Eleven Towns

Plans for the fiftieth anniversary celebration to be held here June 18, 19 and 20 are now taking definite form, general chairman Kendal Gustafson announced this week. The three day event, commemorating the opening for settlement of the eleven townships east of Thief River Falls in 1904, will highlight this particular occasion, but is being arranged with the thought of honoring all of the early settlers of the community.

The program will open officially with a banquet Friday evening, June 18 at which remaining pioneers will be the special guests. On Saturday the new court house will be dedicated with appropriate cornerstone laying exercises. Odin Hanson, chairman of the county board, states that he has assurance that construction will be far enough along by that time to permit this ceremony.

Court house plans call for a steel box containing documents of historical interest to be sealed into the base of the flag pole, he said, and this will be an appropriate time for a program of this kind.

A parade to be followed by a program of water events on the river will be the main attraction Sunday afternoon. Around these main events will be many other activities, and folk and square dancing will have a prominent place in the program each of the three days.

Mrs. R. Sagmoen to Get Tribute from Hamline 'U' May 1

Local Women Is One of 28 Minnesotans to Get Citations for Services

Hamline university, the first co-educational college in Minnesota and the third in the nation, will award 28 citations to outstanding women of Minnesota, including Mrs. Ebba Sagmoen of Thief River Falls, during the school's centennial celebration April 28 through May 1.

The 28 cities were selected from a list of several hundred nominations received from women's organizations throughout Minnesota.

Dr. Paul H. Giddens, Hamline's president, said the large list of nominations presented striking evidence of the indispensable work women perform in their communities. He emphasized that the 28 cities are representative of many others who also are deserving of commendation.

Considered ineligible for citations are past recipients of honorary degrees from Hamline, members of the school's board of trustees, faculty and staff, and officers of the alumni association.

The women who will receive citations at Hamline's general centennial convocation assembly at 10:30 a. m., Saturday, May 1 in Norton fieldhouse in St. Paul include Mrs. Ebba Sagmoen Thief River Falls. Mrs. Sagmoen was chairman of the Minnesota Crippled Children's Clinic for five years. She helped to organize the Northwest Blood Bank and the Northwestern Hospital Auxiliary, and has been active in the Red Cross, American Legion auxiliary and other local organizations. She will leave for St. Paul Friday.

Others from this area to be honored include: Mrs. Barbara Powell, Bemidji. Mrs. Powell is president of Bemidji's League of Women's Voters. She was instrumental is securing a new city charter and a school bond issue for her city. As a result of her efforts, Bemidji won the All American Cities Award, given annually by the National Municipal League and Look magazine.

Miss Mae M. Rideout, Crookston. Miss Rideout is business manager of Northwestern Clinic in Crookston. In the mid-thirties she revived Camp Fire activities in her city. She was director of the Crookston Civic Music league for many years.

Pen[illegible]gton County Co[illegible]unity Chest to Ele[illegible] Thursday Night

To S[illegible] May 5

VAL BJORNSSON

State treasurer and aspirant for the Republican nomination for U. S. senator, who will be the principal speaker at the Ninth district GOP convention in the Eagles auditorium Wednesday afternoon, May 5. His address is scheduled for about 2 p. m., and will be rebroadcast over KTRF at 9 o'clock Wednesday evening.

Annual meeting of the Pennington County Community Chest will be held Thursday, April 29, at 8 p. m. in the Civic and Commerce room in the Auditorium.

The public, civic and service organizations, participating agencies, and all the past year solicitors are urged to attend the meeting at which the annual report will be given, and members of the board elected.

Directors whose terms of office expire are Vic Jung, Lucian Krause, Mrs. Frank Hardisty and Miss Joanne Wedul. Neil McElwee will also have to be replaced as he is leaving the city. Nominations will be open from the floor for these vacancies as well as names presented by the nominating committee composed of the four retiring members, and Bill Walters, Gunder Legvold, Clarence Peterson and Vern Lindquist. The board has appointed R. J. Dryden president in the absence of Mr. McElwee and Miss Wedul vice president.

"If the Community Chest is going to be a success in this community," said Dryden, "it will be necessary for the public to take a personal interest in the organization as well as the planning for the annual campaign. We would not like to revert to seven or eight more individual drives. The board asks your cooperation."

Local Lions to Go to Middle River for Charter Night

At a meeting of the Lions club last Wednesday noon in the Rex Cafe, final arrangements were completed for the attendance of 20 or more members at a meeting of the newly organized Middle River Lions' club this evening, which will be observed as charter presentation night.

Speaker at last week's luncheon was Wm. Ferguson, consultant on alcoholism with the state health department, who had come to this city for a conference.

Introduced by Judge Herman A. Kjos, Ferguson told of efforts to bring about recovery of problem drinkers, and said the cure involves a long-term process.

Three or More Air Force Men Coming to TRF Next Month

Arrangements Being Made for Region Headquarters of Ground Observer Corps

Preliminary arrangements have been made to establish three or more U. S. Air Force men in Thief River Falls, possibly in May, to set up a regional headquarters to promote the development of the ground observer corps in the area and to train observers in the necessary procedure.

Announcements of the plans was made here Thursday by two officers who flew to this city from Minneapolis. They were Col. J. M. Williams of the 31st air division at Fort Snelling and Major R. L. Thompson of the Minneapolis filter center of the ground observer corps.

The officers stated that the area to be served from Thief River Falls includes the territory north and west from Park Rapids to the west edge of the state and the Canadian border.

While here, Col. Williams and Major Thompson conferred with Mayor Agnes Israelson as to the possibility of securing office space in the city.

When smoke developed from an overheated stoker motor, the fire department was summoned early Sunday evening to the Anton Carlson residence at 302 St. Paul av. S. No damage resulted from the blaze.

Two-hour Parking in Effect Monday

The local police department today served notice on motorists that the two-hour parking restriction in the business district will be strictly enforced starting next Monday, May 3, and stated that tickets will be issued to all violators of the regulation.

Local Pre-school Clinic at Lincoln School Saturday

All Children Who Will Be Age 5 Before Jan. 1, 1955, Are Expected to Attend

Children of Thief River Falls who will be starting school next fall are invited to attend the pre-school clinic which will be held from 9 a. m. to 4 p. m. Saturday at Lincoln high school. The clinic will be sponsored by the local PTA groups under the supervision of Mrs. Andy Williamson.

All children who are five years old or who will be five before January 1, 1955, are invited to attend. Country children who have not attended kindergarten and who will begin first grade in the fall must come in and register and have a physical examination. New residents must also register.

Supt. W. G. Claffy has asked parents to bring the child's legal birth certificate to the clinic. These can be obtained at the office of the clerk of court in the county where the child was born. A hospital birth certificate is not considered a legal certificate.

Physical examination of the children will be conducted by local doctors on Saturday, May 8, the place to be announced at a later date.

State Vocational Training Director to Speak Tonight

Harry Schmid to Discuss Future Plans for Area Vocational School Here

Harry Schmid, state director of vocational training, will attend meetings here this afternoon and tonight (Wednesday) relative to possible expansion of the Area Vocational school program. At three o'clock this afternoon, at the Rex Cafe, he will meet with members of the advisory board and representatives of other groups interested in extending present courses of study or adopting new ones.

In the high school this evening at eight o'clock he will address a public gathering on the overall program of vocational education, following which there will be a general discussion of local problems and possibilities.

Accompanying Mr. Schmid to Thief River Falls will be S. K. Wick, assistant director, and Guy Tollerud, newly appointed director of buildings for the department of education.

Postoffice Plans to Improve Mail Deliveries Here

Postmaster R. J. Dryden announced this week that the postoffice department has recommended a delay in departure of local mail carriers to permit them to deliver star route mail arriving between 8:30 and 9 a. m. on the day it is received here, rather than holding it over for a day as at present. Dryden said that a spot check had revealed that a considerable amount of first class mail arrives via the star route from Crookston, and he added that if the plan is adopted it probably will be put into effect about June 1. Carriers at present start making their rounds at 8 a. m.

Spring Concert at Lincoln High Set for Tuesday

High School Musicians Announce Program for Lincoln Auditorium

The Lincoln high school music department will present a spring concert in the school auditorium Tuesday evening, May 4, at 8 o'clock.

Included in the program will be the seventh grade chorus under the direction of Miss Judith Halverson, the high school girls glee club and mixed chorus under the direction of Miss Marlys Carlander and the high school band under the direction of Mr. T. Salo.

Numbers presented by the seventh grade chorus will be "O Give Thanks", old round; "Little Lamb Who Made Thee", Wilson; and "How Merrily We Live", Michael Este. The glee club will sing, "Come Spirits Tis His Day", Bach; "The Happy Peasant Girl," folk song; "Lost In The Night", folk song; "May Day Carol", English.

The chorus will sing "Adormusa Te", Palestrina; "Jesu Priceless Treasure", Bach; "Russian Picnic", Enders; "Ah[illegible]ow, Meadow, Fair And Wide", folk song; "Bow Down Thine Ear", Tkach. The band and chorus will close the program with "The Nations Creed," Williams.

A group of 18 pupils in the Steiner school, accompanied by their teacher, Mrs. Ida Ruprecht, Tuesday morning visited the Times office in the course of a tour of points of interest in Thief River Falls.

Officer Slate Is Reelected by County GOP

Alvin Christofferson Is Retained as Chairman at Biennial Convention

With only a small gathering present, Pennington county Republicans organized at their biennial convention for the coming campaign Saturday evening by reelecting county GOP officers and selecting delegates to the Ninth district convention to be held in Thief River Falls May 5 and to the state convention in St. Paul in September.

Alvin Christofferson, who presided as convention chairman, was reelected county chairman for the coming biennium. Other officers named include Mrs. Alex Campbell, Vivian Copp and Mrs. Frank Hardisty, respectively first, second and third vice chairman; Mrs. N. C. Lindberg, secretary; and A. F. Berge, treasurer. The officers were authorized to appoint other members of the county committee.

A resolution was adopted commending President Eisenhower and members of the national and state administrations for their record in office. A committee was to be appointed by Chairman Christofferson to make recommendations for additional resolutions to the district convention.

Delegates named to attend the state convention included Christofferson, Mrs. Campbell, W. E. Dahlquist, A. F. Berge, John Anderson, Mrs. Frank Hardisty and David Brown, Goodridge. Alternates named were Gordon Releraon, Mrs. Gaston Ward, Vivian Copp, Robert J. Lund and Mrs. Alvin Christofferson.

Delegates to the district convention included Mrs. N. C. Lindberg, Mrs. Ward, Dahlquist, F. A. Rinkel, F. E. Tunberg, Mrs. Louise Anderson, A. F. Berge, John Anderson, Mrs. Hardisty and David Brown.

Stan Gibson Tells Rotary of Alaska

Stan Gibson was the guest speaker at the Rotary club luncheon Monday noon in the Elks club rooms. He gave an interesting account of his experiences while engaged in commercial fishing in Alaska waters last year, mostly for haddock and halibut.

Cleanup Week Slated in This City May 3-10

The annual Cleanup Week will be observed in Thief River Falls starting next Monday, May 3, and continuing thru May 10, Dr. D. E. Greene, city health officer, stated today.

Due to the later advent of spring in this area, the observance here has been set here a week later than the week starting April 26 as proclaimed by Governor C. Elmer Anderson.

At the same time, Dr. M. D. Starekow, Pennington county health officer, called on residents of the rural areas of the county to remove or destroy all unsanitary and unsightly accumulations of material.

The governor's proclamation reads in part as follows:

"We in Minnesota are fortunate in being able to live in a state which has great natural beauty. And in our good fortune, we also have a responsibility to keep and maintain the many beautiful aspects of our state.

"In working to keep our parks, our playgrounds, our streets and our own back yards clean, each of us can contribute to a more beautiful and healthful state. This we owe to ourselves and to the generations which will follow us.

"If each of us will do our part in cleaning up our state, a great deal can be accomplished and I hope that every effort will be made to implement this annual spring endeavor, and that everyone will join in it.

"I urge that all public officials, civic organizatoins and individual citizens assume a role of leadership in this project, so that Minnesota will become a better place in which to live."

Group Formed to Seek Bigger Arena

Orrin Hall, Mrs. Clinton Are Named Co-chairmen

At a meeting Monday night in the Rex Cafe, attended by representatives of nearly a dozen civic groups, initial steps were taken to organize for a campaign in support of building a two-story addition at the rear of the arena to provide facilities for youth recreation.

Orrin Hall and Mrs. Frank Clinton were named co-chairmen, with Walt Kavanaugh as secretary. A publicity committee also was appointed, consisting of Lloyd Spray, chairman; Mrs. Don Lawrence, Mrs. George Baken and Doug Tegtmeier.

Arrangements were made to submit the proposal to the city council at an adjourned session last night.

Three Local Men Inducted Apr. 19

Inducted into the U. S. Army April 19 thru the local selective service board were Roger Dorn and Jack Erickson of Thief River Falls and Mike Hajostek Jr., a transfer from Stevens Point, Wisconsin. At Women's Club Convention in City

The group of women pictured above played prominent roles Saturday at the convention of the Ninth District Federation of Women's Clubs held in Trinity church. Shown left to right are Mrs. Don Lawrence, president of the Thief River Falls host club; Mrs. M. W. Kiesau of East Grand Forks, past district president; Mrs. E. R. Starkweather of St. Paul, president of the state federation and principal speaker at the convention; and Mrs. N. K. Scherer of Karlstad, newly elected district president.

$1,800 in Merchandise Prizes to be Auctioned in Arena May 1st at 7

Two major events in Thief River Falls this weekend will be a huge farm implement and automobile fair Friday, and an auction of $1,900 worth of valuable merchandise prizes in the arena Saturday evening at 7 o'clock, in which store patrons will bid for the articles using the Auction Dollars they have been accumulating with their purchases during April.

The auction originally had been scheduled for the fair grounds, but the danger of inclement weather caused the shift to the arena. Fred Bruggeman and Andy Anderson, local auctioneers, will cry the sale, and will be assisted by a large group of workers to expedite matters.

Nearly a dozen implement and automobile dealers are joining forces to display in the neighborhood of $500,000 worth of farm machinery and cars on Friday. The fair will be held on LaBree av. from First to Third sts., the area being roped off for the occasion.

Residents of the area will be afforded the opportunity of seeing all popular lines assembled in one place, thus enabling them to compare the strong points of the various makes of automobiles and implements.

Ninth District GOP Convenes Here May 5

The Ninth district Republican convention will be conducted in Thief River Falls next Wednesday, May 5, Fred Behling of Moorhead, district chairman, announced this week.

Alvin Christofferson, who is handling local arrangements, stated that the meeting will be held in the Eagles auditorium, the municipal auditorium not being available that day.

The convention will get under way at 10 a. m., with Morris Nelson of Fosston, Polk county chairman, serving as temporary chairman. Business to be transacted included the election of district officers and the adoption of resolutions.

Principal speaker will be Val Bjornson, state treasurer, who has announced his candidacy for the Republican nomination for United States senator in the September primary election. He will discuss agricultural issues in the coming election.

The Ninth district embraces counties north from Wilkin to the Canadian border.

80 Insurance Men at Meeting Here

Regional Session Held at Golf Club April 20

Eighty insurance men from 11 counties attended a regional dinner meeting April 20 at the Thief River Golf club. Included were 45 agents, 33 fieldmen and two officials of the Minnesota Association of Insurance Agents.

Speakers included C. A. Bardessona of Hibbing, chairman of the executive committee of the state association, and George W. Bloomgren of Minneapolis, secretary-treasurer, while a group of members participated in a panel discussion dealing mainly with hail insurance.

Local arrangements for the meeting were made by E. O. Peterson and Stanton R. Dahlen.

R. Burtness Heads District No. 1 FFA

Named President Monday at Crookston Meeting

Richard Burtness of Thief River Falls was honored Monday at Crookston by being elected president of District 1 of the Future Farmers of America.

The election took place at the annual district meeting, which attracted an attendance of 300 for the business session and banquet in the Methodist church. District No. 1 comprises 24 FFA chapters in Northwestern Minnesota.

In connection with the meeting a general livestock judging contest was held, with the Thief River Falls team placing second. The local team includes Roger and Stuart Solem and Jerry Hunt.

Bonus Offered on Auction Dollars Today Thru Friday

Local merchants distributing Auction Dollars today renewed their offer to give a $10 Auction bill and an extra Auction Dollar for every ten turned in today, Thursday or Friday. Store patrons who cooperate, it was pointed out, will thus get rid of unwieldy accumulations of the script. It also was suggested that holders of Auction Dollars arrange them in packs of 100 to facilitate counting.

2 Candidates File for School Board

R. S. Eidevik and Mons Engelstad Enter Names

Two local men filed during the past week as candidates for the board of education in School District 18 in the election to be held Tuesday evening, May 18.

Those entering their names are R. S. Eidevik, manager of the local office of the state employment service, and Mons Engelstad of Rocksbury township.

Andy Williamson and Fred Koop, the two incumbents whose terms are expiring, have indicated that they do not plan to seek re-election. The filing period ends Thursday, May 6.

Seek Curtailed Service on Wheat Line in N. Dakota

A hearing on a Soo Line application for curtailment of service on the Fordville-Kenmare branch of the Wheat Line will be held at Rolette, North Dakota, May 26, according to an order issued by Carl Brandt, chairman of the North Dakota Public Service Commission. The company is asking permission to reduce the daily-except-Sunday service to three days a week. This proposed curtailment of service is being opposed by shippers and by the railroad brotherhoods who are represented by Jack Hanson of this city as chairman of the joint committee.

RUTH SENSTAD IN PLAY AT CONCORDIA

Ruth Anne Senstad, daughter of Mrs. A. M. Senstad of this city, will portray the part of Xantippe, the wife of the philosopher Socrates, in the Concordia Theatre's spring production of "Barefoot in Athens." The play will be given in the college chapel in Moorhead May 7 and 8. Ruth is a junior at Concordia.

Legion Auxiliary Announces Plan to Aid School Patrol

Unit to Get Commission on Sales of Cake Mix in 5 Stores April 30, May 1

Members of the American Legion Auxiliary today urged local citizens to support a fund-raising plan which will involve no donations but will aid the Auxiliary unit in supporting what has been termed "the greatest safety training program in America."

The plan outlined by Mrs. Geo. Baken, unit president, provides for the manufacturers of a well-known cake mix to pay the Auxiliary five cents for every package of their product sold in five local stores next Friday and Saturday, April 30 and May 1.

Funds raised by this plan will be presented to The American Legion, Department of Minnesota, to be used in the construction of a safety training center called "Legionville." This camp will be a training center for the leaders of the young members of the school safety patrol program operating in almost every school in Minnesota.

"This is one phase of our over-all safety program that has proven its measure," reported Earl M. Larimer, chief of Minnesota's highway patrol. "Not a single youngster has been the victim of a traffic accident at a school corner controlled by these serious-minded school safety patrol officers. We in the patrol heartily approve of the training offered by the American Legion for the school patrol leaders."

The American Legion conducts a summer camp at the Crow Wing county fair grounds, but the program has outgrown those facilities so the organization is planning a $60,000 camp on Long Lake near Brainerd.

Members of the local Auxiliary will be present at a special display of the cake mixes in various stores, urging buyers to contribute to this worthy cause by their purchases.

175 Women Attend Ninth Dist. Federation Meeting in T. R. Falls Saturday

Approximately 175 club women of the ninth district of the Minnesota Federation of Women's Clubs met Saturday in the Trinity church to report activities for the year and elect five officers.

Mrs. N. K. Scherer of Karlstad was elected president to succeed Mrs. M. W. Kiesau of East Grand Forks, who has completed her two-year term. Mrs. John Michels of Breckenridge was named second vice president; Mrs. Robert McWaters of Crookston, treasurer; Mrs. Harry Larson of East Grand Forks, auditor, and Mrs. Howard Peet of Barnesville, historian. It required a vote to suspend the by-laws making an officer ineligible for reelection after a two-year term, in the case of the historian.

Mrs. Kiesau called the convention to order and invocation was given by Interne Carroll F. Ellertson. The flag ceremony was given by the Thief River Falls Girl Scouts Senior Troop No. 20. Tribute to the flag was given by Mrs. Jack Edmiston and the club collect a trio from the Monday study club of Stephen. Mayor Agnes Israelson welcomed the convention and Mrs. D. E. Lawrence, president of the Thief River Falls Woman's Club, host group, greeted the visitors. Patricia Lane of McIntosh responded.

Named on the resolution committee were Mrs. N. L. Burton of Breckenridge, Mrs. Oscar Ohnstad of Warren and Mrs. C. F. Behr of Crookston.

Covered in one-minute reports from clubs were activities involving welfare, safety at home and on the highways, youth projects at home and abroad, health, education in the field of religion and adult, library support and community projects.

Participation in community affairs played an important part leading up to a luncheon address by Mrs. Coya Knutson of Oklee, state representative, who discussed the club woman's part in public affairs.

She said the women have distinguished themselves in every field of home and business, with the exception of holding public office. They have met and conquered problems shoulder to shoulder with men. They are needed in governmental affairs to broaden their own horizons beyond the kitchen or office walls. Until they do, public affairs will be lacking in the insight and attention they can give.

Mrs. Knutson described the working of the legislature, how women lobby, and their objectives, "Lobbyists, in the main, and pressure groups, are welcomed for they frequently point out important matters needing legislative attention," she said.

Mrs. Lawrence presided at the luncheon served in the basement of the Trinity Lutheran church. The theme of luncheon was "Americanism." Flowers for the tables were furnished thru the courtesy of Mostue's Flower Shop and the Thief River Falls Civic and Commerce assn.

Mrs. E. R. Starkweather of St. Paul, president of the state federation, was guest speaker. She told the women in speaking of their work with youth, "Youth learns respect for law in the home, and that is where his basic principles of government are acquired. A boy who will defy his father, will do the same to a police officer. He also learns by example and the parent who ignores traffic laws, speed laws and stop signs, is setting an example which frequently affects other than traffic laws."

The youth of today she said is just as capable as those of any generation but they have to fight harder to uphold their rights. It takes courage for a 17 year old to go home at midnight when the rest of the crowd is going to stay until 2 or 3 a. m."

She urged the club women to analyze their objectives and consider their programs to see whether they come under the heading of self-betterment or service, also to look at themselves through the eyes of their own community and determine their standing and question whether or not they have lost the appetite for work.

Presented at the afternoon session was Mrs. Floyd McDunn of Pelican Rapids, past district president, now serving as first vice president of the state organization. Mrs. McDunn has been endorsed as a candidate for state president.

Mary Lou Vanderble of Crookston, winner of the conservation essay contest, read her paper.

Music played an important part in the program. Miss Ruth Hole of Fosston accompanied by Mrs. Arvid Magelson sang two Norwegian songs. Singer and accompanist wore Norwegian costumes.

Mrs. Walter Pederson of Thief River Falls directed the community singing at the luncheon and later sang two solos, with Miss Judith Halverson as her accompanist.

Linda Wold of this city played a trumpet solo and the Stephen Study club was represented by a trio which sang. It included Mrs. Beaven Carlson, Mrs. C. A. Grove, and Mrs. Earl Hvidsten, with Mrs. Burt Walker accompanying.

A pageant was arranged by Mrs. Robert Robarge and presented by the Allegro group of the Thief River Falls club under the direction of Miss Elaine Bessler, entitled, "Around the World Through Music." Children who appeared in costume representing racial groups were: Gail and Burton Emanuel, Susan Starekow, Bonnie, Julia and Leon Borchert, James Burke, Richard Sjoberg and Richard Reierson.

For the memorial service conducted by Mrs. Esther Skatrud, Opal Mathison was soloist with Sylvia Kjos accompanying. All are of Warren.

Carol Anderson and Sharron Nightengale both of Ada, presented two comedy skits as entertainment features.

At the close of the session, Mrs. McDunn installed the new officers. The hostess club entertained at a tea with Mrs. Scherer and Mrs. Israelson pouring. Miss Judith Halverson provided background music during the tea.

In addition to committees named last week Mrs. W. W. Prichard and the Current Events group with Mrs. A. J. Borry chairman assisted in registration.

Lloyd L. Peterson Married April 17 at Clinton, Iowa

In First Congregational church in Clinton, Iowa, April 17, Miss Carol Weissenburger, daughter of Mr. and Mrs. E. F. Weissenburger of Clinton became the bride of Lloyd L. Peterson Jr., son of Mr. and Mrs. Lloyd L. Peterson of Dubuque, formerly of Thief River Falls. Rev. Byron Wright heard the vows in the company of relatives and friends of the young couple.

Given in marriage by her father, the bride wore an exquisite ballerina gown of white Brussels lace over lustrous satin, designed with a hoop skirt and bouffant lace overskirt. Her fingertip veil of imported illusion fell in graceful folds from a pearl studded cap, and she carried lillies of the valley centered with a white carnation and trailing ivy.

In the bridal party were the maid of honor, Miss Linda Coffin, wearing a ballerina gown of jonquil yellow paper taffeta and styled with a hoop skirt. She carried purple violets.

Immediately following the marriage ceremony, a reception was held in the church parlors, with the wedding dinner layed in the Clinton Country club for the immediate families of the bridal couple. They will fly to California where the bride will remain with her husband until he leaves for overseas duty.

The bride, who is a graduate of Clinton high school, is at present a sophomore at Rockford Ill. Her husband, also a graduate of Clinton high school, attended the State University of Iowa for two years and is now in the air force awaiting orders for Korea.

After moving to this city Mr. Herron held the position as head sawyer for the Winton Lumber Co. Mrs. Herron was an active member of St. Anne's Court and the Women's Catholic Order of Foresters. Also omitted was the fact that 13 grandchildren and 11 great grandchildren also survive.

"Stranger In Paradise" Theme For School Prom

"Stranger In Paradise" was the theme chosen for the Junior-Senior prom held April 24 in the Lincoln high school gymnasium. Pastel shades of green, blue and pink were carried out thru streamers, programs, balloons, napkins and flowers. The interpretation of a land of paradise was emphasized in stars, a planet, crescent moon, silhouettes and palm trees decorating the room.

The evening began with a buffet supper prepared by the junior mothers and served by the sophomore girls, from 8:00 until 9.00.

Arvid Wedul and Carol Bjorkman let the Grand March into the prom room at 9.00 and dancing to the music of Ray White and his 8 piece orchestra from the University of North Dakota continued until 1:00.

Master of ceremonies Ronald Stenerson introduced members of the sophomore class who presented the entertainment part of the evening. Carol Carlson, Muriel Trickle, Diane Boen, Celestine Votava, Connie Rawerts and Marilyn Odegaard presented a version of the modern dance. Duane Rafteseth, freshman at the University of North Dakota and a member of the 1953 Lincoln high school graduating class sang two vocal solos, "Stairway to the Stars" and "A Kiss to Build a Dream On." Janet Nelson accompanied him. A piano solo "Ebb Tide" was played by Devera Borchert. A comedy band and vocal number "Cross Over the Bridge" by band leader Eddie Filiatrault and Kenny Pearson, Tommy Amren, Donald McElwee, Jerry Hendrickson, Jimmy Johnson, Glen Carlson, Ronald Lawrence and Erean Jones closed the entertainment for the evening.

Lincoln Musicians to Join in District Festival Saturday

Lincoln high school groups, including the band, chorus and glee club, as well as smaller units and soloists will journey to Crookston Saturday to compete in the District 31 music contest for the right to take part in the state area festival in Thief River Falls May 7 and 8.

Participating in the area event here will nearly 1500 young musicians, representing 30 schools, who win "A" ratings at district festivals being held at Argyle, Warroad, Fosston, Fertile and Crookston. Soloists and ensembles will be heard Friday, May 7, with bands, glee clubs and orchestras scheduled Saturday, the event ending with an evening program of selected small groups and soloists.

Groups from Lincoln high school which will be competing at Crookston include the band, quartets made up of clarinets, trombones, flutes and French horns, drum ensemble, cornet trio, chorus, girls' glee club, boys' octet, girls' sextet and madrigal singers.

Soloists taking part include Karen King, piccolo; Pat Wold, flute; Joyce Helgeland, oboe; Beverly Wegge and Marlion Hafdahl, clarinet; Marshall Simons and Linda Wold, cornet; Shirley Wik, French horn; Geraldine Swick baritone; Kathleen Walker, tuba; and Janet Nelson, Bonnie Meyers and Delys Kellberg snare drum; and Janet Nelson and Ara Peterson, piano.

Vocal soloists include Gail Brown, Durelle Newbury and Floyd[illegible] Ulstrom, soprano; Karen Ki[illegible] and Ara Peterson, alto, Darrell Rude, tenor; and James Erickson, Gene Bratsch and David Thompson, bass.

Judges of the Crookston festival will include John Howard, University of North Dakota, instrumental; and Ernest Van Vlissingen, North Dakota Agricultural college at Fargo, vocal.

Pennington county 4-H clubs are holding their annual play and music contests this week. Elimination contests were held at Goodridge on Monday and Tuesday, at St. Hilaire on Tuesday and Steiner this evening.

The final contest will be held on Monday evening, May 3, at the Lincoln high school auditorium, beginning at 7:30 p. m. At this time one winning play and one winning music number from each of the four elimination contests will compete for the county championship. The good grooming contest will be held the same evening as the finals, beginning at 6:30 p. m.

A small admission fee will be charged.

Rev. Clausen New Lincoln PTA Head

Elected Tuesday Night to Succeed Rev. Mead

The Lincoln high school PTA unit in its anual election Tuesday evening named Rev. W. P. Clausen, pastor of St. Johns Lutheran church, as president, succeeding Rev. E. C. Mead, who presided at the meeting.

Others elected include Ted Mills, vice president; Miss Mary McNellis, secretary; and Dr. J. W. Ewing, treasurer.

The program included two selections by Floydeen Litstrom, accompanied by Janet Nelson, and the showing of a film supplied by the local Odd Fellows lodge, "Youth Pilgrimage to the United Nations".

Floydeen Litstrom to Go to Girls State

Miss Floydeen Litstrom daughter of Mr. and Mrs. Floyd Litstrom of this city, was elected by her junior classmates of Lincoln high school to attend the American Legion auxiliary Girls' State to be held at St. Paul the week of June 17-24.

Primary purpose of Girls State is to provide citizenship training to high school girls by actually participating in the democratic process. A series of election of municipal, county, and state officials will be held, with students conduction their own political campaigns.

The girls will be given an opportunity to meet various state officials, including Governor Anderson. A well-rounded program is planned, including recreation and music.

Elected as alternates were Gloria Johnson, daughter of Mr. and Mrs. Norman Johnson of rural Thief River Falls and Marilyn Waale, daughter of Mr. and Mrs. Hans Waale of this city.

Miss Litstrom's trip to Girls State is sponsored by Eklund-Holmstrom Unit of the local American Legion Auxiliary.

Rev. Mead Holds Mahnomen Rites for Dr. Rodwell

Rev. E. C. Mead was called to Mahnomen on Monday to officiate at Masonic services for the late Dr. C. W. Rodwell, the oldest Mason in Minnesota as well as the oldest physician. The services were held in the high school auditorium and were largely attended.

Dr. Rodwell was also a member of the American Legion, having served in World War 1, and the local post of the American Legion formed the honor guard for the services. The body was taken to the Ft. Snelling national cemetery for interment.

Rev. E. C. Mead will give the principal address at the dedication ceremonies of the new auditorium gymnasium at Lancaster to be held on Friday evening, April 30. The new structure is a much needed addition to the school system of that community.

Jewel Box Holds Watch Contest to End May 15th

People always have been fascinated by seeing what makes a watch tick. This was the inspiration fro a unique watch now being shown for the first time at the Jewel Box. It's the Wyler Double-View, featuring a transparent crystal back that lets you look right in and see the movement tick.

To launch these watches for graduation, Phil Hess at the Jewel Box is holding an easy-to-enter contest among graduating seniors. Students submit their guesses as to how many miles a Wyler balance wheel travels in a year.

The correct mileage is listed along with many other figures on a contest board. The girl and boy making the closest guess wins a Wyler Incaflex watch. The winners will be announcer on May 15th.

Lincoln Students in Attendance at State Convention

Distributive Education Club Members Attending Session in Minneapolis

Members of the Distributive Education club of Lincoln high school will participate in the first annual state convention of the Minnesota Diversified Vocations club. This state organization is sponsored by the vocational division of the state department of education. The meetings will be held today at the Curtis Hotel in Minneapolis.

In general purpose and organization the MDVC is comparable to the Future Farmers and Future Homemakers of America. It is a state association of school clubs for students participating in part-time occupational training programs.

This program, which is a part of the curriculum of Lincoln school, recognizes that all education does not take place in school. In addition to classroom instruction students are given an opportunity to apply what they have been taught through actual on-the-job experiences in retailing, selling, office or miscellaneous trades occupations. The program in the local school is coordinated by Mary C. McNellis.

In addition to serving as adviser to the local club, Miss McNellis is also a member of the executive board of the MDVC. She will attend the convention together with five members of the local club, including Robert Sculthorp, president; Barbara Black, Zona Boiswenger, Phyllis Alby and Joanne Johnson.

65th District DFL Group to Be Set up

Meeting Held at Oklee Last Thursday Night

More than 60 persons attended an organization meeting of the 65th district Democratic-Farmer-Labor committee at Oklee last Thursday evening, it was announced by C. J. Richards, publicity chairman of the Pennington DFL group.

It was voted to authorize the chairmen of the party in the three member counties to appoint a nine-member executive committee, including themselves. Chairmen include Roy E. Wiseth, Goodridge, Pennington county; James Carmody, Red Lake county; and Robert Pearson, Gonvick, Clearwater county.

The committee was instructed to hold its organizational meeting not later than May 20.

Nearly 700 Attend AGSCO Show Friday Evening

A gathering of nearly 700 people attended the Bemis Bag fashion show held Friday evening in conjunction with the Agsco Good Neighbor Night in the city Auditorium.

Garments which were featured during the fashion show included sports clothes, house dresses, sleep garments, children's clothing and formals. All outfits in the show were made from cotton feed bags.

Modeling were 4-H girls from Pennington county 4-H clubs, and students from Lincoln high school. Commentator was Phyllis Evanstad, English teacher.

T. R. Menges from the Bemis Bag Company was in charge of the fashion show, assisted by Harriet Overboe, home economics teacher, and Marge Olsen, county home agent.

Donald McKibben to Head Knox PTA

Officers Elected at Annual Meeting Monday

The final meeting of the year for the Knox PTA was held on Monday evening at the school auditorium. The following officers were elected for the coming year: President, Donald McKibben; vice-president, Paul Rismoen; secretary, Mrs. Grundy Aakhus; and treasurer, Mrs. Bert Mosleth.

A unique doll and clothing exhibit was presented by Miss Olga Bloomsness' 3rd grade class as a culmination activity of the children's social studies unit on clothing. Included were dolls of all nations illustrating costumes of the different countries.

Two vocal solos were sung by Gene Bratsch, accompanied by Janet Nelson at the piano. A talking safety film, "Your Police", was shown and demonstrated the various ways in which the police are constantly vigilant in protecting the community.

Miss Holmes' 1st grade class and Miss Bloomsness' 3rd grade class tied for the attendance prize.

Co-chairmen on the lunch committee were Mrs. Steve Austin, Mrs. Clarence Isacson, and Mrs. John E. Jaranson. Other hostesses included Mrs. Donald Pream, Mrs. Kenneth Borsheim, Mrs. Art Dicken, Mrs. Alvin Aaseby, and Mrs. D. M. Travenick.

Infant Daughter of J. Iversons Dies in Florida

Funeral services for Kathleen Renae Iverson, infant daughter of A1 C and Mrs. James Iverson, were held Thursday afternoon at the Brownlie Funeral Chapel in Melbourne, Florida. The baby was born at the Air Force hospital at Patrick Air Force Base, Cocoa, Florida, Tuesday evening, April 20, and lived a little more than an hour. Chaplain Jerry E. Moe officiated at the service and interment was made in the Brownlie Chapel plot.

Besides her parents, the baby is survived by her two grandmothers, Mrs. Thea Iverson of Middle River and Mrs. Ruby Thortsen of this city; her great-grandparents, Mr. and Mrs. Carl Foss of Badger and Mrs. John Olson of Bemidji, two uncles, Maynerd Iverson of Thief River Falls and A3 C Wayne Thortsen, Spangdahlem A.F.B., Germany; also an aunt, Miss Aloyce Iverson of Middle River.

Motor vehicle accidents in the United States killed 38,000 persons in 1952. In the same year, cancer killed 220,000.

Rev. Abbott Heads Washington PTA

Interesting Program Given Monday Evening

The Washington PTA held its regular meeting Monday evening, April 26. The nominating committee consisting of Mrs. Olaf Dahlen, Mrs. Raymond Bren and Mrs. Tom Waale presented the slate of officers for 1954-55, who were elected as follows: Rev. Robert Abbott, president; Mrs. Frank Smith, first vice president; Mrs. Quentin Jones, second vice; Mrs. Robert Nick as third vice; Mrs. Wm. Soeby, secretary; and Mrs. Reo Olsen, treasurer.

Oscar Hoglin and Rev. Robert Abbott gave a report on the school board meeting they attended in regard to the building of Washington school.

The Odd Fellows and Rebekahs sponsored a film entitled "Youth and United Nations".

The entertainment was provided by a small German band, consisting of the band members from the high school band, who presented some German melodies.

The big event of the evening was an auction sale with John Whisler, John Eisbrener, Robert Nick, and Oscar Hoglin as auctioneers and Mrs. Margaret Race as clerk. Over forty dollars was brought in as a result of the sale.

PUBLIC OPINION

Editor, Times:

With the coming of warm weather gangs of deaf peddler-beggars are invading Minnesota. A short time ago several of them driving a car with Missouri license plates stopped at New Ulm. One of them entered the office of the editor of the New Ulm Daily Journal and dropped a card on his desk. It read:

"Ladies and Gentlemen—Pardon my intrusion. I am a deaf-mute and unemployed. Selling this is my sole support for my family. Each sale is apprated. May God Bless You. Pay What You Wish. THANK YOU."

The editor fished out a nickel and handed it to the man, intent on getting rid of him. After he had gone, the editor wondered about the fellow's trade and bolted out the door after him in pursuit. He soon caught up to him and found that he had a partner. There was a woman with them too. It was found they were vagabonds, traveling from town to town, living off a gullible and soft-hearted public.

There are many like these. They are trained by unscrupulous leaders from a central headquarter, the nerve center of the whole wide-spread racket. These peddler-beggars are recruited from the young and irresponsible element of the deaf. They are not Minnesota people.

The Minnesota Association of the Deaf and the National Association of the Deaf want you to know that the use of deafness to prompt sympathy is condemned, vigorously condemned, by the deaf everywhere. At the request of the Minnesota Association of the Deaf the 1953 State Legislature passed a law, Chapter 310—H. F. No. 888, that makes it a misdemeanor to sell or distribute alphabet cards while begging or peddling.

The Minnesota Association of the Deaf in convention assembled issued a mandate to its officers to put an end to the nefarious racket of beggar-peddler gangs in the state. These people come with some cheap article, often band-aids or alphabet cards, asking help to support a usually non-existent family. They obtain money under false pretenses.

We ask your help to rid the State of these gangs. When they approach you in resturants, taverns, or elsewhere, do not give them money. Give them the thumbs down sign! Report them to the police who have been alerted. Remember some of these people who pose as deaf are impostors, fakers. Others are deaf who could be working. The deaf of the United States have attained a high degree of success by honest endeavor. They are capable workers. They ask no sympathy, want none.

Yours very truly,
Wesley Lauritsen, Pres.
Minn. Assn. of the Deaf

Assemblies of God Plan Dinner Friday Evening

The Rex Cafe will be the scene of a banquet at 6:30 p. m., on Friday evening, April 30, sponsored by the Assemblies of God Tabernacle Sunday school for its staff, teachers, substitutes, and companions. CHATTING with your HOME AGENT

Marge Olsen

I hope that many of you are planning to attend the Homemakers Achievement Day next Tuesday, May 4. This even is the day when Pennington county homemakers enrolled in the home program get together to observe National Home Demonstration Week May 2-8.

The week is an appropriate time to give special attention to the county's program of education for better homemaking. The program is known in Minnesota as the extension home program, and it is a part of the nationwide home economics program that is probably the most far-reaching voluntary educational movement for women.

Women who are taking part in the program study almost every phase of homemaking and family living. They select from a wide range of topics in the field of nutrition, food and clothing, home management, home furnishing, consumer buying, home safety, and child guidance and development. This year the twenty-five homemaker groups of Pennington county studied pressure saucepan meals, sewing machine attachments, foundation garments, reupholstering and house plants.

In Pennington county the past year, 103 volunteer, unpaid leaders helped to forward the extension home program, making a real contribution toward better living for families in the county.

You need not be a member of the homemakers group to attend Achievement Day. The talk on "Dressing Well on a Low Budget" by Miss Athelene Scheid of the University of Minnesota, the display featuring work done in the lessons studied during the year, and the program of music I know will interest you. I hope you will come.

Control Wireworms

You probably know about wireworms—they're among the worst insect pests your garden can have. Until recently, wireworms have been hard to check. But now, I believe modern methods and new insecticides help you do an efficient control job.

According to A. A. Granovsky, professor of entomology at the University of Minnesota, worst wireworm damage happens early in spring when they may cause a failure of corn and small grain germination by boring into sprouting kernels or seed.

They also tunnel through underground stems and roots of young plants. These little damagers are the immature forms of the click beetle and they range from less than a half inch to almost two inches long. They are hard, wirelike, segmented, shiny and may be either thin or flat.

You can check wireworms by several methods or a combination of methods. For example, in gardens you can trap wireworms by planting cull potatoes about three inches deep, two feet apart within the rows, and in rows three to four feet apart.

Wireworms will invade the cull tubers and you can dig them up two to three weeks after planting and destroy them—and the wireworms inside, of course.

Chemical control also is popular especially on high-value land. New insecticides offer low cost control. You can use spray or dust, and on large areas you can use aerial application.

You can also mix them with fertilizers and broadcast or side-dress or band fertilize, this saves application costs. For the latest scientific advice on how to control wireworms, come in and get the Extension folder 170, How to Control Wireworms.

Can You Raise Malting Barley?

The closing date for entry into the Pennington-Red Lake County barley growing contest is just around the corner. Two hundred dollars has been allotted to each contest by the Minnesota Brewers Association to be distributed among the ten highest placed growers. This is an opportunity to check the quality of malting barley you can produce and win a prize too.

If you are interested I have necessary information in my office or you can sign up at the elevator where you do your business.

Tailor Trench Silo to Herd Size

Tailor the trench silo to the size of the herd you plan to feed from it. Well-packed grass silage will weigh 40 pounds per cubic foot and each "animal unit" will eat about a cubic foot a day. An "Animal unit" is one dairy cow in milk, or one beef animal, or two dairy heifers, or one and a quarter fattening steers. This tip comes from Rodney Briggs, the University's extension agronomist. We have complete information on how to "tailor" a trench silo to fit your feeding needs.

Weed Publication Available

It's a regular "dictionary" of weeds—the new 240 page booklet, "Weeds of the North Central States," prepared by weed specialists in 13 states, including our own University of Minnesota—and the U.S.D.A. It has pictures of 200 weeds found in our area and a full description of each. For your copy, order from the Bookstore, Institute of Agriculture, University of Minnesota, St. Paul 1, enclosing cash, check or money order. A paper-bound is 75c and the cloth-bound copy $1.25, plus 15c postage. They're both the same inside, of course—only the binding is different.

Pioneeer Days in This Area

By Oldtimer

During the late '90's more people arrived in the community on Tryall Ryggen, including Tom Holten, S. S. Nordgaard, Severt Ostgaard, A. Bloomquist, Albert Thorson, Olaf Westby and Lars Backe. Farming was the occupation of all the above named except Olaf Westby and Lars Backe, who were young men and they worked on the large farms.

I have often wondered what became of the fine sleigh bells that were used on the horses' harness. The bells were usually imported from Europe and they were used in sets of three and tuned to make very pleasant music as the horses moved along. There should be some of those old bells to be found in the old barns and machine sheds. It was a pleasure to see a team of horses dressed in new harness with bells and red tassels.

One time during threshing season widow Larson's little girl Esther was lost. The Larson family lived on a homestead east of the John Carlson place. There were brush fires in the vicinity and it was feared that the little girl had wandered into the fire. There were two threshing outfits in the vicinity, and when they heard that a little girl was lost, the machines were stopped and the men of the two crews continued searching until Esther was found the next day, unharmed by fire or wild animals.

I remember the morning at school in April, 1898, when Mrs. Berthsaum, the teacher, announced that the United States had been at war with Spain since April 21st. This information was then a couple of days old, since news did not travel as fast as it does in this day. President William McKinley had called for volunteers. Several young men in the community volunteered for military service.

The hostilities were ended by a signed protocol dated August 12, 1898. When the soldiers returned there was a general fear of a smallpox epidemic. Orders were issued that all citizens should be vaccinated. Doctors came from Crookston and they visited each school house on a certain date, when young and old stood in line to be vaccinated. The vaccination was evidently effective because there were no cases of smallpox in our community.

At the turn of the century S. S. Nordgaard operated a good general store near the Gust Nakken home. The store was known as Gustville, where the population gathered to hear the news, swap stories and talk politics. The country general store with its varied merchandise, such as plug tobacco, Old Tom, herring, and horse collars, had its place in pioneer life, and many good ideas were discussed around the cracker barrel.

The Rindal Lutheran Church was built during the summer of 1900, Rev. August Bredesen was the pastor. This church is still being used by the same congregation. When this church was built it was facing west, but during later years it was turned to face east and remodeled.

To be continued.

Lincoln Trackmen to Enter Dragon Relays

Due to the fact that the district music contest will be held at Crookston on Saturday, coach Quentin Jones will be forced to shuffle the squad of Prowler trackmen he will enter in the Dragon Relays on Saturday. Several of the prospective Prowler track point-getters will be competing in the music contest and will not be available for track duties.

According to present plans, coach Jones intends to enter Art Johnson and Bob Helgeland in the discus throw; Helgeland, Ray Berg, Jim Sauve, and Jack Quesnell will run in the sprint medley; and Helgeland, Mark Bjorkman, Sid Vraa, and Ray Berg will be entered in the 880-yard relay. The relay events will be run on Saturday evening, with the sprint medley scheduled for 7:30 p. m.; and the half-mile relay at 8:30 p. m.

In a spectacular finish to the ninth annual Sioux Relays at Grand Forks on Saturday, the five-man Pelican Rapids squad, by winning the meet's final event, the 880-yard relay, edged out the defending champion Bemidji Lumberjacks, 23½ to 23 points.

Only two records were broken, with a slow track and cold weather handicapping the performers. Moorhead's Rudy Arechigo broke the mile record set by Valley City's Larry Rohde in 1952, with the Moorhead runner setting a mark of 4:43.5. Bemidji's Elmen Johnson accounted for the other new record when he better the high-jump mark he established last year. Johnson leaped 6 feet, ½ inch, to shatter his record of 1953, when he jumped 5 feet, 10½ inches.

Coach Jones' Prowlers picked up 8 7/10 points on Saturday to finish in tenth place in the team totals. Art Johnson had a second place in the discus, and Bob Helgeland added a third place in the same event; Jack Quesnell tied for fourth place in the 880-yard run; Lyle Guttu earned a fifth place in the pole vault; and Dick Odegaard tied for fifth place in the high jump.

Color Consultant to Give Lecture in Auditorium May 6

Paint & Glass Supply Co. to Sponsor Appearance of Betty Moore at 2:30

"The Story of Color" is the theme of a new type of lecture to be presented by Betty Moore at the city Auditorium in Thief River Falls, at 2:30 p. m. on Thursday, May 6th. Tracing the progress of color from the beginning of history up to the present time, Miss Moore reveals many fascinating and little-known facts about color and its influence on everyday living.

Of special interest to the women of Thief River Falls, will be her interesting display of contemporary color schemes. She will describe these in detail, along with suggestions as to how they may be applied to individual homes.

Betty Moore, color consultant for Benjamin Moore & Co., paint manufacturer, studied at the University of Colorado, and is a graduate of Pratt Institute in New York. She has been associated with leading color consultants working actively in the color and interior design field for a number of years. Her visit to Thief River Falls is being sponsored by the Paint & Glass Supply Co., of this city.

Bowling Champions

The men's city bowling association will hold its annual meeting and awards banquet on Monday evening, May 3rd, at the Elks Club.

The four men's bowling leagues completed their schedule this past week, and the champions in the various leagues were: Service League—Ace Hardware; Business League—Northern Chevrolet; Commercial League—St. Hilaire; and City League—Smiley. The individual team members, and who will be given championship awards on Monday night, are, for the Ace Hardware—Ray Mattson, Shorty Perkins, Gene Leslie, Bun Brossoit, Sid Vraa, and Larry Gilbertson; for the Northern Chevrolet—Phil LeGault, Berdern Nornes, Ray Bahls, Emil Dostal, Bob Carlson, and Wally and Jesse DuChamp; for the St. Hilaire team—Connie Swanson, Klem Gilstad, Vern Lindquist, Nicky Drees, Joe St. Michel, and Ray Grumbo; and for the Smiley township team—Millard Peterson, Truman and Einar Hemmestvedt, Stan Szymanski, S. Knutson, and Ted and Junior Lendobeja. It's somewhat of an oddity, that there wasn't a city bowler who could gain a place with more than one championship team. That speaks well of the balance of the various leagues.

Incidentally, that city singles bowling championship finals match, a six-game total—pins affair, between Wally DuChamp and Del Harbott will be rolled on the Play-Mor alleys this evening at 7:30 p. m. Adding a bit of spice to the program will be the match between Jesse DuChamp and Phil LeGault to decide third place in the tournament rating. And, too, it is reported that Jesse and Phil will take on Wally and Dell on a total-pins basis.

A Sports Fan

Our nomination for the local sports fan who witnesses more of the nation's "big time" sports events than any other fan goes to Jim Walker. In his travels around the country, Jim always manages to find time, and the tickets, to attend various events. For instance, a short while ago he was in Chicago and saw the Bobo Olson and Kid Gavilan middleweight championship bout. Jim was impressed by the workmanlike manner in which Olson defended his title, and he, Jim, doubts if Gavilan would ever be able to score a win over the champion.

A few days later, Walker was in Detroit, and was one of the more than 15,000 fans that jammed into the Olympia rink for the finals game of the Stanley Cup hockey series. The game, which was titanic throughout, went into overtime and was won by the Detroit Red Wings on Tony Leswick's goal, giving the Wings a 2 to 1 win over the Montreal Canadians. According to Walker, the work of the two goalies, Terry Sawchuck of Detroit and Gerry McNeill of Montreal, was phenomenal, with the two boys being especially adept in covering the numerous "screened" shots that were fired at the nets.

A Long Hockey Season

The Winnipeg Maroons and the Penticton Vees will play the final game of their Western Canada Allan Cup series at Vernon, B. C. On Monday night, at Penticton, the Maroons dropped a 3 to 1 decision to the Vees and that loss evened the series with each team having two wins and three ties, and seven points apiece. Tonight's game must go to a decision, and the winner of the game will enter the Allan Cup finals against the Sudbury, Ontario, Wolves.

Fore!

The first stag night of the season will be held at the local golf club on Wednesday, April 28th. An added attraction for the evening will be the appearance of Cal Jackson of Duluth, a representative of the Remington Arms Company. Jackson will discuss the possibilities of forming a trap-shooting league; and he will also be on hand for the trap shooting that will begin at 5:00 p. m.

Stan Larson, as the heir apparent to Vic Jung's city golf crown, doesn't appear to be much concerned over the activities of the various "pretenders." For example, when told that Lloyd Bennes is on a special diet and is doing certain exercises, Stan exclaimed that he wasn't worried about Lloyd. Said Stan: "You know how Lloyd plays. He'll shoot a par, birdie, par, par, birdie, and then take a seven or eight." Stan admits that Frank Tunberg may cause some trouble, but he, Stan, has an idea that Frank will be so worried by the troubles of the New York Yankees that his, Frank's, "short" game will become erratic.

Boomer Reed, a Soo Line engineer was in town on Sunday and he played four holes of golf with the defending champion of the Winnipeg division, and the "champion" complaining of the cold weather and asking that the match be halted.

Lincoln Hockey Team Plans Dance Friday Evening

The Lincoln high scool hockey team is sponsoring a dance to be given Friday evening in the Eagles auditorium, and it was announced that the proceeds will be devoted to buying jackets for members of the state champion Prowler sextet. Prizes will be awarded to some lucky persons present, and tickets are available from any member of the team.

Stag Dinner at Golf Club Tonight

Cal Jackson, field man for the Remington Arms company, will speak on trap shooting at a meeting to be held at the Golf Club tonight (Wednesday). This will be the first of the season's stag dinners to be preceded by golf and shooting. Plans to organize a four-team trap shooting league are being considered.

Showers Bring .40 Inch During Week

Temperatures warmed up slightly here this week, hitting a maximum of 53 and a low of 37 Tuesday, according to the KTRF thermometer, while a low of 21 was recorded last Thursday morning. Spring field work in the area was further delayed by showers last Wednesday and Friday that brought a total of .40 inch of rainfall.

Baseball Prowlers Open Schedule with Win over Goodridge

Coach Ralph Skjod's baseball Prowlers, the district's defending champions, opened their 1954 schedule on Monday afternoon by defeating the Goodridge high school Huskies, 11 to 0, on the Fair Grounds diamond. The Prowlers' quartet of right-handed pitchers—Sid Vraa, Joe Poole, Jack Poole, and Bob Hallamack—limited coach Gasperlin's Goodridge nine to but two hits.

The Prowlers will travel to Alvarado on Thursday afternoon for an important district game against coach Charles Picken's highly-regarded club. On Monday afternoon, May 3rd, the Prowlers will play a return game with Goodridge, meeting the Huskies in a 2:30 p. m. game at Goodridge.

While the 1954 edition of the Prowlers lost such capable performers as southpaw LeRoy Aasland and righthander Duane Rafteseth from their pitching staff, first baseman Cal Vraa, third baseman Larry Gilbertson, and outfielder Mike Hajostek by graduation from their championship squad of last season, coach Skjod has a formidable squad for this season's competition. In the season opener on Monday afternoon, the Prowler coach had Dick Amren doing the catching, Darryl Durgin at first base, Joe Poole at second, Rod Collins at shortstop, and Hank Hallstrom at third base. Bob Helgeland in left, Jack Hoppe in center, and Darold Dalton, right, were the outfielders that opened the game for the locals.

The 1954 Prowler baseball schedule:

April 29th, Alvarado, there, 2:30 p. m.
May 3rd, Goodridge, there, 2:00 p. m.
May 6th, Red Lake Falls, there, 8:00 p. m.
May 10th, Bagley, here, 4:15 p. m.
May 13th, Crookston, here, 4:15 p. m.
May 17th, Cass Lake, there, 2:00 p. m.
May 17th, Bemidji, there, 5:30 p. m.
May 20th, Alvarado, here, 4:15 p. m.
May 24th, Crookston, there, 8:00 p. m.
May 26th, Red Lake Falls, there, 8:00 p. m.

District tournament at Red Lake Falls on May 29th, May 31st, and June 1st.

Traffic Cases in Municipal Court

Two Careless Drivers, Three Speeders Fined

Two men charged with careless driving and three charged with speeding were brought into municipal court and fined during the past week.

Local police brought in James Holweger of Grand Forks, who was fined $10 for careless driving. Brought in by the highway patrol on the same charge was Kermit G. San, who paid a fine of $25 and $4 costs.

Gerald W. Sanders was charged by the patrol with speeding 70 miles per hour at night on highway 1, and was fined $15 and $4 costs. The patrol also charged Wm. LaFave with speeding at 65 miles an hour at night on Highway 59, and he paid a fine of $10 and $4 costs.

Charged by the police with speeding at 45 miles per hour in the city, Lloyd Hogenson Monday paid a fine of $10.

In 1953, 269,360 pedestrians were injured in U. S. traffic accidents.

Federal Aids to State up Sharply

State Taxpayers Group Cites 10-year Increase

Federal aids to the state have increased 77 per cent in a ten-year period, going from $28,366,000 and constituting 16.8 per cent of all state revenue. This was an increase of $21,880,000 reports the Minnesota Taxpayers association.

Although Federal aids for highways were very low in the war years, by 1946 the Federal Congress adopted a new program of highway grants; thus highway aids for Minnesota reached $9,383,000 in 1953.

Federal aids for old age assistance, the blind, and dependent children in 1953 amounted to $27,141,000.

Other Federal aids to the state developed over the decade, such as special war training programs (ended in 1947), the school lunch program, aid for maternal and child welfare, tuberculosis, cancer, etc., airport and hospital construction, and for other purposes totaled $13,719,000 in 1953.

"Greater dependence on Federal aids usually means less control at the local level. Often higher spending programs at home earn larger aids. This offers little inducement to scrutinize costs. Federal aids are paid out of unbalanced budgets—to states that balance their budgets. Yet the law of mathematics still prevails," says James P. McDonnell, president of Minnesota Taxpayers Association.

County Invited to Share in Highway Safety Contests

Many Prizes Offered in Event for 4-H Members and Extension Agencies

A double-barreled highway safety campaign will be officially launched in 145 counties of Minnesota, South Dakota and Wisconsin Saturday, May 1, with a special half-hour program on WCCO Radio at 7:30 p.m.

The safety campaign features two big contests—one for 4-H members offering $1,500 in U. S. savings bonds as grand awards and the other a county extention contest offering three 1954 Ford ranch wagons as top prizes.

The campaign is sponsored by WCCO Radio in cooperation with the agricultural extension services of Minnesota, South Dakota and Wisconsin, the Ford automobile dealers of the Northwest and Twin City Federal Savings and Loan Association.

Four 4-H club members will compete in an essay contest, writing compositions on the subject, "What Can 4-H Members Do to Promote Highway Safety". A winner will be named in each of the 145 counties.

Each county 4-H winner will receive a radio and a trip to the Twin Cities to appear on WCCO Radio and visit the Ford Motor company plant, in addition to advancing into the competition for $1,500 in U. S. savings bonds. Top award in the grand finals is a $500 bond. There are 18 other awards ranging from $300 to $25 in bonds. Four-H members can obtain official instruction forms from their county extension service office or nearest Ford dealer.

The county extension contest will be spearheaded by the agricultural extension service offices in each county. Ford ranch wagons will be awarded to the three counties which do the best over-all job of promoting highway safety.

Winners of both contests will be announced September 3.

Governor to Give Traffic Awards

Annual Dinner Slated in Minneapolis May 12

Public recognition of city, county and organizational efforts in traffic accident prevention will be made by Governor C. Elmer Anderson at the annual Minnesota Safety Council award presentation dinner at Hotel Nicollet, Minneapolis, May 12. Winners in the 1953 statewide safety contests were announced today by A. V. Rohweder, Duluth, president of the Safety Council.

Every one of the award winners in both the city and county classifications are repeat winners from last year, with Minneapolis being declared the top city in its group for the sixth consecutive year, Two Harbors a three-time winner and Ramsey county winner for the fourth year in succession.

International Falls won the award for cities of 5,000 to 10,000 population.

M. J. Hoffmann, state highway commissioner and chairman of the Traffic Safety Awards committee, stated that the comittee members felt that, after considering all reports submitted, that no county in the four lower population groups had ratings which would justify declaring any one of them an award winner.

JUST SITTIN'

Mr. J. L. Morton, president of the Minnesota Farm Bureau, is not impressed with the proposal to dump our butter surplus on the market at a price that will permit it to be retailed at about 45c a pound. He doesn't think that is the right solution, and we are inclined to agree with him.

But we would be more impressed with the soundness of the leadership of Mr. Morton and many other so-called leaders of agriculture if they would tell us of a plan that would work instead of merely being critical of those they disagree with. We are not going to solve the problems of the dairy industry with any negative or defeatist approach. We are not going to solve it merely by resolving that all good citizens should drink more milk.

The crying need of the dairy industry is a leadership that will take positive action in solving the industry's problems. At the present time it appears to be completely and entirely lacking in leadership and under the circumstances maybe there is nothing for the government to do but dump the surplus before it turns rancid.

There still is hope of course that another John Brandt may rise to the occasion and get the industry organized in a reasonable self-help program. At the present time however, in the language of Schnozzle Durante, the industry is sittin' on a rusty nail and slowly bleeding to death. It has been on relief so long it seems to have come to the conclusion that the government owes it a living. It is a sorry state of affairs when any individual or organization takes that attitude.

NO EASY ASSIGNMENT

It is difficult to see how any good could come out of the Geneva conference under present world conditions but maybe this will be another instance of the darkness preceding the dawn. The recent desertions of Soviet officials and agents indicate clearly the type of gangsters we are dealing with. The one hope seems to be that the mobs will kill each other off and that, by revolution from within, the power of the Red masters will be broken.

Certainly we should known now that there can be no meeting of minds at a Geneva conference; that while there may be agreement there can be no confidence that any agreement would be binding. Promises provide little satisfaction where there is no trust.

But as long as we can meet with the representatives of the Reds around the conference table, and as long as these conferences are not controlled by them, there there still is hope. No matter how discouraging the prospect may be we must still keep on trying. Those who speak for us under these circumstances have no easy assignment.

WHAT THE TABLES TELL

At the bottom of the column we are reproducing a table of figures we picked up on the counter of Bob Lund's Production Credit office. Main reason for submitting them here is because they are interesting. Like so many other statistical tables, they prove everything and nothing.

They show how many units of farm produts it has taken to buy a thousand dollars over a period of years within the memories of many of us. We can remember the peak prices in the boom year of 1919 that preceded the 1920 bust. By 1922 the markets had recovered to some extent from the post-war depression lows.

... Prices climbed slowly during the 'twenties and then took the big dive that hit bottom in 1932. Then came another slow increase through the 'thirties, exploding into the boom prices of the war-time 'forties. Now, in another post-war period, we are running into the problems of diminishing demand again.

It is natural to be concerned about the possibility of a recurrence of the disastrous market-slides of 1920 and 1932 but it doesn't seem likely that this will happen. We now have machinery to cushion the shock of readjustment back to peace time production. We should keep in mind however that this machinery is not automatic. It requires skilful management by a chief engineer along with a lot of cooperation by all of the groups that are a part of this complicated mechanism. No adjustment back to normal is going to be entirely painless.

And getting back to the table, which tells us how many units of farm products it has taken at various times to buy a thousand dollars, the table also tells us in reverse how many units of the products a thousand dollars will buy—and this is an important consideration in making comparisons. We now are buying with a fifty-cent dollar, a dollar that won't buy one-half as much as it would in 1932, but at that time they were a lot harder to get.

Comparisons are always interesting. In looking back over the past we can remember conditions that were better than the present, but a lot of them that were worse too. And if conditions never get any worse than they are now we will have little reason to complain.

The arrest of Rubin Shetsky in Tulsa, Oklahoma, following a running gun fight with police, lends strength to the conviction of those who looked upon his acquittal of a murder charge in the Shakopee side-show trial a couple of years ago as a most glaring miscarriage of justice. The Shakopee trial did have some beneficial results. It was so bad that the bench and the bar, in self defense, took steps to guard against a recurrence of such a shameful performance. Sometimes a bad experience proves to be a factor for good.

The McCarthy trial is scheduled to be a no decision fight, and for all practical purposes they can wrap it up now and go back to work. Surely there must be more important things for the members of the upper house of our Congress to do than argue to no purpose for weeks at a time. It is a sorry mess and does nothing to strengthen the confidence of our people in either the integrity or the ability of our senior statesmen. But before writing it off as a total loss, there is a possibility that out of the brawl may emerge one winner. For our money this is one fight that is being won by the referee, special counsel Ray Jenkins.

Looking Backward

1924—THIRTY YEARS AGO

More than $1,000,000 has been loaned to date in Pennington county by the Minnesota rural credit bureau—The council ordered vacated the eastern extremity of Second st. for the use of the local creamery—Mr and Mrs. W K Hoefer returned from Los Angeles, where they had spent the winter months.—Elmer Tandberg accepted the post of superintendent of the Middle River school for the coming year

1934—TWENTY YEARS AGO

Fire destroyed the house at 309 Atlantic av. owned by Mrs Hannah Prestebak and occupied by the Chester Rambeck family.—The Pennington and Marshall county boards set up a pay schedule for road work calling for a minimum of 30 cents an hour for common labor—G. O. Vigness, meat cutter at the DeCremer Market suffered the loss of four fingers on his left hand in a power grinder—Mayor E. L. Tungseth appointed Dr. A. E. Jacobson and Louis DeCremer to the park board.

1944—TEN YEARS AGO

Supt. P. L. Fjelstad was named president of the Minnesota Council of School Executives—Fire completely destroyed the Middle River public school building with a loss of $35,000—Herman A. Kjos was reelected chairman and Mrs G. L. Biddick, secretary of the Pennington Co. Red Cross chapter—Pvt. Robert Wright is now stationed in New Guinea.

UPS AND DOWNS OF SMALL TOWNS

Minnesota seems to be one of the most incorporated states in the union, according to Lowry Nelson, University professor of rural sociology. In 1952 he finds we had more government units—townships, villages, cities, counties, and special districts—than any other state. From 1940 to 1950 54.7% of our incorporated places under 250 lost population, 33.2% between 250 and 499 lost, 28.2% from 500 to 999, 13.9% from 1,000 to 1,499, 18.9% from 1,500 to 1,999, and from there on losses tapered off inversely to size "The small town," Mr. Nelson believes, "will sink or swim depending on the wheel of fortune and the initiative and engenuity of its local inhabitants. Buyers go where they are attracted by better stocks and better service. Once attaining 2,000 the small town seems to have a good chance of survival.

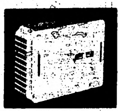
Solved!

The way to build a bank account! It's easy and fun with this Calendar-bank.



Deposit a nickel, dime or quarter in the right hand slot and your Calendar-bank shows the day — reminding you to keep your savings up to date! A quarter in the left hand slot changes the month, and there's an extra slot for "extra savings". By the end of one year, 25¢ a day will total $94.25! In Gleaming Ivory plastic, Chrome Back, Lock and Key — which you keep yourself. You need not have or open an account to get one — we offer them as a service to encourage Thrift.

Want to join the Thrill of the Month Club?

It's a great experience!

IT SEEMS everybody wants to get behind the wheel of a 1954 Buick CENTURY and drive this great performance car.

We haven't seen such interest in years. So we Buick dealers across America have arranged to offer a guest-drive to 1,500,000 people during April—through the Thrill Of The Month Club.

You join simply by driving the car. And you discover the reason for the name when you take your drive—for it initiates you to a rich new thrill from a spectacular new performance.

It's the thrill of commanding instantly responsive, high-compression V8 power of new record might and silence—and the thrill of getaway with the complete and utter smoothness of Twin-Turbine Dynaflow.*

It's the thrill of having swift, sure and superbly easy control with Buick's amazing new front-end geometry, Safety Power Steering,* all-coil-spring ride, torque-tube steadiness. It's the thrill of sitting in supreme spaciousness and luxurious interiors. It's the thrill of driving with the panoramic visibility of a new kind of back-sweeping windshield.

It's the thrill of this month or any month—and we cordially invite you to try it, at the wheel of a Buick CENTURY.

Whether or not you are ready right now for a new car, we'll be happy to have you join the Thrill Of The Month Club—just by taking a demonstration drive in a 1954 CENTURY.

It's a great experience—too good to miss. Drop in this week for sure!

*Standard on ROADMASTER, optional at extra cost on other Series.

Pastures Benefited by Barnyard Manure, Local Farmers State

Maynard Mehrkens of Rocksbury township and John Burtness of Silverton have found that by using liberal applications of barnyard manure on pasture they get more grass during the grazing season.

As a result of an application of 10 to 12 loads of fresh manure per acre during the winter and early spring of 1953, pasture production was greatly increased, both farmers reported. Burtness said that he kept 19 producing cows and 6 yearling heifers on 14 acres from early spring until late August. The cows received a very light grain feed at milking time. Mehrkens reports that he kept 20 cows and 6 yearling heifers on 16 acres all spring and summer. Only enough grain was fed to encourage the cows to enter the barn at milking time.

Both Mehrkens and Burtness state that even though the summer was rather dry, the manured pasture produced all the grass the cows could eat. In fact, they said, the cows did not eat all that was available. Before the cows could get to it, some of the grass was too old for good feed, and consequently some over mature stems were left standing.

During early spring, it appeared that the cows did not eat where the manure covered the ground. However, when the grass was about six inches high, they did not pay any attention to the manure and ate all they wanted of the tender grass.

Both men said that the manure benefited the pasture and that they were well satisfied with the way the cows produced on such few acres. Although they both said that they plan to spread manure on pasture again but feel that 7 or 8 loads per acre would be a better application.

Mehrkens was the first farmer in Pennington county to have a complete farm plan with the Pennington county soil conservation district. Mr. Burtness was the 41st.

Don Lawrence, SCS farm planner for the district, said that both men are doing a very good job of putting their individual farm plans into effect. A well rounded and planned pasture system is a necessity where livestock are a part of the farming program he states. Also, by using grasses and legumes in proper rotation *plenty of hay feed can be produced* for winter feeding. Lawrence also said that not only are you assured of plenty feed with this planned farming, but you will be treating your soil according to its needs and thereby increasing the yields and reducing the costs.

Estimated Fire Losses in U. S. 84 Million in March

Estimated fire losses in the United States during March amounted to $84,821,000, it was reported in New York last week by the National Board of Fire Underwriters.

According to Lewis A. Vincent, NBFU's general manager, this $84,821,000 loss represents an increase of 1.6 per cent over losses of $83,471,000 reported for March 1953, and an increase of 7.5 per cent over losses of $78,928,000 for last February (1954).

Losses for the first three months of 1954 now total $250,242,000 an increase of 7.5 per cent over the first three months of 1953, when they amounted to $232,836,000.

These estimated insured losses include an allowance for uninsured and unreported losses.

State Gas Tax Is Now in 29th Year

Minnesota's gasoline tax, 29 years old this week, now produces 8 times as much revenue as it did the first year it was put in effect, H. M. Whisman, executive secretary of the Minnesota Petroleum Industries committee announced today.

Imposed on May 1, 1925, the state gasoline tax produced $4,805,000 in its first full year, he said, whereas it now brings in about $41,106,000 annually.

Total collections from this tax from the time it was levied up to the end of last year amount to $514,474,000, he said.

This will be a part of the program celebrating the 50th anniversary of the opening of the Eleven Townships east of Thief River Falls for settlement.

Mr. Graves, now in his 84th year, has accepted the invitation subject to the state of his health when that times comes.

He is the recognized leader of the band and has spoken for the Council in negotiations extending back over many years. He has vivid personal recollections of action taken when the agreement was reached to cede to the United States the lands opened for settlement in 1904.

Has Young Ideas

In the above picture Mr. Graves is shown in tribal regalia in the cockpit of a navy plane. One of the big thrills of his later years was handling the controls of one of these planes at the time bombing exercises were held over the Red Lake area. Flying is his favorite means of transportation.

B. Vanyo Takes over N. D. Paper

Nearly 2,000 buses were operating on LP-G (liquefied petroleum gas) by the end of 1953, according to recent estimates.

Tractor Accident Deaths Continue Increase in State

45 Minnesota Farmers Killed and About 2,000 Injured During 1953

Minnesota's rural "great American tragedy"—farm tractor accidents—ran last year with a bigger "cast" of dead and maimed than ever before, according to the University of Minnesota's farm safety specialist, Glenn Prickett.

He reports the 1953 toll was 45 Minnesota farmers killed and about 2,000 injured, an increase over 1952's "production."

Injuries included loss of legs, hands, feet and fingers as well as broken legs, arms and backs. Some unfortunate members of the "cast" were hospitalized several months.

Many still are unable to assume the leading roles they held in a far more important, pleasant and profitable "production" their own farm and rural community responsibilities.

Pricket says a recent survey of how tractor accidents happen shows that speeding and allowing youngsters to play around and ride along on tractors are two leading accidents causes.

Another is fueling while the tractor is running—it often results in costly tractor fires and painful burns. Hitching above the drawbar, pulling up steep banks, or trying to back or "rock" out of a mudhole also took their toll in backward-tipped tractors which crushed their drivers before they could jump free.

If you're stuck in the mud, advises Prickett, get someone to to pull you out—don't risk an overtip. And shut the tractor off and let it cool before refueling.

Careful operators develop a habit of gassing up first thing in the morning—before starting the engine, of course—when the tractor is cool from an overnight rest. After a noon-hour shut-off is another safer time.

Where's the fire?

It might be your home — all you've saved and worked for — going up in flames! Don't risk it! Protect your home against that common hazard, fire (perils of windstorm, hail, explosion, smoke and others can be added by the Extended Coverage Endorsement, too), with State Farm Insurance. Remember, fire insurance rates are low —building costs are high! Call or come in today!

You want purity in what you drink

Everything good to drink starts with water

The blending of flavors and water is an age-old custom.

The Mohammedans added rose water and sugar; the Persians of Darius, tangy citrus juice; the Romans, golden honey. But always, anywhere, the quality of the drink depended upon purity of water.

This still is true.

The water we use in Coca-Cola must be pure. More than that, it must be neutral to the taste in order to protect the delicate and distinguishing flavors of Coca-Cola Syrup.

Most of us think of water as being everywhere. In drinking form, however, it is becoming a world-wide problem. Erosion, increases in population, and the expansion of industry are contributing to a growing shortage of water and are creating varying standards of purity.

That's why we treat water in our Coca-Cola bottling plant with modern filtering processes. But that isn't all.

To produce Coca-Cola means much more than to "just add water." Each bottle is a blend of *good things from nine sunny climes,* and each syrup ingredient, as well as all other materials, is tested for taste, strength and purity.

Have a Coke today . . . and you'll understand how time, precaution and a delicious taste make purity and pleasure a part of *the pause that refreshes* with ice-cold Coca-Cola.

YOU ARE INVITED . .

ONLY PHILLIPS 66 BRINGS YOU
Flite-Fuel
PHILLIPS IS FIRST to bring you a gasoline with the added super aviation fuel component, Di-isopropyl (pronounced di-iso-pro-pull). A Phillips exclusive, developed originally for highest performance military aircraft.
Phillips was the first to make Di-isopropyl and HF Alkylate—so valuable to smooth motor performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now authorities have removed these restrictions, and these powerful components can be blended into new Phillips 66 FLITE-FUEL. New FLITE-FUEL provides increased power, higher anti-knock performance, greater fuel economy and freedom from cold stalling. You also benefit from Phillips 66 controlled volatility and remarkable clean burning qualities which eliminate the need for an additive to combat engine deposits.
Only Phillips 66 FLITE-FUEL contains added Di-isopropyl. Get it at stations where you see the orange and black Phillips 66 Shield.

"HOLD YOUR HORSES"

A highway safety slogan that is "catching on" is an admonition to drive the 150 to 250 horses hitched beneath the hood of the average car, with thoughtful care. Especially after dark: one-third of the driving, two-thirds of the traffic deaths lurk in darkness. Careful drivers turn on car lights at sunset, turn off lights inside the car, lower beams for approaching vehicles whether they "dim" or not, check all lights if an approaching car flicks a signal, take off sun glasses, watch for pedestrians, and, above all, reduce night speed and stop when too tired to drive alertly. The life a driver saves obeying these simple rules is likely to be his own.

Alcoholism Termed Disease by Speaker at Conference Here

Alcoholism must be recognized as a disease and as a community and public health problem, said Wm. Ferguson, consultant on alcoholism with the Minnesota department of health, in an address last Wednesday at a regional conference on the subject in the Civic and Commerce room.

In attendance were 50 or more persons, including probate judges, pastors, welfare workers, attorneys and WCTU members. Some of Mr. Ferguson's hearers challenged his conclusions, the Rev. E. C. Mead asserting that acute alcoholism constitutes less than one percent of the over-all problem. He said that the problem is alcohol and not alcoholism, and added psychology has been made a scapegoat for many sins.

In testimony to the size of the alcoholism problem, Ferguson stated that there are an estimated 4,000,000 alcoholics in the United States, 85 per cent of them being men, and 1,000,000 in the last stages of addiction.

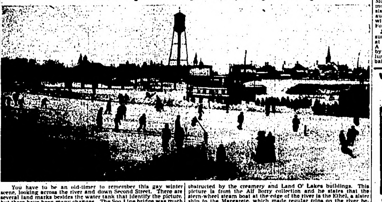
He stated that a survey by a legislative interim committee revealed that Minnesota has about 85,000 alcoholics, and told of the setting up in 1953 of the agency he heads to combat the problem.

Glenn Steele, educational secretary of the Alcoholics Anonymous society of Minneapolis, told of the work being done by the organization to cure liquor addicts. He said that the program is based on faith in a higher power, and has helped approximately 50 per cent of those seeking aid. All AA work, he added, is done by volunteers without outside contributions. A film dealing with the work of the agency also was presented.

A group of local people took part in an informal panel discussion on the alcoholism problem. Those participating included Rev. Mead, Dr. Den E. Greene, Sheriff Arthur Rambeck, Mrs. Margaret Race, school nurse; and John X. Lynskey, executive secretary of the Pennington county welfare board.

The meeting concluded with a general discussion of various phases of the liquor problem. Local arrangements for the conference had been made by Probate Judge Herman A. Kjos of the Pennington county mental health committee.

The Soo Line Bridge Was Longer, Many Long Years Ago



You have to be an old-timer to remember this gay winter scene, looking across the river and down Second Street. There are several land marks besides the water tank that identify the picture, but there have been many changes. The Soo Line bridge was much longer then, much of the old span having been replaced by earth fill. The buildings on the right are on Horace Ave., a view now obstructed by the creamery and Land O' Lakes buildings. This picture is from the Alf Borry collection and he states that the stern-wheel steam boat at the edge of the river is the Ethel, a sister ship to the Margarete, which made regular trips on the river between Thief River Falls and Red Lake. The river now is not easy navigation for an ordinary boat with outboard power.

Rural Mail Boxes to Get Attention

Observance Designated for Week of May 17-22

Minesota Rural Letter Carriers association is enlisting statewide suport of National Mail Box Improvement Week, May 17-22. While giving careful attention to all details of the movement, the rural carriers are especially advocating the installation of overhanging rural mail boxes.

Because of the haphazard fashion in which many rural mail boxes have been mounted along our highways and byways, the association points out, they have long been a problem, sometimes almost a hazard, for carriers, farmers and road maintenance crews throughout the state.

The recommended overhanging installation, with the mail box supported on an arm extending from a post set back from the road edge, was designed by rural carriers and has the approval of the post office department, Minnesota highway department, and county highway engineers association, all of which organizatiins are active in the May improvement campaign.

Specifications and instructions for making the recommended overhanging box can be obtained free by writing Harley Y. Karvonen, Chairman Minnesota Rural Letter Carriers Association Mail Box Improvement Committee, New York Mills, Minnesota.

Guest Speaker

MISS ATHELENE SCHEID

Athelene Scheid, extension clothing specialist at the University of Minnesota, will be guest speaker at the Pennington County Homemakers achievement day program on May 4, at 2 p. m. in the Civic and Commerce room of the Auditorium.

The subject of Miss Scheid's talk will be "Dressing Well on a Low Budget."

As extension clothing specialist for the University of Minnesota, Miss Scheid conducts projects in clothing and textiles and prepares and organizes subject matter to be used in teaching clothing work in homemakers' groups in the extension home program.

She holds a master of arts degree from Michigan State college and a bachelor of science degree from the University of Minnesota.

The Chamber of Commerce of the United States reports that industry spends roughly $11,000 per worker to provide the necessary capital for plant, tools and supplies to produce goods.

There are nearly 4,900 tree farms in the United States covering 29 million acres and the number is growing rapidly.

SMILEY . . .

The Smiley Community Club met for the April meeting Thursday at the hall. After a brief business session the following program was announced by the chairman of the program committee, Jim McCrum. Community singing led by Mrs. Rudolph Hanson; two songs by a quartet of boys, Orrin Helgeland, Harlan and Larry Rude and Wallace Phillip. A dramatic reading "Sixteen" by Betty Rude, two numbers on the acordion by Mrs. Mark Olson; a reading on "Boys" by Marilyn McCrum; two vocal solos by Phyllis and Shirley Belswenger accompanied by Mrs. Arnold Hammer; the Smiley 4-H one-at play "Introducing Mopsy" by eleven girls. Lunch was served by the Maurice Newtons, Melvin Stenseth and the Stenseth Brothers.

Congratulations and best wishes are heartily extended to the newlyweds, Mr. and Mrs. Don Olson, by her many Smiley relatives and friends. She is the former Geraldine Olson Goethe.

Mr. and Mrs. Vernon Kees, Mr. and Mrs. Andrew Klach were hosts to a party at the Kees home Friday evening. The basement playroom provided the guests with plenty of room for entertainment with music supplied by Alton Skallet. Cards were played upstairs also. Those there were Mr. and Mrs. Obert Lindland, Mr. and Mrs. L. Berard, Mr. and Mrs. D. Berard, Mr. and Mrs. Bill Radford, Mr. and Mrs. Millard Nelson, Mr. and Mrs. Thomas Fixler, Mr. and Mrs. Archie Anderson, Mr. and Mrs. Lloyd Iverson, Mr. and Mrs. Gust Hallberg, Mr. and Mrs. Morris Odegaard, Mr. and Mrs. Mark Olson, Mr. and Mrs. Jim McCrum, Mr. and Mrs. Bill Grundhaus, Mr. and Mrs. Conrad Jensen.

Mr. and Mrs. S. S. Nelson spent Saturday at the Alcid Morrisette home in Plummer. While there they visited with Mrs. Nelson's brother-in-law, Roy Halseth of Grand Forks who had recently returned from Rochester where he had received medical attention.

The officers of the Bethany Luther League, Gloria Johnson, Gail Peterson, Daniel Johnson, DelRay Sanders and Clifford Johnson attended the Luther League rally in Greenbush Sunday.

Miss Ann Valsvik of San Francisco, Calif. arrived last Monday morning to assist her mother, Mrs. Ole Valsvik and her sister Gina Valsvik with the auction sale preparations and with their moving to Grand Forks.

John Johnson was pleasantly surprised on his 87th birthday at his home Sunday afternoon. A social afternoon was enjoyed by the self invited guests. A lunch featuring a birthday cake baked by Clara Olson was consumed by Mr. and Mrs. John Johnson, Henry, Arthur, and Elmer Johnson, Mrs. Holger Nelson (Clara Johnson) of Kalispell, Mont., Mr. and Mrs. Arthur Asp and children of Numedal, Mr. and Mrs. Mark Olson, Judeen and Phyllis, Mr. and Mrs. Bill Grundhaus and family, Mr. and Mrs. Jim McCrum and Bobby, and Miss Clara Olson.

Mr. and Mrs. Don Hoff of Grand Forks spent the weekend with her folks, the Walter Lendobeja's.

"I couldn't believe my eyes"

"There's no tractor to compare with it"

These are words of WD-45 Tractor owners.

From coast to coast, farmers who own the WD-45 are praising the performance of this great new tractor. And there's no doubt about the reasons for such high praise— it's performance . . . and price!

The new POWER-CRATER engine gives you the power you've always wanted. This mighty power plant plus AUTOMATIC TRACTION BOOSTER lets the WD-45 pull three bottoms almost effortlessly through fields often considered impossible to plow.

And conveniences, like SNAP-COUPLER, POWER-SHIFT wheels, and TWO-CLUTCH POWER CONTROL add up to a tractor that's unmatched in features and performance . . .

One demonstration will prove it. And the price will save you hundreds of dollars. Let us show you.

SNAP-COUPLER and POWER-CRATER are Allis-Chalmers trademarks.

50 YEARS AGO

The First Agreement

Under the terms of the agreement reached March 12, 1902, "The Red Lake Chippewa ceded to the United States that part of their reservation lying west of the line between ranges 38 and 39 west of the fifth principal meridian, some 256,152 acres, for the sum of $1,000,000," Dr. William Watts Folwell tells us in his History of Minnesota. "Within ninety days after the ratification of the agreement by Congress, $250,000 were to be distributed in equal shares to the Indian men, women and children. The remaining sum, $750,000, was to be paid in fifteen annual installments, each amounting to about $37.00 per capita."

"In separate sections," continues Dr. Folwell, "it was expressly provided that the Red Lake Indians should possess their diminished reservation independent of all other Chippewa bands and should be entitled to allotments of one hundred and sixty acres of either agricultural or pine lands. It was further agreed that the sum of $5,000 should be employed to pay the 42 families living on the ceded lands for moving to the main reserve and for removing their dead."

This agreement signed March 12, was the result of daily conferences started March 4 between the Council and James McLaughlin, Indian inspector, representing the Commissioner of Indian affairs of the Department of Interior. It was the result of several years of effort on the part of citizens of Thief River Falls and Red Lake County to have this area opened for settlement. The four dollars per acre price was the most liberal ever paid for Indian lands and all seemed to be well satisfied with the prospect.

State Lost Law Suit

One question that had served as an obstacle to earlier efforts had been resolved by court action. "The State of Minnesota brought suit in the United States Supreme Court to enjoin the secretary of the interior from selling sections 16 and 36 of townships on the reservation, claiming that all sections so numbered had been given to the State." Dr. Folwell commented in a footnote, closing the incident with, "The Court refused to sustain the claim." The amount that should be paid to Indians would be required to leave the ceded lands was determined after a personal visit by McLaughlin to most of their houses. "He estimated the average value of their personal effects at one hundred dollars."

All of the necessary preliminaries had been made and only the routine procedure of Congressional approval remained to establish the opening as an accomplished fact.

"The business at the Red Lake agency was concluded on March 17. On the next day the inspector mailed to the secretary of the interior his agreement, with a letter of advice containing a list of the eleven townships and fractions of townships ceded, and another of the heads of the 42 Indian families, comprising 129 persons, to be moved." Dr. Folwell continues. "It was his (McLaughlin's) opinion that if every adult Indian could have been reached the vote for the agreement would have been unanimous.

Bill Introduced

"The secretary referred the papers to the commissioner of Indian affairs, who, on March 28 returned a report with a draft of a bill, recommending its passage by Congress. On April 3 the commissioner of the general land office gave his approval to the agreement, and on the same date the secretary transmitted the documents to the speaker of the House of Representatives, asking the favorable action of Congress. On the next day the junior senator from Minnesota, Moses E. Clapp, introduced the bill in the Senate.

"It consisted of a long preamble repeating the McLaughlin agreement, a section ratifying it, and another appropriating $250,000 for meeting the first installment of the payment. The bill, with a few minor amendments, was passed on April 18 and went to the House. On May 8 the House committee on Indian affairs reported it without amendment.

"Economy" Killed It

"The matter, which had sped along so gayly with the ardent approval of the secretary and the commissioner, the unanimous support of the Minnesota delegation, and the sanction of the Indian committees of both houses, slackened its gait. On June 18, when it came up in ordinary course, it was withdrawn by unanimous consent. It is in evidence that Speaker Cannon was opposed to the large appropriation in the bill 'because of the condition of the treasury.'"

And so the high hopes for the opening of the reservation lands in 1902 did not materialize. Realization that the Red Lake Treaty bill was dead for that year at least came gradually as the time neared for Congress to adjourn.

In its June 12 issue the Thief River Falls News reported "Up to the time of going to press nothing had been heard from Washington regarding the Red Lake bill. The bill would have been acted on last week had it not been for the absence of Congressman Sherman, chairman of the Indian committee. Action will probably be taken this week, or not at all, is the opinion of many. Congress will adjourn July 1st."

There was a ray of hope in the June 19 issue. The News had received a letter from Mayor Frank Kratka, dated June 14, stating that, "The committee of Indian affairs has adjourned for good after passing a resolution requesting that a day be set aside for the consideration of Indian bills. The Red Lake bill is reported favorably by the entire committee and if a day is granted it will surely be passed."

Still Determined

The June 26 issue reported that the bill had come up but had been withdrawn because of Congressman Cannon's opposition to the appropriation. In another letter Mayor Kratka had given up hope. A telegram from him however stated that the entire Minnesota delegation was making a united effort for fast minute favorable action. But Congress adjourned and Mayor Kratka came home. Along with his explanation of why the Red Lake bill had not been approved in the session just ended he brought assurance that favorable action would be definitely be taken when Congress would convene again in January.

Clean Up Week

May 3-10th

Governor Anderson has designated the week of April 26th to May 3rd as clean-up week in Minnesota. In Thief River Falls, we are proud of the natural beauty and the well-kept play grounds, parks and streets. It behooves us all to do our part personally in making Thief River Falls an outstandingly beautiful and healthful city.

We have designated May 3rd to May 10th as clean-up week in Thief River Falls, since our geographical location requires a slightly later date.

124 Auto Mishaps in Pennington in 1953

Pennington county motorists contributed their share to the near-record number of traffic accidents during 1953, according to a report received today from the Traffic and Safety division of the state highway department.

The report shows that in Pennington county there were a total of 124 motor vehicle accidents. Of these, three were fatal, 25 resulted in personal injuries, and 96 were limited to property damage to vehicles in amounts of $50 or more. Four persons lost their lives in the three fatal mishaps.

Where accidents occurred in the county is shown in the report, with 26 being reported on trunk highways within municipal limits of incorporated communities, 54 on other urban roads or streets, 30 on rural trunk highways and 14 on other rural roads off the trunk highway system.

Not only did fatal accidents increase from 539 in 1952 to 637 in 1953, but other non-fatal accidents increased as well, personal injuries jumping from 19,298 to 20,182 for the past year.

In Marshall county, 114 accidents and three deaths were reported, and in Red Lake county 38 accidents and five deaths.

Chaplain at State Reformatory to Speak on Tuesday

Rev. Neal A. Kuyper, Protestant chaplain at the Minnesota state reformatory, St. Cloud, will speak at the First Baptist church Tuesday, May 4, at 8 p. m.

Chaplain Kuyper is the only full-time chaplain serving in the Minnesota penal institutions. He is a graduate of Princeton Theological Seminary and for four years served the Vanderburgh Presbyterian Church of Minneapolis. Previous to his appointment at the reformatory he took graduate work at the University of Minnesota and clinical training at the Federal Reformatory at Chillicothe, Ohio.

The message he will bring will be on some of the causes that bring young men to institutions, what is being done for them in the form of treatment, and the effect of religion on the life of an inmate.

He will stress what the Christians can do to help combat some of the delinquency of our day.

Lutheran Welfare Meeting Set May 6

Session Will Be Held in Red Lake Falls Church

All members of churches supporting the Lutheran Welfare Society of Minnesota are invited to attend a meeting to be held at Bethany Lutheran church in Red Lake Falls at 8:00 p. m. on Thursday, May 6. Rev. J. M. Runnestad is pastor.

The purpose of the meeting is two-fold:

1. To help residents of the County learn more about Lutheran Welfare.

2. To instruct interested persons in ways to help Lutheran Welfare.

These are long range objectives and the current meeting is only one part of the total program that is being planned throughout the state of Minnesota by local supporters of Lutheran Welfare to educate themselves to welfare needs in their own communities.

This meeting is one of over 70 to be held during the last week in April and the first week in May.

Square Dancers Meet in Brainerd

It was announced today by Clarence Harting, publicity chairman of the Paul Bunyan Festival, that a square dance festival will be held at the Brainerd Armory on Sunday, May 2nd, from 2 to 6 p. m.

A special feature of the festival will be folk dances by the Oden Scandinavian dancers of Minneapolis. Twelve prominent callers will also be present, including Arden Johnson, president of the Minnesota Square Federation.

The Square Dance groups of Brainerd extend a cordial invitation to all to attend.

Wise Buying Key to Cutting Food Bill for Elderly

"U" of M. Nutritionists Offer Suggestions to Older People of State

Wise buying can help elderly people cut food costs, yet maintain an adequate diet, according to extension nutritionists at the University of Minnesota.

One of the big problems of many older people is how to plan a god diet on a limited income.

The type of diet recommended for the elderly can be expensive unless it is carefully planned, the nutritionists point out. It emphasizes foods high in protein minerals and vitamins rather than the energy foods which often are cheaper but are less needed as people become less active physically. The protein foods—milk, meat, fish, poultry and eggs—so important for balanced diets, take a large share of the food dollar. The leafy, green and yellow vegetables, tomatoes and fruits recommended also run up food costs unless they are purchased wisely.

University nutritionists remind consumers that some foods cost several times as much as others of similar nutritive value. Carrots, some of the leafy greens and many canned vegetables are relatively low in price.

This year citrus fruit and citrus juices are an economical buy for vitamin C. Milk, a very important food in the diet of older people, is often considered expensive but actually is a cheap source of protein and the only cheap source of riboflavin and calcium. If cost is a major consideration, non-fat dry milk provides all these nutrients and is particularly reasonable in price. It can be used in the dry form for cooking and, if desired, reconstituted for drinking.

Meat probably poses the biggest problem, but there is a wide variation in price of this protein food. Select the cut according to the percentage of lean it contains, the nutritionists suggest. It is unnecessary to pay for tenderness, as any lean meat can be made tender by chopping, long, slow cooking and other methods. Poultry is a good buy this season, and often fish is reasonably priced.

Older people generally need and prefer smaller quantities of food than younger people. For that reason, the University nutritionists say, they can save waste by not buying or preparing too much of any one food.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

The City Council of the City of Thief River Falls, Minnesota, convened in regular session in the Council Chambers at eight o'clock P. M. on March 16, 1954 with all members present.

Minutes of the meeting of February 16th were read and the same were by motion duly carried, approved and adopted as read.

Monthly reports of the Clerk, Treasurer, Manager of Airport, Weighmaster, Superintendent of Water Utility and Fire Department were presented, examined and ordered filed.

There was presented by H. O. Berve, Attorney, three petitions carrying a large number of signatures of property owners within Storm Sewer District No. 3, indicating their opposition to a proposed construction and extension of such storm sewers in accordance with petitions filed with the Clerk on April 10, 1951 which would result in an assessment being levied against their property. The petitioners indicated that they would receive no benefit from the proposed construction, due to being located on high ground, that the estimated costs are excessive and prohibitive and that their properties be eliminated from any liability due to such construction. The objections were explained and presented in detail by Mr. Berve and the petitions were duly placed on file.

There was presented by Dr. M. D. Marshow, Chairman of Civic Development Committee 10 petitions carrying signatures of more than 50% of frontage of property owners requesting the installation of a modern high intensity street lighting system along Main Avenue from Zeh to Fourth Street; Horace Avenue from First to Fourth Street; Atlantic Avenue from Second to Third Street; Third Street from Knight Avenue to River Bridge; Second Street from Knight Avenue to Atlantic Avenue; First Street from Knight to Horace Avenue; LaBree Avenue from Zeh and Main Avenue to Fourth Street and Riverside Avenue from Zeh to Knight Avenue. On motion of Alderman Berg, seconded by Honebrink and carried, the petitions were ordered referred to the City Engineer for a preliminary report and estimate of costs.

There were presented by O. H. Ekeren, representing a committee of Sports Enthusiasts, 30 petitions carrying a large number of signatures of residents, requesting that the Council take steps immediately to provide good facilities for baseball in the community. The petitions were duly filed and were ordered laid over for further consideration and study.

Paul A. Lundgren of the Board of Northwestern Hospital Association appeared before the Council with regard to a possible widening of LaBree Avenue South in the hospital area and the matter was ordered referred to the Street Committee for study and report.

In the matter of request of F. J. Dudley that he be permitted to further enlarge the apartment building situated on Lot 5, Block 3, Meehan's Addition, the same was ordered referred to the Building committee.

H. T. Nesbit, 701 LaBree Avenue North, requested permission to utilize a two car space on LaBree Avenue North, south of Postoffice, for purchaser's 30 minute parking, in access to his refreshment stand at that point. Alderman Carlson moved that such permission be granted, which motion was seconded by Alderman Berg and carried.

The Recreation Board of the City presented recommendation that Charles Dostal be retained as Custodian of the Sports Arena and that Oscar Mahle be retained as Superintendent of Parks and Recreation. Alderman Hunt moved confirmation of the same, which motion was seconded by Honebrink and duly carried by full call vote.

Application was presented by William LaFave, Northwest Beverage Company, for permit to construct on lot 13, Soo Line Rightofway, a warehouse at a cost of $32,000, the same bearing approval of the Building Inspector. Alderman Hunt moved approval and issuance of permit. Alderman Carlson seconded the motion. All members voted in favor thereof and such application was declared granted.

Applications for renewal of cigarette licenses were presented by Beatrice Anundson, William Brielfjord, Ole Yaisound, Mrs. Anne Christofferson, H. L. Nupet, W. O. King. Alderman Bell moved approval and issuance of licenses, the motion being seconded by Honebrink and the same was duly adopted.

Performance Bond of Thief River Falls Times in the amount of $1,000 with National Surety Corporation of New York, surety, was presented and was approved as to form and execution by the City Attorney. Alderman Hunt moved that the same be accepted and filed, which motion was seconded by Bell and duly carried.

Alderman Bell moved that bids for Diesel Crawler Tractor, duly advertised for bids having been made for this date, be opened and read. Alderman Honebrink seconded the motion which was adopted. Proposals were as follows: C. Gustafson & Son, Thief River Falls, 1—New International Model TD-9 Diesel Crawler Tractor with Drott Model 9K-5 skid shovel, 1¼-yd. FOB Thief River Falls $10,840.00, less trade in allowance used MM Model UTL and Lull Loader, net $9,540. Rosholt Equipment Co., Duluth, 1—New International Model TD-9 Diesel Crawler Tractor and 1 Drott Model 9K-5, 1¼-yd. bucket, $10,849.00, less allowance used M. M. Model UTL and Lull Loader $1,307.00, net $9,542.00. Borchert-Ingersoll, Inc., St. Paul, 1—New Allis-Chalmers Model HD5G tractor and loader, $10,500, less trade allowance M.M. UTL tractor and loader, $1,000, net $9,500. Wm. H. Ziegler Co., Inc., Minneapolis, 1—Caterpillar No. 4 Shovel, plus Minneapolis Lull unit, $9,400.00. Alderman Bell introduced a resolution accepting proposal of Wm. H. Ziegler Co., Inc., in the amount of $9,400 and moved its adoption. Alderman Berg seconded the motion. The roll was called on the question and all members voted in favor thereof. The resolution was declared passed and adopted.

There was presented Engineer's Preliminary Report on petition for construction of sewer and water mains along Maple Avenue South, from Gulf to Hughes Street, Paul A. Lundgren, Trustee, petitioner, indicating a cost of said Project at $6,250.00. Alderman Bell introduced a resolution directing that a public hearing on such proposed improvement be held in the Council Chambers at eight o'clock P. M. on April 20, 1954 and moved the adoption of such resolution. Alderman Honebrink seconded the motion and the resolution was passed by unanimous vote.

There was presented by Acting Police Chief a Payroll Classification Plan of the Department, pursuant to Ordinance No. 201. Alderman Bell introduced a resolution approving and ordering the same filed and moved its adoption. Alderman Honebrink seconded the motion and the resolution was passed by unanimous vote. Also presented was recommendation of Acting Police Chief for an automatic pay increase of Patrolmen Brea and McMahon. Alderman Bell introduced a resolution approving the same and moved its adoption. Alderman Berg seconded the motion and the resolution was adopted by unanimous vote. There was presented by Superintendent of Water Department, recommendation for automatic pay increase of Leland Lee, Operator, effective April 1, 1954. Alderman Hunt introduced a resolution approving the same and moved its adoption. Alderman Carlson seconded such motion. The resolution was then adopted by unanimous roll call vote. There was presented by Superintendent of Electric Department a recommendation for employment of John D. Nelson as full time meter man at salary of $215.00 per month, effective as of April 1, 1954, with automatic pay increase each six months period to salary of $260.00 per month. Alderman Carlson introduced a resolution approving the same and moved its adoption. Alderman Bell seconded the motion. All members voted in favor thereof and the resolution was declared adopted.

There was presented and read an addition to Engineer's Preliminary Report on petition for construction of Sanitary Sewer and water mains in the area north of 11th Street, not now served, indicating a construction cost estimate of $34,000 for sewer and $29,000 for water. Alderman Bell introduced a resolution directing that a hearing be held on April 20, 1954, at the Council Chambers to further consider such improvement and hear persons interested therein, and moved its adoption. Alderman Carlson seconded the motion and the resolution was thereupon passed by unanimous vote.

The Council considered the probability of construction of 8-inch water main along Davis Avenue from Third to Eighth Street as an added fire protection to the area and Alderman Bell introduced a resolution directing that the matter be referred to the City Engineer for study and report in a preliminary way and moved the adoption of such resolution. Alderman Carlson seconded the motion. The roll was called on the question and all members voted in favor thereof, whereupon the resolution was declared passed and adopted.

Alderman Carlson introduced a resolution directing transfer from Current Expense Fund the sum of $500.00 as a Mayor's Contingent Fund for the year 1954 and moved its adoption. Alderman Carlson seconded the motion and such resolution was duly adopted by unanimous vote.

Alderman Bell introduced an Ordinance providing for the licensing and regulation of electricians, establishing permit fees for electrical installations, regulating residential, commercial and industrial installations and establishing wiring regulations, repealing ordinance No. 271, Section 8 of Ordinance No. 116 and Ordinance No. 169 and moved that such proposed Ordinance be given its first reading. Alderman Carlson seconded the motion which was duly adopted and the proposed Ordinance was read and filed.

Mayor Israelson presented appointment of Mrs. H. O. Chommie, as member of Carnegie Library Board, succeeding Mrs. J. C. Zavoral, resigned. Alderman Hunt moved confirmation of the same, which motion was seconded by Alderman Carlson. All members voted in favor thereof and the appointment was thereupon declared duly confirmed. The Mayor recommended that arrangements be made for installation of bicycle racks in order to keep bicycles off the streets in the business section. The matter was ordered referred to the Street Committee for consideration. The Mayor also presented a request of Wamegonian Garden Club of the City that the present Ordinance concerning dogs be amended so as to prohibit dogs from running at large during the garden growing season. Alderman Honebrink then introduced an Ordinance preventing the running at large of dogs and providing for the impounding of dogs, repealing Ordinances No. 9, 58 and 180 and moved that such Ordinance be given its first reading. Alderman Berg seconded the motion. On the question Alderman Berg, Hunt, Honebrink and Gjernes voted Aye. Aldermen Bell and Carlson voted Nay. The motion was carried and the Ordinance was read and filed.

Alderman Bell moved that bids be called for and opened on April 20, 1954 for certain alterations to the fuel tank room at the municipal power plant and to provide a work shop and tool room therein, in accordance with plans and specifications, Project 5332. Alderman Honebrink seconded the motion which was duly adopted.

Alderman Berg moved that bids be called for and considered on April 20, 1954 for the furnishing of approximately 70,000 gallons MC 2 road oil, with anti-strip added, for improvement of streets during the present season. Alderman Honebrink seconded the motion and the same was duly adopted.

Alderman Bell introduced a resolution establishing salaries of City employees and moved its adoption. Alderman Carlson seconded the motion. The roll was called and all members voted in favor thereof whereupon the resolution was declared passed and adopted.

Alderman Hunt then introduced a resolution approving for payment various current bills and moved its adoption. Alderman Berg seconded the motion. All members voted in favor thereof and the resolution was declared adopted.

On motion made and duly carried the meeting was declared adjourned to Tuesday, March 23, 1954 at eight o'clock P. M.

LANDING THE BIG ONE!

What a thrill to land that old "granddaddy" of all fish ... to feel his vicious tug at the line ... to see his silver side gleaming in the sun as he rolls and breaks the surface. Then the big moment ... out of the water with a final great splash and into the landing net. He is yours!

The catch of a lifetime. You tell about it a hundred times over —about your new fly-rod, that special lure, the deep hole in the lake, the big rock where "granddad" used to lie. But somehow you can't put it all in words. It was your own personal experience with old "granddad."

In a way, religion and fishing are alike. You can't put religion all in words either. It's not just rules for living, or doctrines, or spiritual values. Religion is a personal experience with God. It's your struggle with God until you surrender your rebellious spirit and become His.

Come to church. There you will learn to know and love God. It's the one great experience of a lifetime—an eternal lifetime.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

9th District VFW and Auxiliary to Convene in [illegible]ity May 8 and 9

Mayor Agnes Israelson, District President, to Conduct Aux. Sessions

Overseas veterans of two world wars, together with their ladies, will assemble in Thief River Falls Saturday and Sunday, May 8 and 9, for the annual convention of the Ninth district Veterans of Foreign Wars and its auxiliary.

Local arrangements for the sessions are being made by Mayor Agnes Israelson, president of the district VFW auxiliary, and Harlan Huseth, commander of the local VFW post.

Mrs. Israelson, who will preside at the auxiliary sessions, stated that delegates will be present from 34 units thruout the Ninth district.

Registration of delegates will be conducted at the local VFW hall Saturday from 4 to 10 p. m., and Sunday from 8 a. m. to noon. The only activity scheduled for Saturday is a dance and entertainment in the VFW hall, starting at 9 p. m.

The men delegates will meet in the post meeting room Sunday morning at 9:30, while the auxiliary delegates will convene in the municipal Auditorium at 10 a. m. Among the guest speakers will be Mrs. J. Ashton Kennedy of Minneapolis, auxiliary department president.

A highlight of Sunday's program will be a banquet at 12 noon, served in the St. Bernards dining hall.

Following the banquet, business sessions will be resumed at 1:30, at which time district officers of both the VFW and auxiliary will be elected to serve during the coming year. Lunch will be served at the VFW hall at the close of the meeting.

Oscar J. Hopstad of Detroit Lakes is Ninth district commander of the VFW, and Sigwal Wood, also of that city, is district adjutant.

Upwards of 4,000 People at Auction Dollar Sale May 1

150 Merchandise Items Valued at over $2,000 Auctioned off in Arena

An unwieldy crowd, estimated at 4,000 or more persons, assembled in the Thief River Falls arena Saturday evening, attracted by the Auction Dollar sale, in which Auction Dollars, issued during April with purchases made by store patrons, were used to bid on more than 150 items of merchandise valued at in excess of $2,000.

The crowd was so large that those who were at a considerable distance from the microphone had difficulty in keeping up with the bidding, altho Col. Fred Bruggeman and Col. Andy Anderson, who served as auctioneers, did their best to make themselves heard.

Bidding was conservative on the first few items offered, a wrist watch going for as little as $425 in scrip. Toward the end of the auction, the bidders, eager to unload their accumulation of Auction Dollars, bid as much as $33,000 for a small item.

J. M. Roche, secretary of the Civic and Commerce association, who assisted with the auction, reported that a total of more than $100,000 in Auction Dollars was used in the bidding, leaving a considerable quantity still outstanding.

Threat of Snow Causes Canceling of Implement Fair

Due to unseasonably cold weather and predictions of snow, the automobile and farm implement street fair scheduled for last Friday on LaBree av. was cancelled Thursday evening. The snow didn't materialize, but temperatures were pretty chilly for standing around on street corners. No further attempt to stage the street fair this year will be made, it was announced.

Li[illegible]oln Interclass Play, "White-headed Boy," Given May 11-12

To Play Dual Role

MAYOR AGNES ISRAELSON

Who Saturday will have the duty, in her capacity of mayor of this city, of welcoming to Thief River Falls the Ninth district convention of the Veterans of Foreign Wars auxiliary, of which she has served the past year as president.

The Lincoln high school interclass play will be presented in the Lincoln auditorium Tuesday and Wednesday, May 11 and 12, at 8:00 p. m. The play, "The Whiteheaded Boy," is an Irish comedy written by Lennox Robinson, one of Ireland's outstanding playwrights and is under the direction of Miss Pat Hoffman and the student director, Joan Frahm.

The play centers around the "whiteheaded" or "fair haired," as we would say, son of the Geoghegan family in Ballycolman, Ireland. Lyle Guttu plays this role of Denis, the "darling boy" of Mrs. Geoghegan (Devera Borchert). In spite of the mother's protests, however, the eldest son George (George Gifford) decides that Denis must give up his favored role and begin to work for himself.

The other Geoghegan children, Peter, Kate, Jane, and Baby (played by Donald Armstrong, Carol Torgerson, Marilyn Ellsworth, and Janice Larson) heartily agree. Janis Bugge, playing the role of aunt Ellen a sharp tongued old maid, proposes they

Elks 1954 Youth Day Program to Be Friday

The Thief River Falls Elks lodge will be host Friday evening, May 7, to teen-agers of this city and surrounding community at its second annual Youth Day, Alvin Christofferson, exalted ruler announced today.

A highlight of the evening will be the installation of four Lincoln high school seniors as honorary city officials at 9 p. m., when the ceremony will be broadcast over KTRF.

The four youths, who will be installed by their official counterparts, include Robert Seulthorp, mayor; Darrel Durgan, municipal judge; Dennis Bushaw, chief of police; and, Duane Prestby, fire chief.

Also to be crowned Queen of the May will be Juanita Bakke, who last fall served as Lincoln high school Homecoming Queen.

The program will include a welcome by Christoffrson and a talk on the meaning of the occasion by Walt Jung, followed by dancing and games. Weather permitting, roller skating in the arena also may be arranged. The Elks will serve hot dogs, milk and pop to the assemblage.

Invited to attend are all youths from the seventh to twelfth grades.

Naturalization Hearing Friday

Six Candidates Will Be Examined in Court Room

Six candidates for naturalization will be examined at a hearing Friday afternoon, May 7, at 2 o'clock in the district court room in the basement of the auditorium, Henry Storhaug, clerk of court, announced today.

Judge Paul A. Lundgren will preside at the hearing, while the candidates will be examined by Clifford Milburn of the Fargo immigration office.

As in past years the American Legion auxiliary will present a short program in connection with the ceremony, under the direction of Mrs. Steve Austin and Mrs. Orris Johnson, cochairmen of the auxiliary's Americanism committee.

SELECTIVE SERVICE OFFICE CLOSED MAY 5, 6, 7

The selective service office will be closed Wednesday, Thursday and Friday, May 5, 6 and 7, due to the fact that Mrs. Ranum will be attending a clerks' conference in St. Paul. The office will again be open Monday afternoon, May 10 at 1:00 p. m.

Bemidji College Plans for Summer Session in City

Will Be Conducted in Lincoln High School from June 7 to July 14

Bemidji state teachers college again this year will conduct an extension or summer course for teachers at Lincoln high school in Thief River Falls, it was announced this week by Mrs. Martha Matheson, county superintendent of schools.

She stated that the course will begin June 7 and continue thru July 14, with classes in the morning from 8:30 to 12:30.

Courses to be offered include education 315, methods of teaching, social studies, science, arithmetic and English 123—communications. Those wishing further details regarding the course of study are asked to communicate with Mrs. Matheson at Thief River Falls.

Hamline 'U' Pays Tribute to Mrs. Rudolph Sagmoen

Mrs. Rudolph Sagmoen returned Monday morning from St. Paul, where she was one of 28 outstanding Minnesota women honored Saturday by Hamline University at its centennial anniversary convocation. The women were selected from among several hundred nominations made by state women's organizations. Dr. Paul Giddens, president of Hamline "U", presented the citations to the women in turn, and Mrs. C. Elmer Anderson, wife of the governor, was present to congratulate them.

Co. Board Awards Gravel, Grading Projects Tuesday

50 Miles of Graveling Jobs Let to Park Rapids Firm on Bid of $15,354

The Pennington county board at a busy session Tuesday awarded the contract for about 50 miles of graveling and regraveling to Joe Clementson and Son of Fosston on their bid of $15,354, lowest of five bids submitted.

Three township road grading projects also were let by the town boards in cooperation with the county board, the successful bidder in each case being the Park Region Construction Co. of Park Rapids.

The projects include one mile in Norden township, $4,477.20; three miles in Smiley, $8,492.40; and one mile in Deer Park, $2,369.59.

Black River township supervisors also were present to arrange for construction of one mile of new road to extend the mail route and serve a considerable number of residents.

A hearing was conducted on the nine petitions by property owners to be set off from School District 125 and annexed to the Plummer district, No. 16. The board concluded that a majority of the large delegation present was opposed to granting the request, and the petitions were denied.

C. and C. to Meet Thursday in Rex

A regular business meeting of the Civic and Commerce association will be held in the Rex Cafe Thursday, May 6, at 12:15. In the absence of President Arthur Christianson, Ralph A. Luhman, vice president, will conduct the meeting.

MOTHERS DAY OBSERVED IN NATION SUNDAY, MAY 9

Mothers thruout the land will receive special attention next Sunday, May 9, which is being observed over the nation as Mother's Day, with numerous family gatherings marking the occasion.

Council Talks Financing of City Projects

Indicates Bond Issue Will Be Necessary to Finance Larger Jobs

The city council, at an adjourned session Tuesday night, devoted considerable time to a discussion of means of financing the sewer and water main project in the north end of the city, estimated to cost more than $85,000, and indicated that it will be necessary to sell another bond issue to provide funds for this and possibly several other large projects. Definite action was deferred.

At the same time it was voted to call for bids on several smaller sewer and water main jobs.

Bill LaFave appeared in behalf of a committee including representatives of a dozen local organizations to confer regarding the proposed youth center addition at the rear of the arena. He suggested that sketches and cost estimates be secured, and asked the council to provide $300, adding that the local hockey club had agreed to supply the estimated $200 additional required. Action was put off to the regular meeting May 18.

A communication was read from the Civic and Commerce association, proposing a long series of steps that might be taken to improve the traffic situation in Thief River Falls.

One of the suggestions, calling for the acquisition of city-owned parking lots, received prompt attention when the council voted to proceed to condemn the three lots on the corner south of the postoffice owned by the Mission Covenant church.

The church had recently offered to sell the lots to the city for $12,000, with a May 15 deadline for action. The council apparently considered the price excessive, hence voted to acquire the property by condemnation.

The council also devoted some time to considering the recommendation of the Northwestern Hospital board that LaBree av. south of First st. be widened to accommodate the heavier traffic that will result with the comple-

Steiner, St. Hilaire 4-H Clubs Win in Play and Music Contests

DRENG BJORNARAA SERVES

Dreng Bjornaraa of Minneapolis, formerly of Thief River Falls, presided last week as chairman of two sessions of the eighth annual young mens' conference in St. Paul, sponsored by the Rotary club of that city.

The Steiner and St. Hilaire 4-H clubs presented the winning play and music number in the annual 4-H play and music contest Monday evening in the Lincoln high school auditorium. Winners in the event and in the good grooming contest earned the right to participate in the district contest presented at Crookston during 4-H Club Week June 21-25.

"New Girl in Town" was the play presented by the Steiner club for top honor. Other clubs participating were Rocksbury, Kratka and Highlanding. Jeffrey Hartje sang "4-H Pastoral" and "Oh, Mein Papa" for the top music number. He was accompanied by Janice Rood. Double N, Highlanding and Kratka clubs were represented in the music contest also.

In the good grooming contest, Irene Morris of Goodridge and Milton Leiran of Silverton were named winners in the 14 and under age groups. Winners in the and older group were Shirley Ann Wik of St. Hilaire and Richard Burtness of Silverton.

More than 1400 attended the contests which were held at Goodridge, St. Hilaire and Steiner and Thief River Falls. Twelve clubs presented plays, while nine participated in the music divisions.

Judges for the play and music contests were Stella Tostenson, Marlys Carlander, Doris Peterson, Mrs. Gunder Legvold, Judy Halvorson, Mrs. J. Arthur Johnson and Mrs. Wesley Waage, all of Thief River Falls, Mr. Lysacker and Mr. Reiersgord of the Northwest School at Crookston. Carol Bjerken, Mrs. Charles Richards and Dave Vaaler selected the good grooming winners.

First Patient at Mercy Hospital Is Last to Leave

The last patient to be discharged from old Mercy Hospital in Thief River Falls previous to its closing on Friday afternoon, April 30th, was Mrs. Bella McAdam of Middle River. Mrs McAdam is shown in the picture above with Grace Kristiansen, R. N., who has been the nurse in charge at Mercy Hospital, and Harold W. Peterson, administrator of Northwestern Hospital.

During the last day of the occupation of Mercy Hospital, it became apparent that a very strange coincidence was taking place. It was found that Mrs. McAdam, becoming the last patient of Mercy Hospital, had also been the very first admission to the hospital on the day of its dedication in 1915, 39 years previously.

Mrs. McAdam stated that she lived at Warren at that time, and had been admitted to the hospital for care of a ruptured appendix. She added that she had been in the hospital some twenty different times during the course of the past years. She recalled that drs. H. W. Froehlich, F. N. Gamble and O. F. Melby had been her physicians at the time of her first admission.

State Area Music Festival Here May 7 and 8 Will Draw over 1,900 High School Musicians to City

Students Who Earned 'A' Ratings in Dists. 30-32 Are Eligible to Compete

More than 1,900 young people representing outstanding musical talent from 33 high schools in Districts 30, 31 and 32, all of whom won "A" ratings in contests in their respective districts, will assemble in Thief River Falls Friday and Saturday for the annual state area music contest and festival to be held in Lincoln high school.

Supt. W. G. Claffy is regional music chairman, with Kalmer Ostby in charge of local arrangements.

Scheduled for Friday are instrumental and vocal soloists and ensembles, while Saturday morning at 9 the band auditions will begin in the school auditorium, followed at 1 p. m. by the glee clubs, choruses and orchestras.

A group of nearly a dozen mixed choruses will be presented Saturday evening at 7:30 in the Lincoln auditorium. Admission fees for the concert will be 50 cents for adults and 25 cents for students. School officials urged the public to attend the event and hear the young musicians perform.

Serving as judges at the festival will be Dr. Bruce Howden of St. Olaf college, Northfield, instrumental; Dr. H. D. Harmon of Moorhead state teachers college, bands, glee clubs and choruses; Dr. Arnold Caswell, University of Minnesota, vocal numbers; and Dr. Paul Ivory, also of the U. of M., piano selections.

Competing last Saturday in the district 31 contest at Crookston, the Lincoln high school band, girls' glee club and mixed chorus, in addition to a large number of soloists and ensembles, won the coveted "A" rating, entitling them to enter the area festival here Friday and Saturday.

Local ensembles given "A" ratings include the girls sextet, madrigal singers, clarinet quartet, flute quartet, drum ensemble and cornet trio.

Soloists earning "A" ratings were Gene Bratsch, Gail Brown, Karen King and Durelle Newbury, vocal; Janet Nelson and Ara Peterson, piano; Linda Wold and Marshall Simons, cornet; Kathleen Walker, tuba; Joyce Helgeland, oboe; Karen King, piccolo; Beverly Wegge, clarinet; Janet Nelson, snare drum; Patricia Wold, flute; and Marlion Hafdahl, clarinet.

The tentative program for the Friday portion of the festival calls for instrumental solos in the high school band room at 10 a. m., with pianists scheduled for the same hour in the auditorium, as well as vocal soloists. Vocal ensembles will be heard in the auditorium, starting at 3:15 p. m., while instrumental ensembles will perform in Room 111, beginning at 3 o'clock.

Vocational School's Future Held at Stake

If Thief River Falls is to retain its area vocational-technical school started here five years ago, the school district will have to take steps at an early date to supply adequate facilities to replace the present temporary quarters, and at the same time to increase the number of courses of study offered.

This was the conclusion of Harry C. Schmid, state director of vocational training, following a study of the local situation last Wednesday made at the request of the advisory board of the vocational school.

After conferring with local citizens during the day, Mr. Schmid and his deputy, S. K. Wick, reported on their findings at an evening meeting in the Lincoln high school library attended by 50 persons. C. W. Pope, director of the local school, presided.

The local school, said Schmid, is one of 12 similar institutions in Minnesota providing technical training for young people in and outside of the local school district. State aids, he added, make provision so that the outside students are no burden to the local district.

He stated that the present facilities for high school industrial arts and agriculture classes also are inadequate, and that provision should be made for these departments in any new construction program.

Mr. Wick stated that present sub-standard facilities should be replaced by a new building of simple construction, one story in height and providing about 20,000 square feet of floor space. He estimated the cost of such a building at from $180,000 to $200,000, and pointed out that it

Juvenile Order Of Foresters Install Officers

The Juvenile division of the Womens Catholic Order of Foresters held their monthly meeting Wednesday afternoon, April 28 in the clubroom at St. Bernard's church. After the order of business was completed an installation of new officers was conducted. A complete slate of officers had been elected at the March meeting. Before the election, director Mrs. Froehle suggested that the juveniles of the court rotate in office thereby familiarizing as many of the members as possible with the duties and functions of the fraternal organization. Mrs. Pete Breznay was then introduced as worthy installing officer.

The new slate of officers installed were Cecelia Gall as junior chief ranger; Francha Conners as vice chief ranger; Mary Jo Froehle as recording secretary; Janice Travis and Beverly Kleinvachtor as flag bearers; Katheryn Miller as senior conductor; Jaclyn Carlson as junior conductor; Vickie Goulet as inside sentinel; and Judy Rodekuhr as outside sentinel.

After the installation a short magician skit was preformed by Mary Jo Froehle.

Beverly Kleinvachtor won the door prize, her name being drawn from a tall magician's hat.

Lunch was served at the close of the evening to the twenty-nine present.

Mrs. O. F. Mellby's Sister Is Honored

Gladys Grindeland Gets Tribute for Musical Work

Miss Gladys Grindeland, a native of Warren, associate professor of Fine Arts at Upsala College, East Orange, New Jersey and sister of Mrs. O. F. Mellby of Thief River Falls, has been selected as recipient of the 1954 Alpha Phi Omega alumni service award in recognition of her outstanding service to Upsala and the community in the field of music. Miss Grindeland is the first woman to receive the award.

Sixteen years ago Miss Grindeland organized a small group of choristers at Upsala into an a cappela choir. This choir has developed through the years and now numbers a select group of seventy voices. This group appeared at Town Hall in New York City this year as well as in previous years.

The Upsala Choral Society, composed of members of the community, members of the Upsala College faculty, and students, was formed by Miss Grindeland in 1946. Other singing groups, both large and small, have been conducted by Miss Grindeland in the community.

Miss Grindeland has been at Upsala since 1937.

Girl Scout Council Plans for Spring Session Saturday

Mrs. Gunder Legvold to Preside at Meeting in Trinity Parish Building

The northwestern Minnesota Girl Scout Council will hold its regular spring meeting on Saturday, May 8 in the Trinity parish education building beginning at one o'clock. Mrs. Legvold, council president, will preside over a discussion of the budget for 1955, the chief item of business.

Other items include a discussion of the regional conference to be held in Minneapolis in October of this year and whether or not Senior Scouts should attend. All registered Girl Scouts in this eight-county area council are eligible to attend and take part in the discussions and decisions. About 100 adults are expected to attend.

The spring council meeting will be preceded by a meeting of all those interested in day camping throughout the area. This day camp session will be held in the basement of the city auditorium beginning at 10:30 a. m. A film, entitled "Adventures At Day Camp" will be shown, and many ideas for improving the day camp program will be given.

Members of the board of directors for the Northwestern Minnesota Council are Mrs. Gunder Legvold, president; Mrs. Carl E. Carlson, Warren, vice-president; Miss Ruth Swanson, Roseau, secretary; L. J. Gustafson, Thief River Falls, treasurer; Mrs. Ted Mills, camp chairman; Mrs. Warren Ferber, staff and office; Warren Ferber, finance; Mrs. Lloyd N. Nelson, Ada, program; Miss Ethel Bennett, public relations, Mrs. Les Hurst, Warren, training, and Mrs. Ray Ruhn, McIntosh, nominating membership.

Coya Knutson to Run for Congress

Definite Announcement Made Monday at Moorhead

Mrs. Coya Knutson of Oklee, state representative, 65th legislative district, speaking at Concordia College in Moorhead Monday, announced definitely she is a candidate for Representative to Congress from the 9th District.

Mrs. Knutson said, "We should have a Democratic Congress which will truly represent the interests of agriculture instead of the Republican Congress which sets up agricultural committees dominated by eastern interests, who are for 'flexible farm price supports.' We need 100% parity for a permanent agricultural economy.

"I feel that we should raise the calibre of our congress above the "smear" of innocent people, the indiscriminate, poorly prepared investigations that dishonor our social justice. If I become a representative I pledge devoted and untiring efforts to represent my people."

Mrs. Coya Knutson appointed Bill Kjeldahl of Fergus Falls as her campaign manager.

51 Workmen Now Employed on N. W. Hospital Addition

Lathing and Plastering Now in Full Swing; Some Equipment Being Put In

Fifty-one workmen are now employed on the new Northwestern Hospital addition. Included in this number are 5 carpenters, 14 laborers, 6 bricklayers, 1 plumbing superintendent, 3 plumbers, 3 steamfitters, 1 welder, 4 metal lathers, 1 plaster foreman, 5 plasterers, 4 electricians and 3 terrazzo men.

All partitions on the upper three floors are now complete, and all room partitions on the ground floor will be finished this week. Two coats of plastering have been completed in the third floor. Lathing and plastering are in full swing. Large amounts of equipment are beginning to come in for installation purposes. Blowers and fans for the ventilating system are being installed. Terrazzo work in the surgical and obstetrical areas are being started this week.

Concrete topping for asphalt tile has been completed in all parts of the hospital except on the ground floor. Piping for the oxygen supply is also finished.

Grading and site development will start very shortly. This is a part of the necessary landscaping in the area of the hospital. Traverse rods and refrigerating piping are being roughed in.

Northern Woodwork Company of Thief River Falls is busy preparing the cabinet work for the hospital. At the time of the installation of this cabinet work, additional carpenters may be required for the job.

Larson Co. to Hold Cooking School in City Friday, May 14

WDAY Entertainers Also to Appear on Program in Municipal Auditorium

Homemakers will have an opportunity to learn new and exciting surprises in cookery at the Philco cooking school. Presented by the Larson Company, the school, will begin at 2:00 p. m. on Friday, May 14 at the city Auditorium. The school will be conducted by Mary Carmody, noted home economist. Assisting her will be Mrs. Alma Oehler, who in previous years has done extensive work in this area.

Some of the highlights of the cooking school will be the demonstration of the newest cooking methods, new menu ideas, new ways to plan, prepare and serve meals. Feature attractions are the Philco range and the two-way door refrigerator.

Also, on the program is entertainment provided by TV stars from WDAY, Fargo. There will be no admission charge and arrangements have been made through the Mostue's Flower Shop to give roses to the first 25 women to arrive. Dakota Maid Products, who are cooperating on the school is giving Dakota Maid Cake Mix to the next 36 women. Other gifts and prizes will be drawn for at the school.

Tickets can be obtained in advance at the Larson company. The doors of the Auditorium will be opened at 1:00 p. m. and all tickets picked up in advance at Larson's will reserve a seat until 1:30 p. m.

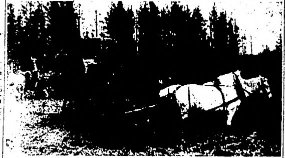
Lewis Nelson Reached Back 63 Years For This One



Among the Old Timers of the community Lewis A. Nelson of Smiley is really an old timer. He tells us he is enjoying very much the pictures we have been running showing interesting views of activities of a half a century ago. These are "recent scenery" to Mr. Nelson and he proves his point by bringing the above picture up from the bottom of his trunk. It is a threshing scene in New Solum township in Marshall County and to the best of his recollection it was taken on a frosty fall day in 1891.

This is a picture of a speedy eight horse power engine that at that time was replacing the old slow-moving ox-power type of machine. It was giving power to an Aultman-Taylor separator. Under favorable conditions Mr. Nelson says they were able to thresh as much as 400 bushels a day.

Mr. Nelson's parents, Mr. and Mrs. N. A. Nelson settled in New Solum township in 1885, coming here from Mankato. At that time Lewis was 14 years old and he was twenty when he was operating his own threshing outfit. He later served as deputy sheriff in Marshall county, taking time off to serve in the Spanish-American war. In 1904 he came to Thief River Falls where he worked as a locator when the reservation was opened for settlement. For four years prior to 1910, when Pennington seceded from Red Lake County, he was the sheriff of Red Lake County.

TRF Circuit of Missionary Group to Meet at Halma

Women's Federation of ELC Plans Convention Next Tuesday, May 11

The Thief River Falls circuit of the Women's Missionary Federation of the Evangelical Lutheran church will hold its spring convention at the Eidsvold church in Halma on Tuesday, May 11, beginning at 10 a. m.

The Rev. C. M. Cherland is pastor of the church and will give the opening sermonette based on the convention theme "Redeeming the Time" from Ephesians 5:15-18.

Guest speakers will include Miss Elizabeth Heerdé, missionary to Colombia, So. America and Rev. A. W. Hagen, field representative for foreign missions of the E. L. C.

The W. M. F. Circuit chorus under the direction of Mrs. Cherland of Karlstad with Mrs. Art Stenberg, Thief River Falls, as accompanist, will sing two numbers.

Officers of the circuit group are Mrs. Henry Nubson, Greenbush, president; Mrs. Torbin Bolin, Wannaska, first vice president; Mrs. Obert Wammer, Badger, 2nd vice president; Mrs. Kenneth Boyum, Greenbush, secretary; and Miss Bergit Lee, Ross, treasurer.

DUANE RAFTESETH ON TOUR WITH ND "U" VOCAL GROUP

The Madrigal Singers, a group from North Dakota "U" at Grand Forks, will appear at high schools in Fertile and McIntosh next Monday, May 10, and will then go on to Winnipeg for a concert appearance. A member of the group is Duane Rafteseth, son of H. B. Rafteseth of this city.

4-H Talent Event Slated in County

Winners Will Complete in Statewide Contest

Members of all 4-H clubs in Pennington county are invited to take part in this year's 4-H Search for Talent contest, County Agent William Penning announced today.

For the fifth successive year a statewide 4-H Search for Talent contest is being sponsored by the University of Minnesota agricultural extension service in cooperation with Cargill, Inc.

County contests will be completed by June 1. Penning urges that between now and that time each club in the county select an individual or group to put on a musical, dramatic or other talent number at the county talent show.

This year's rules specify that:

1. All contestants must have passed their tenth birthday but not have passed their 21st birthday on January 1, 1954.
2. Talent numbers must be limited to six participants, not including the accompanist.
3. Individual participants should limit themselves to one instrument, if they are giving an instrumental number.

County, district and state champions will receive awards from Cargill. The three top-placing contestants in the state event will receive $100, $75 and $50, respectively. These awards will go to the county 4-H federation or local club sponsoring the winners.

Eagles Dances to Aid in Financing 50th Celebration

The Fraternal Order of Eagles in Thief River Falls are now going ahead with plans to assist in the 50th anniversary celebration in the city and raising funds providing public dances in their auditorium two Fridays each month. During the month of May dances will be held on the 7th and 21st. There will be an admission charge of 50c per person to the dances and the proceeds will be forwarded to the Civic and Commerce association. The Eagles lodge as well as other fraternal organizations in the city are cooperating in various ways to assist in making the anniversary celebration an outstanding civic project.

Local Officials Confer on Friday at Fergus Falls

Welfare Board Members and Staff at Conference Held at State Hospital

A delegation of local officials were present at a meeting at Fergus Falls state hospital Friday, April 30th. Those attending from this county were Glenn Tasa, Mrs. Adam Lendobeja, and Mrs. Otis Wold of the welfare board; Mrs. Patricia Erickson, Ralph Hunt, Robert Cageseth and John X. Lynsay from the welfare staff; and Judge Herman A. Kjos.

The purpose of the meeting was the clarification of the need of the cooperation and understanding between local and state officials for the purpose of carrying out the functions of the hospital.

Among those who addressed the 400 people attending the conference were Governor C. Elmer Anderson; Jarle Leirfallom, commissioner; Dr. W. L. Patterson, superintendent at Fergus Falls; and Dr. Cameron, new Minnesota commissioner of mental health.

The visitors, including many members of the state legislature, had a noon dinner of the same food which is fed the patients. The afternoon was spent in a tour of the entire hospital, during which it was demonstrated that there are no persons kept in restraint in the hospital. The visitors mingled freely with the 1900 patients in the institution.

Local Recruiter at Fargo 10 Days

T Sgt. Raymond E. Dunn, local Army and Air Force recruiter, left Tuesday for Fargo to attend a ten-day sales and indoctrination course at the main recruiting station in that city. The local office on the second floor of the Elks building will remain closed until May 17.

CHATTING with your HOME AGENT

Margo Olson

Pennington county homemakers have selected a lesson on the use of dairy products to be part of the extension home program for next year. With this in mind, and remembering too that Northwest Dairy Day is less than five weeks away, let us think for the next few weeks about using *dairy products. Are we using enough? How can we use more? Is it true that dairy products are fattening, especially milk?* These are some of the topics that we will think about.

First, Mrs. Homemaker, are you getting enough milk? Though most mothers make an effort to see that their children get enough milk, they often don't do so well for themselves. In fact, diet surveys show that women generally have a poor record as milk consumers, often taking far less than they need for adequate nutrition.

As a group, women probably consume the least milk — less than men, less than teen-agers. Studies show, too, that older women use less than younger women. Even expectant mothers, whose nutrition needs can scarcely be met with less than a quart of milk a day in a well-chosen diet, often use much less.

This year when milk and milk products are so abundant, women may well be alerted to their need for these foods. For the money spent, milk makes excellent returns in high-quality protein, calcium, riboflavin and other minerals and vitamins so that, even in planning low cost diets, liberal quantities of milk should be included for the women as well as the men and children in the family.

I have had two calls about slip covers during the past couple weeks. Mrs. Myles Eftoland and Mrs. Lester Campbell both inquired about them. *If you're interested in making slip covers,* we have an excellent bulletin "Slip Covering Your Furniture," in the office. On the other hand if you're washing your slip covers, here are some tips for you.

Many fabrics used for slip covers, particularly cotton fabrics, may be laundered successfully at home in washing machines. However, it pays first to make sure that fabric and bindings are washable and preshrunk. Otherwise, colors may run or the covers may come out too small to fit the furniture. Brush out any loose dirt and dust from seams, and remove any conspicuous stains such as grease spots before laundering. Close all zippers or snaps before washing.

It saves fabric and makes for easier cleaning if covers are laundered before they become badly soiled.

For washing in the machine, use a mild soap or synthetic detergent in lukewarm water. If all soil is not removed, use a second short wash and rinse. Avoid setting in wrinkles by spinning only a short time in a spinner machine or by releasing the tension on the wringer rolls in a wringer machine. Hang the cover straight on the line and let it dry.

While putting the cover on the chair while still damp may save ironing, it is a questionable practice. Slow drying may cause stains along the hems or bindings. Some homemakers report stains from upholstery fabric underneath. Careful ironing so the cover does not stretch out of shape seems safer.

You should have your pressure canner gauge and safety valve tested beforecanning season begins. To have yours checked, send the parts to be tested to the State Bacteriologist, Dr. G. A. Vacha, before May 15. Remove the pressure gauge and safety valve, and wrap carefully. Insure the package and prepay postage. Enclose stamps for return postage and insurance. Write your name and address plainly and send to: Dr. G. A. Vacha, State Department of Agriculture, Dairy and Food; State Office Building; St. Paul 1, Minn. When the parts are returned to you, replace carefully so that you will not strip the threads.

Nearly 800,000 persons were injured in weekend traffic accidents last year.

With most dairy farmers thinking about how to maintain profits it's a good idea to remember one of the old rules—Keeping milk clean.

I think it is important to pay attention to these little details—increased output, culling unproductive cows, improving milk quality, devising easier, shorter and more efficient work plans—that's going to keep the dairyman in business and showing a profit.

One good rule is keeping milk clean. Many cows are out in muddy yards much of the time and need a gentle, thorough wash job around udders and flanks before milking.

It's a good idea of course, to get out the clippers and remove extra-long hair from udders and flanks. Less dirt will cling to a clean-clipped cow.

Inside the milk house is another place where cleanliness pays. Tightly covered cans will not allow dust or tiny dirt particles to get into the milk. It's logical, too, to keep the cooling tank closed tightly and tie a canvas over cans on the road.

Most people know these rules and follow them, says Harold R. Searles, Extension dairyman at the University of Minnesota.

"Some few farmers know the rules, but don't always follow them—and it's costing these farmers good, hard money," says he.

How do you stack up with these old rules? Follow them carefully, and using your common sense and skill to improve them, will go a long way toward keeping you "In the black" with your dairy operation.

Rural Youth Member of Year

A leadership award this year will be presented to a Rural Youth member in Pennington county who has made outstanding contributions in serving his club. The Pennington county leadership award winner will then be considered, along with other county winners, for the state leadership title.

Pennington county's Rural Youth member of the year will be nominated by members of the Rural Youth group at their meeting on May 6th. Each member will have an opportunity to write his nomination on a secret ballot, giving reasons for his nomination.

Any local Rural Youth member is eligible for the award who is a member in good standing, is between the ages of 18 and 30 and has been an active member within the last year. Names of county winners must be in the hands of the state judging committee by May 20.

The new leadership award is being sponsored by Radio Station WNAX, Yankton, South Dakota, in cooperation with the agricultural extension services of Minnesota, South and North Dakota, Nebraska and Iowa.

Each of the five states will select a Rural Youth member of the year who best exemplifies local club leadership. Winner of the award in each state will receive an all-expense trip to Western Regional Conference of Rural Youth in Peru, Nebraska, June 4-5-6. County winners will receive recognition pins and certificates.

Pioneeer Days in This Area

By Oldtimer

The early settlers built lime kilns and burned lime stone for lime to be used for plaster and to white wash log buildings. Fred Blomberg had a lime kiln located about where the railroad crosses the sandbridge at Rosewood. An enormous amount of plaster was necessary to fill the openings between the logs. Some farmers used clay and chopped straw and after this was worked into a smooth mass it was good plaster for outside walls. After this plaster was washed with lime it would last indefinitely, if the walls were treated with lime once each year. The inside walls were also washed with lime.

Previous to the turn of the century self-feeders on threshing machines were unknown in our community. The grain was fed into the cylinder by hand labor, the men that did this work being called "feeders." It was very hard work and a feeder would work a shift of about two hours. There were usually two feeders with each machine.

The feeder and two band cutters stood on a platform in front of the cylinder, there being one band cutter on each side of the feeder. They cut the twine using a tool made from a binder sickle section. The handle was strapped to the wrist so that the cutting tool would not fall into the machine.

I cut bands for Tollef Tunhiem, Lars Rosland, Anton Gulseth, Gust Opseth and John and Chris Bugge. As far as I know John Bugge is the only man now living of the above named pioneers.

There were no wind straw stackers in those days and it was a rough job to stack the straw back of the straw carrier. When the straw was to be burned out in the field it was bucked away from the machine in heaps. There were no conveyors or scales to measure the grain threshed but there was a tally box with bushel baskets, the tally box being operated by one man. When the basket was full it was taken out and the tally would trip, and in this way indicate the number of bushels threshed. Tending the tally box was a hard job.

When there were wet fall seasons is was often difficult to move threshing machinery on the roads or fields and it was not unusual to have mired in the mud for several days. Because of wet weather it was some times necessary to suspend operations until the ground was frozen. Aside from it sometimes being disagreeably cold this was not too difficult because all the grain was in stacks. There was one disadvantage to winter threshing however. The stacks sometimes became ice coated and ice would get mixed with the grain.

spread a fantastic lie about Denis' assuming a "Big Position" in Canada, with the aid of Hannah the maid (Sharon Evenstad) and Jane's betrothed, (Darrell Rude).

Trouble begins when Mr. Duffy (Richard Kruse) threatens the family with a breach of promise suit on behalf of his daughter Della (Kathy Flom), Denis' former fiancee. would relieve some of the congestion in the Lincoln building.

Asekd to comment on the proposal, Supt. W. G. Claffy endorsed the suggestions of the state officials, and expressed the view that the program is well within the resources of the community. He also mentioned that the local board of education has engaged the services of the U. of M. Bureau of Field Studies to make a survey of the local area to determine the future potential in respect to enrollment *trends and other factors.*

Dr. A. E. Jacobson, president of the state board of education, emphasized the fact that the state is not trying to force the local schools into the proposed program, and said the final decision is in the hands of Thief River Falls citizens.

L. B. Hartz urged support of the expansion plans as a means of helping Thief River Falls retain its position of leadership among Minnesota communities.

Similar statements endorsing the program were made by Robert J. Lund, Stuart McLeod, R. S. Eldevik, G. H. Mayer-Oakes, Mayor Agnes Israelson, Harvey Helle, Kalmer Ostby, Gordon Nohre and W. E. Dahlquist.

At meetings held Wednesday noon and afternoon with special groups, the possibility of extending the present practical nursing program and adding courses in commercial and secretarial work, dairy sanitation and various trades were discussed.

T. R. Falls Lions Present Charter at Middle River

Nearly a Dozen Members of Local Club Share in Ceremony on Wednesday

A dozen members of the Thief River Falls Lions club and their ladies attended the charter night observance of the newly organized Middle River club last Wednesday evening.

Bill LaFave, deputy district governor, presented the club charter to David Mead, president of the Middle River group, and, in behalf of the sponsoring Thief River Falls club, James Parkins presented a gong and gavel.

Wm. Thompson of this city opened the meeting, and turned the program over to Supt. Robert Prickett of Middle River, who served as master of ceremonies and introduced as the guest speaker Supt. Paul Anderson of Karlstad.

Altho bringing greetings Was Dr. E. S. Amesbury, international councillor of the Lions. The Middle River high school sextet sang a group of selections to complete the program.

Serving as tailtwisters to enliven the meeting were Cliff Bjorkman of this city and Charles Collins of Middle River.

30 Texaco Dealers Convene Tuesday

Thirty area Texaco dealers were present Tuesday evening at the annual spring Texaco dealer meeting held at the Rex Cafe.

In keeping with an annual practice, The Texas Company presented appreciation awards to two Texaco dealers in this vicinity in recognition of years of association with the Company. Twenty-year award in the form of a 20-year gold pin and plaque was presented to Eldor Erockson of Greenbush, fifteen-year appreciation plaque was presented to W. C. Walton of Middle River.

A highlight of the evening was the film program, at which was shown the 1954 Texaco dealer movie, "The First Team," and Yours Exclusively," starring Texaco's new Top Octane Sky Chief gasoline.

Host for the meeting was Wayne Sewaske, zone manager of Detroit Lakes. Sales plans for 1954 were outlined by C. Chinn, Texaco state manager for Minnesota.

Northrop PTA to Meet on Monday

New Officers Will Be Installed at Session

The final meeting of the school year for the Northrop PTA will be held next Monday, May 10, at 8:00 p. m. in the school auditorium. There will be installation of officers who will preside for the coming year. They are Don Lawrence, president; Mrs. Robert Quale, vice president; Mrs. Walter Weigelt, secretary; Mrs. Ralph Skjod, treasurer.

The meeting is being held especially to honor the teachers and will be chiefly a fun night with various games to be played.

Lunch featuring barbecued hamburgers will be served by members of the executive committee. A prize will be given to the room with the most parents attending the meeting.

Three Candidates Seek 2 Posts on Education Board

With Thursday, May 6, the deadline for filing for the two posts on the Thief River Falls board of education to be filled in the school district election Tuesday evening, May 18th, a contest was assured this week with the filing of a third candidate, Oscar Hoglin.

Previously filing were R. S. Eldevik of this city and Mons Engelstad of Rocksbury township.

The three men are aspirants for the places on the board to be vacated by Andy Williamson and Fred Koop.

tion of the new addition. Action, however, was deferred.

The Union Gospel Tent Mission again was granted the use of a portion of the Central school grounds for its tent meetings this summer. Action was deferred on a request from Mrs. Don Lawrence, president of the Woman's club, that the club be given the use of the large room in the basement of the Auditorium shortly to be vacated by the National Guard. She pointed out *that, with the growing membership of the club,* the present room is inadequate.

Salary increases were voted to more than a dozen city employes, including the city clerk, assessor, attorney and members of the fire department.

The council granted the use for Dairy Day June 8 of the Auditorium and arena, as well as Second st. alongside the two buildings and Knight av. from First to Second st.

Three Lose Lives in Blaze at Redby

Children Die in Fire on Indian Reservation

Two children and a teen-age girl burned to death early Monday at Redby when a one-room home was leveled by fire during the worst May snowstorm in more than 40 years.

The mother of the youngsters escaped a few seconds before the home was enveloped in wind-driven flames about 1 a. m.

Dead are Barbary Roy, 4, her brother, Howard 2, and Catherine Gurneau, 17.

Mrs. Genevieve Roy, about 35, was treated in the Red Lake Indian hospital for minor burns and released.

The small board house was located on the edge of the reservation.

Would-be rescuers were hampered by a severe snowstorm which left about 10 inches of new snow in the area. An old-time resident said it was the worst May storm in 44 years.

Remains of the children were found together in a crib. Remains of the Gurneau girl were near the door.

300 Attend Fire School in St. Paul

Fire Chief Roy Langevin Tells of Week's Program

Approximately 300 persons were enrolled at the third annual Minnesota state fire school held April 26 to 30 at the University school of agriculture in St. Paul, Fire Chief Roy Langevin, who attended the event, reported on his return to this city.

J. O. Christianson, director of short courses, was in charge of arrangements.

Speakers included many authorities on fire-fighting and prevention, including Emmet Cox, chief field officer of the Western Actuarial Bureau; Mark Brosier, supervisor of firemanship training at Iowa state college; Joe Fetters, in charge of a similar course at the University of Missouri; and Wm. Freitag, engineer with the Fire Underwriters Inspection Bureau in Minneapolis.

Pumper and fire extinguisher demonstrations were given at the state fair grounds, and instruction in water rescue and salvage was given at the gymnasium on the St. Paul campus.

Lincoln High Girls Athletic Assn. to Sponsor Play Day

"Alice in Playland" Is Adopted as Day's Theme; 17 Schools Are Invited

The Lincoln High School Girls Athletic association is again sponsoring its annual play day Saturday, May 15.

They have chosen as their theme this year, "Alice in Playland," and are carrying out the idea accordingly. Names of teams are taken from the various characters found in the story, "Alice in Wonderland."

The day's program will begin with registration, organization of teams and welcome at ten o'clock. Activities which include soccer, volleyball, basketball, relays, recreational games, softball and tennis will begin at eleven o'clock and continue to 12:00 when lunch will be served.

The activities will continue in the afternoon until 3:30 at which time a program made up of skits from the various schools and a ceremony crowning of the Queen Alice of Playland will be given.

Seventeen schools have been invited, and the local association is hoping for a big success.

Community Chest Board Is Elected

Board to Name Officers at Meeting Thursday

A representative group was present last Thursday evening at the annual meeting of the Pennington County Community Chest in the Civic and Commerce room.

Directors elected to serve three-year terms include Ted Helle, Mrs. George Haken, Rev. W. M. Pedersen and R. S. Eldevik. Les Campbell was named for two years to fill out the unexpired term of Neil McElwee, resigned.

An interesting discussion was held relating to the fund drive conducted last fall, which failed to reach the assigned quota by a considerable margin.

Mrs. M. R. Levorson, secretary, announced that the new board will hold its organization meeting Thursday, May 6.

Audience of 700 at High School Concert Tuesday

An audience of 700 persons was generous in its applause at a concert presented Tuesday evening by Lincoln high school music groups in the school auditorium.

The program included selections by the school band directed by T. Salo, the girls glee club and mixed chorus directed by Miss Marlys Carlander, and the seventh grade chorus directed by Miss Judith Halverson.

As a rousing climax to the program, the band and chorus joined in rendering "The National Creed," by Williams.

May Starts out with Heavy Layer of Snow in Area

The merry month of May started out in this locality with a heavy snowfall, most of which melted soon after hitting the ground, while the Bemidji and International Falls areas reported a foot or more of the white stuff. The added moisture, together with subfreezing temperatures each morning during the past week, has served to keep field work at a standstill, causing farmers to become concerned about the lateness of the season. The week's low reading of 23 was recorded this morning.

Social Security Agent Here May 11

To Confer with Citizens at Employment Office

"Major changes in the social security Act during recent years have not only provided more security for more people, but have also made it much easier to obtain this protection." This statement was made today by Walter D. Kistler, manager of the Grand Forks office of the Social Security Administration.

"Although millions of workers have been paying for this protection for years," Mr. Kistler continued, "a surprising number are still totally uninformed as to what this program means to them. They are surprised in many cases, to learn that there are benefits payable to survivors in death cases."

Mr. Kistler urges that workers get up-to-date information about what the social security program means to them and their families. They should know what the program provides to a man's family in the event of his death. They should know something about what they can expect as payments upon retiring after age 65.

A representative of the Grand Forks social security office will be at the employment office in Thief River Falls on Tuesday, May 11, at 10:00 a. m. Mr. Kistler urged any individuals who may have questions relative to the social security Act to call on him at that time.

Municipal Court Transacts Little Business in Week

Municipal court here handled less than the usual amount of business during the past week. Brought in by the highway patrol, Dennis P. Conner paid a fine of $10 and $1 on a careless driving charge.

Robert Joringdal, charged with speeding at 40 miles per hour in the city, was fined $5 and $4 costs, the fine being suspended on payment of the costs.

Arne Olson of Trail, charged with being drunk and disorderly in a public place, was fined $20 or twenty days, the penalty being suspended on condition that he refrain in future from drinking to excess.

Prowler Track Team Places 3d in Dragon Relays at Moorhead

Coach Quentin Jones' Prowler track squad made a surprisingly strong showing at the Dragon Relays held at Moorhead on Saturday, with the blue-and-gold scoring 18 points for third place in the Class A team totals. The Fargo high school Midgets, with 35½ points won first place; with the Moorhead Spuds in second place with 19½ points; and the Prowlers a solid third place with 18 points.

According to the Prowler mentor, the locals would probably have gained second place in the team totals if high-jumper Dick Odegaard, who was ill, had been able to compete. The chief Prowler point-getters on Saturday were Art Johnson, with a first place in the discus throw; Evan Jones with a second place in the mile run, being runner-up to Moorhead's famed miler, Rudy Arechigo; Bob Helgeland a fourth in the discus; Joey Poole a third place in the pole vault and a fifth place in the low hurdles; and Mercil with a fourth in the mile run and Guttu with a tie for fourth in the pole vault.

This week, on Saturday, coach Jones plans to take a car-load of Prowler trackmen to Fargo for the Bison Relays. Expected to be in the group competing at Fargo will be Art Johnson, Bob Helgeland, Lyle Guttu, and couple others. On May 14th, Friday, the Prowlers will compete in the Beaver Relays at Bemidji; and on May 21st, Friday, the 31st district track and field tournament will be held at Grand Forks.

Bee-Cees Women's Bowling Champs

The Bee-Cees, women's bowling team, won the championship of the Women's City League, which completed its schedule April 21, followed last week by the annual banquet at which awards were presented. The team compiled an excellent record during the season's play, winning 58 games and losing 26. Shown in the picture, left to right, are Bess Lang, team captain; Marj Tegtmeier, Jean Hanson, Joan DuChamp, Norma Jean Looker and Lyda Evenstad.

Sportsmen of Area Discuss Legislation

Men from Thruout This Section of Minnesota Assemble Tuesday Night

A big majority of the twenty-two sportsmen's clubs that are members of the Northwestern Minnesota Association of Conservation Clubs had representatives at the district meeting held here Tuesday night. The gathering, which was under the sponsorship of the Minnesota Conservation Federation, was called for the purpose of discussing conservation legislation analysis. Joe A. Harren of Red Lake Falls, president of the Northwestern Minnesota Association, presided.

The meeting, which was one of ten regional meetings being conducted by the Minnesota Conservation throughout the state, was lengthy and among the topics that were brought up for discussion were the Department of Conservation; soils and soil conservation; water resources; forest resources; wildlife, game and fish; human resources; recreation and aesthetics; research; and education. The meeting passed a number of motions and resolutions pertaining to these various categories.

Cliff Sakry, secretary of the Minnesota Conservation Federation, outlined the purposes of these regional meetings: to protect the dedicated game-and-fish fund; support conservation-minded candidates in the next election; gather state-wide opinion on conservation for educative and legislative purposes; raise a fund for the employment of a full-time legislative conservation lobby; prepare and distribute, on a weekly basis, a conservation report to all of the state's sportsmen's clubs; and present to the legislature a well-rounded and carefully-considered conservation program.

Trap Shooters to Organize League

All Persons Interested Asked to Meet Tuesday

At a meting at the Golf Club Wednesday night, Cal Jackson of Duluth, Remington Arms Co. representative, explained to a group of local sportsmen the procedures to be followed in organizing a trap-shooting league.

Much enthusiasm for such a program was registered by those present and preliminary steps to form a league were taken. An organization meeting will be held Tuesday night at 8 o'clock in the basement of the auditorium to which all persons interested in trap shooting are invited.

Fank Binkel, active in sponsoring organized trap shooting, stated that there will be at least six teams in the league this year and possibly eight. A shooting scedule that he and Erling Torgerson have worked out and which will be presented for consideration at the meeting Tuesday, calls for a league opening on Thursday evening, May 20. Prior to that time all team members will be required to shoot a preliminary round of 25 to establish their handicap.

The traps will be open for shooting tonight and also tomorrow night, Thursday, from 5:00 o'clock on. Prospective team members may shoot their qualifying round to establish their handicap in either of these evenings.

Men's Bowling Assn. Elects Burke as Head

In a well-attended gathering at the Elks Club on Monday night, the Men's City Bowling association conducted its annual banquet and meeting. The election of officers for the 1954-55 season found Art Burke being chosen president of the association, succeeding Doug Tegtmeier; Jesse DuChamp and Arnold Kelly were elected directors for a two-year term (Phil LeGault and Art Langseth are hold-over directors; and Ambrose Wysoski was unanimously re-elected to the position of secretary-treasurer.

With Doug Tegtmeier presiding as master of ceremonies, the Association presented championship awards to the league champions and trophies to the second and third place winners in the various leagues, and individual trophies to the high-average bowler in each team.

Winning league championship trophies were the Ace Hardware in the Service League; the Northern Chevrolet in the Business League; the St. Hilaire Saints in the Commercial League; and the Smiley team in the City League.

High School Baseball

Coach Ralph Skjod's Prowler baseball team, after opening the season with a 11 to 0 win over Goodridge here on April 26th, has been forced to postpone a pair of games, against Alvarado and Goodridge, because of inclement weather.

According to present plans, the schedule will be resumed on Thursday night, May 6th, at 8:00 p. m. when coach Skjod takes his squad to Red Lake Falls for an important game against the Eagles. On Monday, May 10th, at 4:15 p. m. on the Fair Grounds diamond, coach Dick Lawrence's Bagley team will meet the Prowlers.

In spite of the fact that the Prowlers lost a number of their players from last year's district championship club by graduation, notably LeRoy Aasland and Duane Rafteseth, pitchers, coach Skjod has come up with another well-balanced team this year. It's well worth the time, and the trip to Red Lake Falls or the Fair Grounds, to watch the boys play.

It Was Championship Bowling

Wally DuChamp and Del Harbott, the two finalists in the city singles bowling tournament, treated the fans to a championship brand of bowling when they met in their finals match on the Pla-Mor alleys last Wednesday night.

They opened their six-game total-pins match on allys one and two, and after the opening block of three games, Del, with his right-handed hook breaking into the one-three pocket consistently, held a 13-pin lead, having a 619 total to Wally's 606 total. In the first three games, Wally racked up fifteen strikes and didn't have a blow; while Del also had fifteen strikes, but had one blow, that coming in the first frame of the opening game.

The two finalists slacked off on their 200-plus bowling in the last three games, and that was to be expected, and they finished a 571 for Wally and a 541 for Del. Well, Wally knew that he had been in a battle.

The Week's Best Catch

Saturday and Sunday were the opening days of the brook trout and sucker spearing season, but the cold weather, the snow, the wind, the rain, and the other types of disagreeable weather that prevailed kept most of the city's anglers in town. We did see a creel-ful of brook trout on Saturday night, though, and the fellow who battled the elements and the muddy roads to get in a day's fishing was Leo Pahlen. Leo came into town about eight o'clock on Saturday night, and when he stated that he had been out trout fishing and that he had caught nine brookies, he was challenged to put up or shut up.

Leo opened the trunk of his car, pulled out his fishing creel, and there, packed in snow, was nine fine brook trout, with a couple of 12-inchers in the string.

He was immediately subjected to questioning and cross-examination as to where he was able to make such a catch. Leo was very shifty and evasive in his answers, and by nimble foot-work he escaped without telling the location of his brook trout site. Knowing that Leo is partial to the Clearwater river, especially in the vicinity of Pinewood, we have an inkling that those trout came out of the Clearwater river.

To Settle a Wager

To settle a small wager between Swede Lund and St. Hilaire's Connie Swanson, pertaining to the scoring records of the Thieves during the recent Northwest Hockey league, we investigated the scorebook for the past year. Checking into the game scores, Swede Lund, Paul Bedard, and Bud Brossoit scored fifteen goals; while the Bill Robinson, Church Russell, and Darryl Lund line scored twenty goals. Well, Connie, I guess you collect; and with your winnings you should buy a couple of tickets for the St. Hilaire baseball team raffle.

Miscellany

Howie Hap Casmey, the popular and capable athletic coach of the Plummer Cardinals, has resigned his position at Plummer to accept the principalship of the Lake Bronson high school. Hap stated that he intended to keep his hand on the coaching reins up there by handling the Lake Bronson basketball team. Incidentally, Casmey's leaving Plummer will leave the Plummer golf championship "wide open," with Emil Larson and Wally DuChamp expected to engage in a bitter all-summer duel for Hap's vacated title.—The Penticton V's defeated the *Winnipeg Maroons, 5 to 2, in* the final game of the Western Canada Allan Cup hockey playdowns last Wednesday night, winning the series three games to two with three games tied. This week, on Monday night, the V's opened the Allan Cup finals against the Sudbury, Ontario, Wolves, and they lost the opener, 2 to 1. The finals series, as was the Western Canada finals, are being played in British Columbia. The nickname V's, which the Penticton carries, is derived from the peach varities that are grown in the Okanagan valley, with the valiant, victory, and vedette peaches lending their V's.

W. DuChamp Noses out Harbott for City Bowling Title

Wins Championship in Close Series on Pla-Mor Alleys Last Wednesday

In a match that was in doubt until the tenth frame of the sixth and final game of the series, Wally DuChamp defeated Del Harbott, 1177 to 1060, in a six-game total-pins match in the finals of the city singles bowling tournament that was concluded at the Pla-Mor alleys last Wednesday night. In a match to decide third place in the tourney standings, Phil LeGault, rolling a 1135-pin aggregate, defeated Jesse DuChamp, who totaled 1085 pins.

In the championship finals, Del Harbott, rolling games of 221-181-217 for a 619 total and at a 206-pin per game average, picked up a 13-pin lead over Wally DuChamp at the halfway mark of the match. Bowling on alleys one and two, DuChamp hit the pins for scores of 225-202-179, for a 606 total.

Moving over to alleys three and four, Wally DuChamp racked up a 202 score to Harbott's 188, to take a 1-pin lead; and in the fifth game of the match, DuChamp rolled a 182 while Harbott chalked up a 181, giving DuChamp a two-pin margin as the bowlers entered the sixth game.

Wally DuChamp held a seven-pin lead entering the tenth frame of the sixth game, and then racked up three straight strikes to post a 187, while Harbott came in with a 172 game.

The scores.

DuChamp 225-202-179-202-182-187—1177
Harbott 221-181-217-188-181-172—1060

Red Lake Indians Ask for $100 Payments

The Red Lake band of Chippewa Indians asked Congress Wednesday to authorize payment of $100 to each of its 3,000 members and Rep. Harold C. Hagen predicted they would get the money.

Hagen and Roger Jourdain, representing the Red Lake Tribal Business Assn., appeared before a House Interior Subcommittee. They said the per capita payments are needed because of unemployment on the reservation and lack of income for clothing and housing repairs.

The subcommittee scheduled another session on the request late this week, when the Bureau of Indian Affairs plans to renew its perennial opposition to granting special payments.

The funds would come, as other per capita grants have in recent years, from the proceeds of timber and sawmill operations on the Red Lake reservation. The federal government is trustee for the fund, which now totals some $650,000.

Identical bills to authorize the $50 payments, totaling about $150,000, were introduced last summer by Hagen and Senator Thye (R-Minn.). The Senate has taken no action.

An Indian Affairs Bureau spokesman said the government takes the position that the Indians' funds in the treasury should be retained as protection for the band when the lumbering operation ends. This is expected within two or three years, although there is a possibility the operation may be continued beyond that time through contracting for timber from non-Indian-owned land after Red Lake resources are exhausted.

Frequent per capita payments to relieve a constantly tight economic situation in the reservation has drained off large sums of money from the Red Lake fund in the treasury.

Band Benefit in Goodridge May 13

The Singing Marines, a group of five vocalists, will appear at the Goodridge school Thursday evening, May 13, at 8 o'clock, Supt. David Brown announced, adding that the program is sponsored by the school for the benefit of the band.

Presented by the University of Minnesota Program Service, the Singing Marines have gained a wide reputation for being one of the best musical acts in show business.

The group presents special arrangements of popular operetta and musical comedy numbers, as well as stirring patriotic and marching songs.

The Indians, the government and Congress appear to be agreed that some long-range plans for building a healthy reservation economy is needed but they cannot agree who has the responsibility for drawing up such a plan.

Thye Sees Proper Use of Surplus as Benefit to Nation

Senator Introduces Bill to Remove Surplus Farm Products from Market

Senator Edward J. Thye of Minnesota has introduced a bill in the Senate to provide for transfer of portions of surplus agricultural commodities to voluntary agencies for distribution in friendly countries.

In a statement accompanying introduction of the measure, Senator Thye said that there are three foreign channels for use of surplus in farm production in this country; namely commercial export markets, sale of surpluses outside of these channels with acceptance of local currency for re-investment in the purchasing countries, and distribution of surpluses largely through church relief organizations, refugee organizations, CARE, CROP, and other similar organizations.

"In some years we will still have unused surpluses on our hands after we have exhausted all disposals under the two commercial means, and we will need to use our remaining surpluses to distribute to the needy people of our allies and friends," Senator Thye said. "By this means wastage of these surpluses can be avoided, goodwill can be created, and profitable new markets for the future can be opened up. My bill is intended to supply this third channel of distribution of surpluses."

Senator Thye pointed out that since the nation must always have sufficient plantings of food and fiber to meet its needs, it is inevitable that in some years, when all factors are favorable including such an uncertain one as the weather, there will be surpluses.

"We must realize," he said, "that this great continued abundance of our food and fiber—this even full flow from our farms of the means of high standards of living—is one of the greatest factors in our nation's greatness and of its leadership in the world. Let us not for once look upon it as a curse, but as one of the greatest blessings sent to a troubled, hungry world."

St. Paul Student Wins with Essay on Conservation

William Arthur Robert 16, St. Paul, Monroe high school student, was named as the top winner in the 11th annual conservation essay contest, sponsored by the Minnesota Federation of Women's Clubs it was announced today by Mrs. Ole Aune, Underwood, conservation chairman. More than 7,700 papers were written on the subject "Our Mineral Wealth" in 186 Minnesota high schools entered in the competition which opened January 11 and closed April 9.

The twenty district winners will receive a weeks vacation at Douglas Lodge, Itasca state park in June as a reward for their efforts. Included are: District 9 — Wilburn Nelson, Roosevelt Park High School, Fergus Falls; Mary Lou Vanderbeek, Central High School, Crookston.

Henry A. Wallace Advises Against Rigid Price Props

One-time Democratic Agriculture Secretary Sees Continuing Surplus

Henry Wallace, originator of the ever-normal granary program, thinks farmers ought to "face the economic facts of life" and stop demanding continued price supports at from 90 to 100 per cent of parity.

Writing in the current issue of the New Republic the former Democratic secretary of agriculture said that in the long run, particularly in the case of corn, the ever-normal granary "can be sustained only by a flexible-support price program."

Flexible supports, which move downward when supplies are too plentiful and upward when more output is wanted, have been endorsed by the Eisenhower administration.

"Useful as the word 'parity' was in the early '30's when farm products were far below parity, I have never believed that governmental power could be used for long in time of peace and normal weather to insure prices at 100 per cent or 90 per cent or even 85 per cent of parity," Wallace wrote.

Elaborating on a theme he followed in a speech in Des Moines, Iowa, early this year, Wallace said he is fearful farmers themselves may destroy the farm legislative machinery "by asking it to do work for which it never was designed."

"It would be a great disaster," he added, "if the ever normal granary were converted into an abnormal granary by loans completely out of line with the weather and the market."

For the next 10 years, Wallace said, worldwide supply and demand forces "are loaded against the farmer."

No matter how great American gifts abroad, how much acreage of basic crops is reduced, or how successful the nation is in keeping full employment at high wages, he said, "It would seem difficult if not impossible to maintain farm purchasing power in terms of commodities above 85 per cent of parity."

THERE MUST BE CONTROLS

The administration has asked Congress for authority to sell or give to foreign nations a billion dollars worth of our farm surpluses. Broader authority was requested too to dispose of these surpluses here at home, especially those commodities that are perishable, and several dairy products come under this classification.

In the meantime the uncontrolled production of dairy products keeps right on growing. It is estimated that in Wisconsin production increases in recent months are more than offsetting price decreases, and that probably is true in all dairy states.

Dairy products are the only perishable farm commodities for which there are price supports but no production controls, and that points up the fact that controls will have to come before the industry can be established on a sound basis.

That is why the industry should act now in its own defense. It should decide for itself how these controls should be imposed, and many believe it would be in the best interests of the industry if it did its own regulating rather than be regulated by a government agency. It should not be necessary for the industry to fail completely before it finally strikes out to save itself.

OUR WEAKNESS AT GENEVA

The Geneva conference was called primarily to consider the possibilities of agreeing on a permanent peace in Korea, but it has turned out to be a conference on the problems of Indo-China. This change is understandable. When the Geneva meeting was agreed to, Indo-China was not a particularly hot spot. Then suddenly Dien Bien Phu became top news and a threat to world peace. And so as long as Korea is not erupting and Indo-China might be, trying to get Indo-China under control first makes sense.

It so happens however that our side is at a disadvantage in this argument. We are doing all we can to strengthen the position of the French government because we need French agreement to a defense pact in Europe. In supporting the French position in Indo-China we find ourselves on the side of Colonialism and that is not a popular side to be on in Asia.

In Korea we fought for the independence of an Asiatic nation and had the support other free Asiatic nations. In Indo-China our assistance to the French is costing us important support in India.

In these cross-currents it isn't easy to steer a straight course and for once there is disagreement and lack of unity among the nations on our side of the argument. That of course makes it easier for the opposition.

We resolved Sunday to take a firm position against the kind of weather we were having. Blizzard conditions in the month of May should not be tolerated. But after listening to the Monday evening radio reports about the weather in other parts of the country we weren't nearly as unhappy as we had been. In Oklahoma there had been 30 twisters Sunday, resulting in 94 persons dead or injured and a million dollars worth of property destroyed. And we didn't have to reach out as far as Oklahoma to find weather worse than ours. Within a hundred miles of us snow was piled up 18 inches deep and traffic at a standstill. We are not complaining. We think May has been a wonderful month.

IT IS WRITTEN

It is written that once upon a time a man cried because he had no shoes, until he met a man who had no feet.

Here in dairyland we have troubles, but others have troubles too. There is the coal mining industry for instance. The dairy industry has its oleo. The mining industry has its oil.

While there are no government price supports for coal, coal prices are maintained at a high level by a very effective system of controls.

Coal prices are maintained at high levels to give the mine workers a living wage. All agree the mine worker should have a living wage. Even the consumers of fuel agree that the mine workers should have a living wage.

But the consumers of fuel think more of their own interests than they do of the interests of the mine workers. They buy what they believe to be the best value. They think in terms of their own costs and conveniences. And so more and more they have turned to lower cost or more convenient substitutes.

As more and more substitutes are used less coal is mined and fewer mine workers are employed. Coal is being priced out of the market.

Coal is a very sick industry.

Comic books are getting prominent mention as a leading cause of juvenile delinquency, and the charges are not being made by crack-pot critics. A congressional investigation has directed attention to the evil influence of some of these thrill dispensers, and the examples cited offer convincing proof that some of them provide anything but wholesome entertainment. Some of the examples are unbelieveably bad.

Dr. Greene, city health officer, has designated this week as official clean-up week and this is one call that always gets a favorable response in Thief River Falls. Ours is a city of well kept yards and streets and alleys. It always is a pleasure to show visitors around and hear comments about neatness and the generally well groomed appearance of the city. Official clean-up week ends Monday night but actually it doesn't end at all and keeps right on all summer.

By a unanimous vote the House last week passed the new defense appropriation bill, making nearly 27 billion dollars available for the year starting July 1. That is a lot of money, but it is nearly six billions less than what was appropriated for this year and that is a very substantial saving. A decrease of six billions in the government's spending is going to be felt in the national economy. It will mean that many people will have to find new jobs for instance. During the process of adjustment there will be some hardship. That is one of the results of the end of fighting. Our problem is to figure out how to have prosperity without having a war.

in "Go"

Ford's new 130 h.p. Y-block V-8 is the most modern in the automobile industry . . . the only V-8 in the low-price field! And Ford's 115-h.p. I-block Six is the industry's newest Six. Both of these engines give you the smoothest, savingest performance you've ever experienced.

in looks

You'll see more Fords parked in front of the finest homes and country clubs than any other car in its field. One reason is that many people who have owned the costliest cars realize that Ford offers the same beauty, quality and distinction—and for a far more practical price.

in ride

Ford is unsurpassed in riding comfort or ease of handling. A big reason is Ford's new Ball-Joint Front Suspension . . . which allows more total up and down front wheel travel for a smoother ride . . . keeps front wheels in line longer . . . so handling stays easy longer.

in resale value

Surveys show Ford cars return more of their original cost when they are sold than any competitive make. So a Ford car costs you less to own.

in SALES

Over the latest seven month period covered by available figures, Ford has been the nation's best seller. That's because Ford has proved that it offers the most . . . in engineering advancements — in trend-setting styling—in value! Ford is America's best seller because it's America's best buy!

FLY-FRONTS FAVORED IN TOPCOAT FIELD

The single-breasted model wins out against double-breasted styles. It is estimated that about 65 percent of the single-breasteds sold will be of the button-through variety, with approximately 35 percent of the men buying topcoats preferring the fly-front. Heaviest favor for fly-fronts is found in the South.

Wool's softness, its ability to drape and hang superbly, and utility of the woolen weaves—whether in rugged tweed or smooth, suave gabardine—give wool a virtual monopoly in the topcoat field.

THEY'RE GUARANTEED TO BLUR AND FADE!

Usually, color-fastness is a virtue. If colors "run" when a fabric is washed, it's cause for complaint and your money back. But, in the India print madras sportshirts and walk-shorts made by a leading manufacturer, colors are guaranteed to "bleed," or run together.

Their beauty is increased rather than lessened when the pattern outlines become blurred and fade into each other.
